# American Railroad Journal.

**Saturday, April 7, 1877.**

### Financial and Commercial Affairs.

Preparations for April interest and dividend disbursements and trade liquidations have tended to stimulate the demand for Money and to strengthen rates for accommodation, at least temporarily, though at the advanced figures the requirements of responsible borrowers have been very promptly met, and the promise is of an early return to the easy working of the market on a lower basis as to rates. Call loans have been generally quoted at 2@6, to the leading dealers in Government securities at 2@3, and to prominent street borrowers at 3@5 per cent as the ruling figures; with very choice to prime mercantile credits rated at 3½@6 per cent per annum. The City banks, last week, reported a decrease in their specie and legal tender reserves, and in their deposits, with a slight increase in other averages. The loan and discount average was enlarged $138,500. The item of circulation $65,700. The deposits were reduced $2,081,100, and the legal tender reserve $98 000. The specie average was again diminished $2,200,400.

The City banks reported their average of gold last week at $20,190,800, as against $21,171,100 same date last year; and their greenback average at $44,356,000, as against $44,718,500 on April 2, 1876. Their deposits stood at $219,788,900, against $211,561,100 same time in 1876. The loan item was $259,828,700 against $261,851,200 a year ago.

The City bank net reserve of specie and legal tender notes now shows an excess over the legal requirement of reserve to liabilities of $9,612,075, as against $11,890,200 the preceding week, and

$24,781,800 on January 27 (which latter was the highest aggregate reached this year.) The City bank exchanges in currency reached $338,067,949, or a daily average of $56,344,658.

The aggregate of the outstanding U. S. currency of all denominations, April 1, was $386,568,464. The outstanding amount of legal tender notes is $362,721,296. The National bank circulation is now $318,405,482 of currency notes and $1,428,920 of national gold bank notes.

National Bank notes received at the Treasury Department last week for redemption were to the amount of $3,973,000.

The U. S. Sub-Treasury in this city closed the week with a currency balance of $42,667,181, against $44,017,735, the preceding week; and a coin board of $73,179,011 against $72,808,974 on the previous return. The Customs revenue of the port during the week was $1,807,000.

The U. S. Sub-Treasury receipts in March were $42,008,741 (of which $8,986,131 from customs); payments, $43,187,048, (of which $3,794,610 of coin interest.)

The total disbursements of the National Treasury in March (other than on account of the interest or principal of the public debt) were $12,197,581, viz: on account of civil and miscellaneous, $4,608,313 99; war, $2 712,459 13: navy, $1,325,905 42; interior (Indians and pensions), $3,550,902 71.

The income of the Government from internal revenues last week was about three millions, and since July 1, 1876, about 87 millions; and from Customs last week about 2½ millions, and since July 1, 1876, about 98 millions.

On Tuesday of this week the cash balances of the Treasury Department at Washington at the close of the day were: of Currency $8,184,884; special deposit of legal tenders for the redemption of certificates of deposit, $35,155,000; Coin, $86,818,286, including of Coin certificates, $48,279,400.

Gold has been quoted higher, but variable, under somewhat freer speculative operations. The Customs call has been moderate. The export drain limited. The extremes of the price during the week have been 104¾@105⅜, closing on Wednesday at 105, as against 104¾ on Wednesday of the preceding week. The lowest point yet touched was 104¼, on Friday, March 2d. The specie outflow last week was only $92,500, (of which $50,000 in silver bars to Liverpool, $22,000 in the same form to Hamburgh and $10,000 in gold coin to Puerto Cabello, and $10,000 in gold manufactures to Panama,) making the total exports of specie hence since January 1, $3,436,105 against $12,938 837, the same time in the preceding year. The imports of specie at this port last week were up to $684,824, (of which $489,083 in silver bars from Liverpool, and $194,430 in gold coin from Havre,) and since January 1st $5,396,089 as against $1,399,458 same time last year. The Customs demand for gold last week averaged $301,167 per day. Foreign Exchange has been offered quite sparingly, and quoted stronger, with more inquiry noted. Bankers' sixty day bills on London closed on Wednesday at $4 84¼@$4 85; sight bills on London at $4 86¼@$4 87 to the £ sterling. The week's exports of Domestic Produce have been to the currency value of $3,901,319 against $4,596,059 same week last year. The week's imports of Dry Goods and general merchandise were to the specie value of $8,023,983 as against $7,447,171 the corresponding week of 1876.

Government securities have been in moderately active demand, on investment account, with prices quoted variable, influenced in part by the changes in the Gold premium. At the close the market was quite firm, leaving off on Wednesday as follows:

United States currency sixes, 123⅛@123½; do. 6s, 1881, registered, 111¾@112; do. coupon, 112½@112¾; do. 1865, registered, 105½@106, Ex Int.; do. coupon, 108⅝@108⅞; do. new, registered, 108⅝@108⅞; do. coupon, 108⅝@108⅞; do. 1867, registered, 111⅝@111¾; do. coupon, 111⅝@111¾; do. 1868, registered, 113¼@113¾; do. coupon, 113¼@113¾; do. ten-forties registered, 110¾@111; do. coupon, 111¼@111¾; do. five-twenties, 1881, registered, 110⅝@110¾; do. coupon, 110⅝@110¾; do. 4½ per cents, 1891, registered, 106⅜@106½; Central Pacific Gold Bonds, 105¾@106⅛.

The liquidation of the national indebtedness in March was $14,107,016, making the total reduction since June 30, 1876, $24,765,218. The large diminution of the debt in March arises mainly from the cancellation and destruction of the balance of the 5 per cent. bonds of the funded loan of 1881, held in trust for the payment of the awards made by the Court of Commissioners of Alabama Claims, as provided by the fifteenth section of the act of June 23, 1874, viz: $7,150,000, balance of the original investment of $15,500,000, and $2,403,800, representing accrued interest thereon.

The amount of U. S. bonds held by the Treasurer of the United States, as security for the National Bank circulation, is $340,123,600, and $19,323,000 as security for public deposits.

The week's import entries of Foreign Merchandise at New York included $1,940,648 of Dry Goods and $6,083,335 of General Merchandise.

State and Railway bonds have been in fair request, and the more substantial loans have been quoted generally quite firm as to values, in most instances. And in the line of Railway and Miscellaneous share property the week's business has been quite extensive, but the temper of the speculation has been decidedly bearish, leading to more or less of financial embarrassment and difficulty, and one or two important suspensions.

General business has shown a moderate degree of animation, with the more important kinds of domestic produce inquired for, to a fair extent, partly on export account. Values, however, have been variable, leaving off more firmly. The Easter holiday observances checked operations.

Metals have been moderately sought after, with Eglinton Pig Iron quoted at $24 75@$25; Glengarnock $26; Coltness $26 50@$27; No. 1 American Pig at $18 50@$20; No. 2 do. at $18@$19; Forge $17 50@$18; American Rails at works $35 50@$38 50; Old Rails $18@$19. Wrought Scrap $26@$27. Of Steel Rails, further sales were reported of 3,000 tons on the basis of about $50@$51 at the mills. Ingot Copper quiet, and quoted at 19⅛@19⅜.

A fair demand was noted for Hardware on a firm basis as to values. Boots and Shoes have continued in good request, seasonable goods ruling firm. Dry Goods have been depressed and unsettled.

Ocean freights have been quoted low and generally weak as to rates, on, however, a somewhat freer movement. Liverpool steamer rates at the close for Grain 4d. per standard bushel and 4½d. per 60lbs. Provisions, 15s.@20s.; Tallow, 15s.; Oil Cake, 12s. 6d.@15s.; Leather, 25s. per ton; Cotton, ½d. per lb.; Apples, 8s. per bbl, Liverpool, by sail. Cotton, ½d.; Grain, nominal. Oil Cake. 10s. Measurement Goods at 12s. 6d. Grain rates on charter hence for Cork and orders 4s. 6d.@5s.; for the Continent, 5s.@5s. 3d.; and from Baltimore for Cork and orders, 5s.@5s. 3d. per quarter. Refined Petroleum hence for Cork and orders, 3s. 4½d @3s. 9d.; for the Continent, 3s. @4s. 3d. per bbl. Provisions on through freight account, by rail and steam, from Chicago, for Liverpool, now quoted at 42@45cts. per 100lb.

The following quotations of sales of Railway and other securities are in addition to those given elsewhere in our columns:—

### Panama Railroad.

The following gentlemen were elected directors of the Panama Railroad Company on the 2d inst.: John R. Marshall, T. W. Park, Frederick Butterfield, Charles G. Francklyn, John P. Jones, Joseph Ogden, Samuel C. Thompson, Andrew Boardman, H. H. Baxter, George A. Hoyt, J. G. McCullough, William P. Clyde and John M. Burke. At a meeting of the new Board of Directors on the 3d inst., the following report of the Executive Committee was submitted:

STATEMENT FOR THE LAST SIX MONTHS.

| | | |
|---|---|---|
| Receipts for New York business | | $468,681 22 |
| Receipts in London | | 243,608 21 |
| Receipts on the Isthmus and miscellaneous | | 134,679 50 |
| Interest on bonds | $105,000 | |
| Subsidy to United States of Colombia | 125,000 | |
| Operating expenses | 161,000 | |
| | | 391,000 00 |
| Net | | $455,968 93 |

The foregoing are the net receipts for the current six months ending March 31, 1877, based upon official returns for October, November, and December, nearly complete returns for January and February, and estimating the business for March, the net earnings being at the rate of 13 per cent. per annum.

### Erie Railway.

The report of Mr. Hugh J. Jewett, Receiver of the Erie Railway Company, for the month of January, 1877, was filed in the County Clerk's office on the 31st ult. From this it appears that the balance of cash on hand December 31, 1876, was $282,403 37. The receipts for January were $2,450,455 28, the disbursements $2,150,709 58, and the balance on hand January 31, 1877, $299,745 70. The aggregate of the Receiver's certificates which have been issued amounts to $5,778,315 26, and the aggregate of such, paid and cancelled, amounts to $4,144,635 56, leaving outstanding on January 31, 1877, certificates amounting to $1,633,679 70. The increase in Receiver's certificates during the month of January was $382,205 55. On consent of counsel in various actions against the Erie Railway Company Judge Larremore, in Supreme Court, Chambers, granted an order on the 31st ult. giving Hugh J. Jewett, receiver, authority to compromise and settle the suit pending in London, in which he, as receiver, is plaintiff, and the London Banking Company (limited) defendant.

☞ At Fremont, Ohio, on the 30th of March James D. Lea, of Sandusky, was appointed by the Court of Common Pleas of Erie County, Ohio, Judge Finnefrock presiding, Receiver of the Cincinnati, Sandusky and Cleveland Railroad. On the following day the Receiver appointed Rush R. Sloane General manager. Mr. Sloane appointed William H. Brimson General Superintendent, and B. J. Gregg Master Mechanic. Edward Chapman, it is stated, will be the Treasurer. All the conductors have been discharged, and the old-time conductors under Mr. Sloane's former management reinstated.

☞ At a meeting of the stockholders of the International and Great Northern Railroad, held at Galveston, Texas, on the 3d inst., the following Directors for the ensuing year were elected: Samuel Sloan, Moses Taylor, John S. Barnes, T. W. Pearsall, and Jacob S. Wetmore, of New York; R. S. Hayes, H. M. Hoxie, James A. Baker, D. H. Smith, and Ira H. Evans, of Texas. In the directory meeting the following officers were elected: Samuel Sloan, President; R. S. Hayes, Vice President; D. H. Smith, Treasurer; Jacob S. Wetmore, Assistant Treasurer, and Ira H. Evans, Secretary.

☞ The Panama Railroad Company have received a formal notice from the Colombian Minister of Finance that it must, within six months, proceed to carry out its contract to prolong the road to one of the islands in Panama Bay where there is safe anchorage for large ships.

☞ The Comptroller of the State of New York commenced on the 2d inst. the payment of $2,165,543 71 of the principal of the general fund debt. There will be outstanding after this payment but $800,000, which is not due until July 1, 1878.

☞ The Governor of Virginia has vetoed the bill authorizing the lease of the James River and Kanawha Canal to Mason & Co.

### Railroads of Texas.

Messrs, Forster, Ludlow & Co., Bankers, 7 Wall Street, New York, in their Circular for the month of April, 1877, say :

In Railroad mortgages very little was done until the news arrived here about an application for a Receiver for the Houston and Texas Central Railroad by Messrs. Wm. E. Dodge, John I. Blair and others. The importance of the matter to all Texas and to the bondholders of the road in general, induces us to go into the matter more fully.

It was well known in Texas that the principal owners of the International and Houston and Great Northern Roads were anxious to consolidate with the Texas Central Road, for the purpose of getting the management of the trunk lines of Texas into one hand. It is also known that the Texas Central Railroad Company opposed this consolidation to the utmost; but having large amounts of its floating debt held by capitalists in New York and principally by the International Railroad people, the protest of some small amount of Texas Central Railroad paper was made the pretext for an application for a Receiver by the President, Mr. Wm. E. Dodge (who is also largely interested in the International Road) for himself and others, without any warning whatever to others interested in the road. Of course the application failed, as it ought to have done; and Texans have the satisfaction to know that this purpose of "wrecking" one of the best Railroad properties in the South has been frustrated through the timely aid of Mr. Charles Morgan, of New York, who has bought up, it is stated, three-fifths of the capital stock of the Texas Central, besides holding a large amount of the first mortgage bonds.

The scheme to absorb this road was well laid, but very poorly executed. The plan to have a Receiver appointed, to fund coupons two or three years ahead, and pay off meanwhile so-called "Receiver's Certificates," otherwise the floating debt, out of the earnings of the Road, is emphatically a dishonest way of making a large profit; a way now so well understood that it is nearly played out North, and has to be tried perhaps in Texas; but as yet it has failed. We cannot hide our satisfaction at the discomfiture of men, who, on account of their money-bags, try to bring ruin and desolation upon investors in the bonds and obligations of the Texas Central Railroad, by the freezing-out process, generally successful by unscrupulous capital; but the day of reckoning comes sooner or later, nay, has already partially come to the "International" and "Great Northern" Railroad people.

For the present a continuance of 30 days has been granted by the courts, on motion of the complainants in the bill, so as to give Mr. Morgan time to pay off the floating debt now due.

The debt of the Houston and Texas Central Railroad Company is as follows :

| | |
|---|---|
| 1st Mortgage 7 per cent. Gold bonds, $20,000 per mile, interest payable January and July, and principal in 1903 | $10,000,000 |
| 2nd Mortgage bonds, Consolidated 8 per cents., Currency | 2,700,000 |
| Floating debt, estimated | 3,000,000 |
| | $15,700,000 |

The earnings of the road for the year 1876 were, gross, $3,162,518 22 : operating and other expenses, $1,888,196 89 ; leaving $1,277,322 33 against $1 143,935 65 for 1875, and $1,256,626 15 for 1874 for net earnings, with first charges on bonded debt of $950,000.

While we are very glad that this attempt to put the road in the hands of a Receiver has failed, we must state that the management is not what it ought to be ; ugly rumors of "rings" and "shaving shops" are currently talked of. There is a leakage somewhere; whether it is incapacity or dishonesty, or both combined, we know not; but we do know that the Texas Central Railroad, in capable and honest hands, is the finest Railroad property in the South. Let bondholders not be frightened out of their holdings; the bonds are very good indeed if the road is properly managed; and we opine that certain parties don't want anything better than to buy the first mortgage bonds at 60-65 cts., as was the case when the news was first brought here.

The market for the bonds is at present unsettled. After selling as low as 65cts., the bonds reached to 80-86 cts., and are held at present at that figure ; the 2ds are dull at 64 65 cts., coupon on.

The International and Houston and Great Northern Railroad Company have issued a circular regarding the interest falling due on their bonds during the year.

This company owns $960,000 of its first mortgage bonds issued against the sixty miles of railroad recently completed to Austin, by the sale of which it was anticipated that the debt contracted in building this necessary piece of road would be paid, and the net earnings of the past year, which have gone into construction, would be replaced, and be available for the payment of the interest falling due the current year.

The company, however, find it impossible at this time to dispose of these bonds at any reasonable figure, although they are considered intrinsically good, the road being in good order and having demonstrated its ability to earn the interest upon them.

It is proposed, therefore, that the holders of coupons falling due April 1st and October 1st, 1877, upon the International first mortgage bonds, and of coupons falling due July 1st, 1877, and January 1st, 1878, upon the Houston and Great Northern first mortgage bonds, shall have the right to exchange the same for the first mortgage bonds now held by the company at par, in sums of $1,000, differences to be adjusted by the company, using scrip also receivable at par for said bonds. It is believed that this arrangement will enable holders of coupons who do not desire to take the bonds to obtain a fair price for their coupons, as they fall due, from purchasers who may desire to avail of this exchange.

The company will receive said coupons, also its first mortgage funded interest certificates, in payment for the lands of the company, at par.

The net earnings of the company were $619,000 during 1876. The total amount of first mortgage bonds issued is $8,308,000 upon which annual interest is $581,560. The company's statement of assets and liabilities, exclusive of funded debt, is :

Assets.

| | |
|---|---|
| First mortgage bonds | $960,000 |
| 8,600 shares in Texas Land Company (whole capital stock 10,000 shares) : | |
| The Texas Land Company own, of subsidy land | 1,822,720 acres. |
| Land on line of road | 165,000 acres. |
| | 1,987,720 acres. |
| Also | 6,122 town lots. |
| The company also own under the International R. R. land grant, free from taxation | 3,073,230 acres. |
| Also, in the capital stock of the Galveston, Houston and Henderson Railroad Company, 2,863 shares, par value | $286,300 |
| Also, in city and county bonds | 103,100 |

Liabilities.

| | |
|---|---|
| The floating debt of the company amounts to, exclusive of interest on funded debt accruing on and after April 1st | $653,722 88 |

Galveston, Houston and Henderson 1st 7s are dull and neglected ; the attempt to bull the bonds has failed. We quote the market at 77 cts, but are confident that offerings of 50 bonds would break the market 5 cts.

Galveston, Harrisburg and San Antonio 6s are firm at 85 cts., with good demand from parties who buy for permanent investments.

Texas Western Narrow Gauge 7s are offered at 75 cts., with 50 bid for small lots ; having issued $10,000 to the mile, the bid of 50 cts. brings this bond to a fair value.

### Pacific Mail Steamship Co.

The following is a comparative statement of the financial condition of the Pacific Mail Steamship Company on the 31st of May, 1876, and the 31st of January, 1877 :

Liabilities.

| | May 31, 1876. | Jan. 31, 1877. |

| Due from G. R. Dibbs & Co | .... .... | 8,525 88 |
| Due from Australian Government | .... .... | 25,000 00 |
| Total | $228,842 57 | $441,527 36 |
| Debts after deducting cash assets | $2,003,078 79 | $1,081,249 35 |

The coal supplies and stores on hand exceed in value at present prices $600,000.

☞ The Quicksilver Mining Company's report, just issued, shows the production for 1876 to have increased more than 50 per cent over 1875. The cash assets at the close of the year were $550,000, more than enough to extinguish the entire indebtedness of the company. The net earnings for 1876 were $381,007 96, or nearly 4 per cent on the entire capital stock of the company. Three hundred thousand dollars was used in the payment of second mortgage bonds, leaving unpaid and outstanding $400,000.

## American Railroad Journal.

**New York, Saturday, April 14, 1877.**

### Allegheny Valley Railroad.

At the annual meeting of the stockholders of the Allegheny Valley Railroad Company, held in Pittsburg on the 10th inst., the following gentlemen were elected directors: John Scott, Pittsburgh; Thomas A. Scott, Geo. B. Roberts, S. M. Felton, A. J. Cassatt, H. M. Phillips, Philadelphia; Wm. M. Lyon, B. F. Jones, D. A. Stewart, Pittsburg.

From the report which was presented it appears that the gross earnings for the year 1876, on the River Division were $1,917,560 18, and the net earnings $927,741 06; on the Low Grade Division the gross earnings were $628,636 70, and the net earnings $347,358 56; and on the Sligo Branch the gross earnings were $38,580 29, and the net earnings $24,834 49—making the total gross earnings $2,584,777 12, the total expenses $1,284,848 01, and the total net earnings $1,299,934 11. The ratio of expenses to earnings in 1876 was 49.79 per cent, against 58.97 per cent in 1875.

During the year $168,060 05 were expended for permanent improvements on the road, $1,166,006 64 for interest on mortgage bonds, and $100,000 for principal of second mortgage bonds Low Grade Division, leaving a deficit of $134,132 58.

The contributions by the Pennsylvania, the Philadelphia and Erie, and Northern Central Railway Companies under the contract of October 2d, 1874, pertaining to the settlement and funding of the floating debt, amounted, during the year, to $133,591 34, and were applied to payment of the interest on the income bonds having the contribution memorandum.

The company have 17 passenger, 45 freight and 12 switching engines, 81 first and second-class passenger coaches, 10 baggage and mail cars, 2,006 freight cars, and a pay and director's car.

A meeting of the directors for the election of officers will be held on the 25th instant.

### Lake Erie and Louisville Railroad.

The Lake Erie and Louisville Railroad, extending from Fremont, Ohio, to St. Mary's in Mercer County, which was recently sold under foreclosure, has been reorganized by the election of the following directors: J. H. Burgoon, W. H. Andrews, C. O. Tillotson, and A. H. Miller, of Fremont, O.; Hon. Chas. Foster, Fostoria, O.; A. B. Williams, of Cincinnati, O.; C. S. Brice, of Lima, O.; H. R. Baltzer, A. H. Hedgswick, Adrian Iselin, Jr., E. Livingston, and C. M. Taylor, of New York. The officers are: James B. Hodgskin, President; Hon. Charles Foster, Vice President; J. H. Burgoon, General Superintendent; W. H. Andrews, Secretary and Treasurer, and C. S. Brice, Attorney. It is intended to extend the road in a westerly or southwesterly direction.

### St. Joseph and Pacific Railroad.

Meetings of the stockholders of the St. Joseph and Pacific and Kansas and Nebraska Railroad companies were held at Elwood, Kansas, on the 29th and 30th of March, and articles of consolidation were adopted. The whole road will in the future be under one management. The following Directors were elected: Jose F. Navarro, R. W. Donnell, H. H. Butterworth, Chas. W. Hassler, Wm. Bond, Alfred Mitchell and Louis Fitzgerald, of New York; E. J. C. Atterbury, of Trenton, N. J.; F. W. Huidekoper, of Meadville, Pa.; Albe M. Saxton, of St. Joseph, Mo.; E. N. Morrill, of Hiawatha, Kan.; J. D. Brumbaugh, of Marysville, Kan., and E. Knowles of Sabetha, Kan. The capital stock is $10,000,000, consisting of 100,000 shares. The first regular annual meeting will be held in June, 1878. The road will pass out of the hands of the Receiver. The local management will remain the same as at present.

### Philadelphia and Reading Railroad.

The amount of interest and floating debt of the Philadelphia and Reading Railroad Company, the postponement of which is arranged for by the plan lately submitted by the company, is as follows:

| | | |
|---|---|---|
| General mortgage bonds.. | $19,686,000 | |
| Half interest for 8 years,... | | 1,771,740 |
| Improvement bonds,..... | 9,364,000 | |
| Half interest for 3 years,.. | | 842,760 |
| Debenture bonds,..... | 11,666,300 | |
| All interest for five years..... | | 4,083,205 |
| Floating debt, 90 per cent, various periods, about..... | | 7,425,000 |
| Total ..... | | $14,122,705 |

The first mortgage bonds amount to $5,673,500, on which the annual interest is $360,930, and the consolidated or second lien bonds to $18,617,000, on which the interest is $1,223,510; interest on these two classes of bonds the company purposes paying in full. It is also stated that interest on the Philadelphia and Reading Coal and Iron Company's first and second mortgage bonds will be paid in full.

☞ A. A. Wells, of Iowa Falls, Iowa, has been elected President of the recently organized Iowa Falls, Belmond and Minnesota Railroad Company. The capital stock is fixed at $100,000, in shares of $25 each. It is proposed to build a road from Iowa Falls to Belmond, in Wright county, about 30 miles. The route is feasible, and the grades easy. A preliminary survey will be made at once.

☞ The Polk County Railroad company has been incorporated to build a railroad from some point on the Spartanburg and Asheville Railroad to Columbus, N. C., a distance of ten miles.

### Northern Central Railway.

At the Annual Meeting of the Stockholders of the Northern Central Railway Company, held in Baltimore on the 23d of February, the following report of the directors was presented and adopted:

OFFICE OF NORTHERN CENTRAL RAILWAY CO., BALTIMORE, February 23, 1877.

*To the Stockholders of the Northern Central Railway Company:*

Your directors submit the following report of the operations of the company for the year ending December 31st, 1876.

The revenue of your main line, with its leased and controlled roads, was as follows:

| | |
|---|---|
| From passengers | $931,782 92 |
| " freight | 3,230,288 32 |
| " express | 69,098 15 |
| " mails | 45,337 96 |
| " miscellaneous | 93,418 15 |
| Total | $4,369,925 50 |

And the operating expenses were:

| | | |
|---|---|---|
| For conducting transportation | $954,925 60 | |
| For motive power | 858,727 40 | |
| For maintenance of way | 872,703 59 | |
| For maintenance of cars | 271,621 15 | |
| For general expenses | 78,508 07 | |
| | | 3,036,485 81 |
| Leaving as net earnings | | $1,333,439 69 |

In comparison with the year 1875, there was a decrease in the gross earnings of $556,322 22, equal to 11.29 per cent.; and a decrease in the operating expenses of $325,637 87, equal to 9.69 per cent. The decrease in the net earnings was $230,684 35, or 14.75 per cent.

The operating expenses were 69.48 per cent. of the gross earnings, which in comparison with 1875, shows an increase of 1.23 per cent.

The above is a comparison of the earnings and expenses of the years 1875 and 1876, as taken from the books of the company. In order to arrive at a correct comparison, however, it must be stated that several changes in the accounts were made and put into effect on the 1st of January, 1876, which materially affect the above results. The changes referred to were made with a view to adopting what was thought to be a more correct system of keeping the accounts. They were as follows:

Drawbacks and overcharges were heretofore charged to expenses. By the new system they are deducted from the earnings.

Heretofore the entire amount of car service earned by this company's cars on foreign roads was credited to earnings, and the entire amount of car service paid out by this company for use on its lines of cars belonging to other companies, was charged to expenses. By the new system a balance is struck, which balance is either charged to expenses or credited to earnings, as the case may be.

Again, rents paid for property used by the company, and interest on mortgages and ground rents, have heretofore been charged to operating expenses. These items are now included in the treasurer's account, being debited to the annual income account.

Interest on valuation of equipment owned by this company and used on leased lines has heretofore been charged as an expense of operating those lines. It is now charged against the income account of such leased lines.

The reason for making these changes is obvious, the intention being to charge to operating expenses only the actual cost of working the line, and to credit to earnings the actual amounts earned, after deducting all rebates and overcharges. These changes affect the above comparative results as follows: The gross earnings instead of showing a decrease of $556,322 22 as compared with 1875, were only actually reduced $347,263 22, so that the decrease, instead of being 11.29 per cent, was 7.05 per cent. Again, the operating expenses, instead of showing a decrease of $325,637 87, would have shown a decrease of $79,862 70, if the accounts of the two years had been kept in the same manner. The treasurer's account was increased on the debit side by the changes referred to, $36,716 17.

It will be understood of course, that these changes do not affect the final net balance.

| | | |
|---|---|---|
| In addition to the net earnings as above stated, of | | $1,333,439 69 |
| There was received from dividends and interest | | 59,632 00 |
| And contribution for operating Elmira, Chemung, and Canandaigua Divisions, (from Pennsylvania Railroad Company,) | | 56,487 82 |
| Total | | $1,449,559 51 |
| Which has been applied as follows: | | |
| Interest on lien in favor of State of Maryland, and upon all other mortgage indebtedness, including consolidated general mortgage, and exclusive of the interest on the second general mortgage hereinaftar particularized | $621,870 00 | |
| Interest on $1,000,000 second general mortgage, 6 per cent. convertible bonds | 60,000 00 | |
| Interest on $3,000,000 second general mortgage, 5 p. c. bds. (Of this amount $125,500 has been paid on amount exchanged to December 31st, 1876, and the balance, $24,500, reserved by the treasurer to meet the interest as remainder are exchanged; a large portion of which balance has been adjusted to Feb. 15th). | 150,000 00 | |
| Interest, discount, gold premium, taxes, &c. | 65,960 29 | |
| Rents and interest on mortgages and ground rents | 36,716 17 | |
| Rental Shamokin Valley and Pottsville R. R. | 52,167 00 | |
| Interest on equipment Shamokin Valley and Pottsville R. R. | 10,426 21 | |
| Rental Elmira and Williamsport R. R. | 165,000 00 | |
| Interest on equipment Elmira and Williamsport R. R. | 33,977 26 | |
| Dividends Chemung R. R | 1,659 00 | |
| Interest on equipment Chemung R. R. | 12,118 28 | |
| Rental Elmira, Jefferson, and Canandaigua R. R | 25,000 00 | |
| Interest on equipment Elmira, Jefferson and Canandaigua R. R. | 25,239 33 | |
| | | 1,260,133 54 |
| Balance for 1876 | | $189,425 97 |

It will be seen from the foregoing statement that notwithstanding the unexampled depression in business during the past year, the net earnings of the company, amounting to $1,449,559 51, have exceeded the interest charges upon its total mortgage indebtedness and leases.

This statement exhibits the actual result of the operations of your lines for the year 1876, but in addition to the working expenses above reported, there was incurred in pursuance of the policy adopted last year and fully set forth in the last report, an additional expenditure of $205,889 81 in betterments to your property, as follows:

| | |
|---|---|
| For new sidings on Elmira Division | $17,023 01 |
| For connections with the Tioga and Elmira and State Line R. R. | 16,850 10 |
| For new passenger station, Watkins | 7,931 61 |
| For new coal platform at Ralston | 4,719 32 |
| For new turntable at Watkins | 2,059 34 |
| For new machinery for Elmira shops. | 2,124 43 |
| For new sand and oil house at Baltimore | 4,612 00 |
| | $54,819 81 |
| To which should be added the increased expense of laying 7,551 tons of steel rails to replace worn out iron rails taken out of the track. The difference in the cost of iron and steel rails at the time the contracts were made was $20 per ton, making an increased expenditure for this betterment, of | 151,020 00 |
| Total | $205,839 81 |

While this amount was expended solely for the improvement of your property, all the items of which would by many railway companies be charged to capital account, your board has preferred to adopt the more conservative policy of charging them against the net income of the company. They are reported here in separate items merely for your information, and in order that a correct understanding of the actual results may be had.

The amount to credit of profit and loss, December 31st, 1875, was $368,217 61, from which deduct dividend of three per cent. on the capital stock—amounting to $175,257—paid in April, 1876, out of the income of the company to December 31st, 1875, leaves a balance of $102,960 61

Add net income for year 1876 189,425 97

$382,386 58

Deduct extraordinary expenses above given 205,839 81

Balance to credit of profit and loss, December 31, 1876 $176,546 77

While the above statement shows a balance of earnings equal to a dividend of three per cent. upon the capital stock, your board does not deem it wise to make a dividend, believing it to be more prudent to hold the existing balance in reserve.

Although the expectations of your board have not been realized in the results of the past year, they are able to state to you that, notwithstanding the continued and increased depression in all departments of trade which prevailed during the entire year, especially in those branches upon which the traffic of your lines so largely depend—coal, iron, and lumber—you enter upon the new year with your property greatly improved in its condition in all branches of the service, in its earning capacity, and in its capability of more economical movement of the traffic.

It will be observed that the bills payable of the company on December 31st, 1876, shows an increase of $878,901 61 over the same item on December 31st, 1875. This increase was mainly made to meet the following payments: For construction account—being amount expended in completing the improvements at Canton, $421,889 19; for equipment account—being instalments paid on the purchase of one thousand coal cars, $200,000; for purchase of real estate in the City of Baltimore, $88,480 73; for purchase of the bonds of the Tioga Railroad Company, $100,000; for purchase of traffic bonds, under agreement, $18,995 14.

The company has assets and securities on hand, that may be sold, amounting at the present depressed market value, to $643,000; and real estate in the City of Baltimore, not required for railway purposes, estimated at market rates at $180,000. Your board asks for the continuation of the authority to dispose of these assets, and to

apply the proceeds to reduction of the indebtedness of the company. The company, has in reserve one million consolidated general mortgage bonds, and one million second general mortgage bonds, for the purposes of this company. Your board sees no necessity in the immediate future for any expenditures for construction and equipment, your property now having a transportation capacity sufficient to meet all demands that will probably be made upon it for some years to come.

The following tables exhibit the sources of revenue and expenses of the several lines of the company in the year 1876, compared with those for 1875:

| Receipts from— | Main Line. | Green Spg. Br. | Sham. Div. | Elmira Div. | Chem. Div. | Canand. Div. | Total. |
|---|---|---|---|---|---|---|---|
| Freight | $2,025,511 83 | $6,081 20 | $252,908 34 | $448,020 87 | $170,765 75 | $332,005 83 | $3,280,288 82 |
| Passengers | 580,768 83 | 2,223 87 | 26,077 04 | 166,325 48 | 65,995 81 | 90,391 89 | 931,782 92 |

| Expenses in— | | | | | | | |
| Conducting transp | $550,795 79 | $1,653 66 | $47,287 83 | $172,224 65 | $61,658 67 | $129,286 61 | $962,857 21 |
| Motive power | 541,782 13 | 4,612 79 | 34,011 02 | 152,521 07 | 48,671 58 | 93 693 90 | 872,242 49 |
| Maintenance of cars | 258,562 05 | 1 02 | 1,622 31 | 11,040 93 | 1,648 59 | 8,746 25 | 271,621 15 |
| Maintenance of way | 686,074 89 | 5,810 61 | 62,297 18 | 204,078 81 | 57,556 14 | 92,279 57 | 1,057,096 70 |
| General expenses | 66,946 56 | 57 14 | 9,281 68 | 1,281 57 | 328 27 | 662 90 | 78,508 07 |
| Total | $2,018,110 92 | $12,135 22 | $151,449 97 | $541,097 03 | $169,868 25 | $319,669 23 | $3,242,325 62 |
| Same period last year | 2,092,681 75 | 34,161 94 | 204,728 72 | 518,588 59 | 164,932 75 | 362,101 93 | 3,362,123 68 |
| Decrease | $44,550 83 | $22,026 72 | $53,276 75 | Inc. $27,558 44 | Inc. $4,417 12 | $42,432 70 | $119,798 06 |

The above statement includes the extraordinary expenses, amounting to $205,839 81.

The total number of passengers carried was as follows:

| | 1876. | 1875. |
|---|---|---|
| Northern Central Railway | 1,302,331 | 1,102,497 |
| Green Spring Branch | 20,231 | 11,916 |
| Shamokin Railroad | 71,003 | 82,182 |
| Elmira Railroad | 165,013 | 116,919 |
| Chemung Railroad | 203,346 | 150,800 |
| Canandaigua Railroad | 141,721 | 103,872 |
| Total | 1,903,645 | 1,568,186 |

Net increase, 335,459, or 21.39 per cent.

PASSENGERS ONE MILE.

| | 1876. | 1875. |
|---|---|---|
| Northern Central Railway | 27,222,495 | 19,743,159 |
| Green Spring Branch | 105,064 | 56,758 |
| Shamokin Railroad | 853,924 | 933,000 |
| Elmira Railroad | 7,912,457 | 4,320,387 |
| Chemung Railroad | 3,070,725 | 2,268,513 |
| Canandaigua Railroad | 4,236,421 | 2,507,506 |
| Total | 43,401,086 | 29,829,323 |

Net increase, 13,571,763, or 45.50 per cent.

The amount received for the transportation of passengers in 1876 .... $931,782 92
The amount received for the transportation of passengers in 1875 .... 816,006 21
Increase .... $115,776 71
—or 14.19 per cent.

It will be observed that with an increase of 21.4 per cent in the total number of passengers carried there was an increase of 45.5 per cent in the passenger mileage; while the earnings from passengers increased but 14.2 per cent, and the average earnings per passenger per mile decreased 22 per cent.

This large increase in the number of passengers carried, and the still greater increase in the passenger mileage, was owing to the travel to and from the International Exhibition at Philadelphia. The comparatively small increase in passenger earnings was owing to two causes, viz: The decreased rates on regular through travel which prevailed during the greater part of last year, and the low rates at which a large part of the travel to and from the Exhibition was carried.

Tabular statement of the average earnings and expenses per passenger per mile on the Northern Central Railway, and lines controlled by it, for the year 1876.

| Name of Road. | Average cost of transporting each passenger per mile. | Average earnings from transporting each passenger per mile. | Profit or loss from transporting each passenger per mile. | Length of road. |
|---|---|---|---|---|
| Northern Central R'y— | | | | |
| Baltimore Div. | 2.455 | 2.155 | L 0.300 | 91 |
| Susquehanna Div. | 1.480 | 2.097 | P 0.617 | 47 |
| Main Line | 2.096 | 2.133 | P 0.037 | 138 |
| Green Spring Branch | 7.634 | 2.117 | L 5.517 | 9 |
| Shamokin Division | 3.848 | 3.053 | L 0.795 | 28 |
| Elmira Division | 1.881 | 2.102 | P 0.221 | 78 |
| Chemung Division | 1.800 | 2.149 | P 0.349 | 22 |
| Canandaigua Division | 2.321 | 2.134 | L 0.187 | 47 |
| Total average | 2.105 | 2.146 | P 0.041 | |

In the above calculation of average cost, etc., extraordinary expenses, amounting to $58,527 63, are included.

The number of tons of freight moved was as follows:

| | 1876. | 1875. |
|---|---|---|
| Northern Central Railway | 2,575,474 | 2,760,192 |
| Green Spring Branch | 15,226 | 36,145 |
| Shamokin Railroad | 688 700 | 912,028 |
| Elmira Railroad | 598,310 | 547,242 |
| Chemung Railroad | 964,600 | 838,696 |
| Canandaigua Railroad | 741,714 | 699,337 |
| Total | 5,579,024 | 5,798,635 |

Net decrease, 214,611, or 3.70 per cent.

TONS ONE MILE.

| | 1876. | 1875. |
|---|---|---|
| Northern Central R'y | 157,481,565 | 166,552,942 |

| Chemung Railroad | 18,285,681 | 16 356,856 |
| Canandaigua Railroad | 27,836,235 | 21,896,312 |
| Total | 253,552,485 | 258,540,557 |

Net decrease, 4,988,072, or 1.93 per cent.

Tabular statement of the average earnings and expenses per ton of freight per mile on the Northern Central Railway and lines controlled by it, for the year 1876.

| Name of Road. | Average cost of transporting each ton of freight per mile. | Average earnings from transporting each ton of freight per mile. | Profit from transporting each ton of freight per mile. | Length of road. |
|---|---|---|---|---|
| Northern Central R'y— | | | | |
| Baltimore Division | 1.376 | 1.462 | 0.086 | 91 |
| Susquehanna Div | 0.512 | 1.115 | 0.603 | 47 |
| Main Line | 0.938 | 1.286 | 0.348 | 138 |
| Green Spring Branch | 3.496 | 5.167 | 1.671 | 9 |
| Shamokin Division | 0.901 | 1.922 | 1.021 | 28 |
| Elmira Division | 1.070 | 1.208 | 0.138 | 78 |
| Chemung Division | 0.627 | 0.934 | 0.307 | 22 |
| Canandaigua Division | 0.795 | 1.193 | 0.398 | 47 |
| Total average | 0.918 | 1.274 | 0.556 | |

In the above calculation of average cost, etc., the extraordinary expenses, amounting to $147,312 18, are included.

The earnings per mile of road were as follows:

| | | | |
|---|---|---|---|
| Northern Central Railway— | | | |
| Baltimore Division | 91 | miles, | $17,850 21 |
| Susquehanna Division | 47 | " | 24,487 98 |
| Main Line | 138 | " | 20,093 87 |
| Green Spring Branch | 9 | " | 996 45 |
| Shamokin Division | 28 | " | 10,031 61 |
| Elmira Division | 78 | " | 8,119 44 |
| Chemung Division | 22 | " | 10,984 51 |
| Canandaigua Division | 47 | " | 9,194 51 |

The tonnage of the main line of the Northern Central Railway was decreased 184,718 tons, with a decrease in earnings of $338,146 64. On the Shamokin Railroad the decrease in tonnage was 223,823 tons, decrease in earnings, $125,188 11. On Elmira Railroad, increase in tonnage, 46,068 tons, decrease in earnings, $48,670 64. On Chemung Railroad, increase in tonnage, 125,904 tons, increase in earnings, $2,277 52. On Canandaigua Railroad, increase in tonnage, 42,377 tons, increase in earnings, $49,992 69. On Green Spring Branch, decrease in tonnage, 20,919 tons, decrease in earnings, $6,739 08.

The total number of tons and tonnage mileage, and the revenue derived from the same, on all lines of the company were:

| | Tons. | Money. | Tons 1 mile. | Rate per ton per mile. |
|---|---|---|---|---|
| 1876 | 5 579,024 | $3,280,288 32 | 258 552,585 | 1.274 |
| 1875 | 5,798,635 | 3,691,762 48 | 258,540,557 | 1.433 |
| Dec. | 214,611 | $461,474 16 | 4,988,072 | .159 |

The coal tonnage of the Northern Central Railway in 1875 was 1,077,121 tons, and in 1876, 832,172 tons. There was a decrease in the trade going on to the Pennsylvania Railroad at Marysville and Dauphin of 215,626 tons. There was a

decrease of 6,790 tons to points on the Cumberland Valley Railroad. The total tonnage to Baltimore was 261,385 tons, a decrease of 6,550 tons in 1876.

The coal tonnage of the Shamokin Branch in 1876 was 587,274 tons, in 1875, 788,034 tons—showing a decrease of 200,760 tons.

The coal tonnage of the Elmira and Williamsport Railroad in 1876 was 377,522 tons, and in 1875, 338,938 tons—an increase of 38,584 tons. The increase from the McIntyre Mines, near Ralston, was 37,397 tons. In the north-bound anthracite trade there was a decrease of 28,059 tons.

The coal tonnage of the Chemung Railroad was increased from 645,125 tons in 1875, to 740,756 tons in 1876—a total increase of 95,631 tons. The increase from the Blossburg region was 79,359 tons, and the coal trade from this company's lines, and from the Lehigh Valley Railroad, was increased 16,272 tons.

On the Canandaigua Railroad the coal tonnage of 1875 was 516,809 tons, in 1876, 552,651 tons—an increase of 35,842 tons. There was a decrease of 92,708 tons in shipments to Coal Point, at Watkins, New York, and an increase of 128,550 tons in shipments to other stations.

On the Green Spring Branch the coal tonnage of 1875 was 12,014 tons, in 1876, 8,886 tons—a decrease of 3,128 tons.

From the foregoing statistics of the traffic of your lines it will be seen that the reduction in tonnage and revenue therefrom was mainly on coal, but there was also a falling off in all articles used in the manufacture of iron, and in the lumber trade. The entire loss of tonnage and revenue was, in fact, in the local traffic, there having been an actual increase in all competitive traffic, both in tonnage and revenue. This fact shows that a moderate revival of the general business of the country will restore the traffic of your lines, with profitable results to the shareholders. The increase in competitive traffic is largely due to the additional facilities provided at Baltimore for handling it.

The grain elevator at Canton was completed and put in operation on the 1st of November last. The board, after a careful consideration of the subject, and believing that the elevator could be worked to a better advantage if placed in the hands of private parties than if operated under the direct management of the company, made a satisfactory working arrangement with Messrs. Israel M. Parr & Son, for many years engaged in the grain trade of Baltimore. By this arrangement, your company will derive a revenue that, in its minimum, will be equal to the interest on the cost of the elevator, and all taxes and insurance pertaining thereto, as well as enjoy the advantages of its facilities for an increasing traffic to and from foreign and domestic ports.

The extensive coal wharf at Canton, completed in the early part of the year, provided the necessary transfer facilities for the coal shipped over your lines to tide water at Baltimore, and will enable your company to share in the transportation of the large coal tonnage seeking that port.

The warehouse for rolling freight at Canton was also completed and put in use. It is intended for handling freight to and from sea going vessels.

During the year the Western Maryland Railroad Co. completed the terminal improvements on its property in Baltimore, purchased for that purpose, and ceased to make use of the depots and terminal facilities of this company. The trains of the Western Maryland Railroad Co. have been passed over your tracks and those of the Baltimore and Potomac Railroad Co. between its terminus and its junction with the latter road south of the Baltimore and Potomac tunnel, with great regularity and without any interference with the movement of your traffic. The trackage collected upon the passenger and freight traffic of the Western Maryland Railroad must be a continued and growing source of income to your company, while the advantages to the former company of access to a central terminus in Baltimore, upon reasonable terms, is of great importance to it and to the public using the road.

During the past year, $100,000 of the bonds of the Tioga Railroad Co. were purchased by this company under agreement, as stated in report of your board for 1875. The contemplated extension of the line of the Tioga company to a connection with the Elmira line of this company, at a point about two miles south of Elmira, has been completed and opened for business. It is believed that the traffic from this new connection will be a valuable one, especially to the lines controlled by this company running northward to Watkins and Canandaigua.

In accordance with the plan proposed in the last report, and approved by the shareholders at the annual meeting held February 24, 1876, a second general mortgage upon all the property of this company, to secure the issue of $5,000,000 of bonds has been created, dated January 1, 1876, due January 1, 1926. Of this amount $3,000,000 were appropriated to be exchanged for a like amount of the 7 per cent. income bonds of this company, $1,000,000 to be exchanged for a like amount of the 7 per cent. convertible income bonds, and the remaining million of dollars reserved for the future wants of the company, and to be issued only under the authority of the stockholders.

Under the above terms the $1,000,000 of 7 per cent. convertible income bonds due April 1, 1880, have been exchanged for a like amount of six per cent. convertible second mortgage bonds due January 1, 1926. Of the seven per cent. income bonds, $2,756,000 have been exchanged up to the 15th of February for a like amount of the five per cent. second mortgage bonds, due January 1, 1926, leaving a balance of $244,000 yet to be exchanged.

The saving in your annual interest account by the exchanges already made, as above stated, amounts to $65,120, and when the exchanges are completed there will be a total saving of $70,000 per annum, and the principal of the obligations not maturing for fifty years.

Attention is called to the report of the General Manager herewith submitted, which gives a detailed account of the operations of the transportation department during the year. A marked improvement has been made in the condition of the track, special attention having been given by your officers to this important subject.

Your motive power and car equipment were also greatly improved in condition and efficiency by the building of new locomotives and cars to replace an equal number worn out, and by the maintenance of the equipment in service in thorough repair. Your property, in all its branches, was, in fact, never in so good condition as at present.

Accompanying this report will be found the statements of the Treasurer, showing the income and expenditure for 1876, and the general financial condition of the company.

The board desires to acknowledge the zeal and skill exhibited by the officers and employees of your lines in the operations of the past year. The remarkable freedom from accident to passenger and freight trains during the year, is especially gratifying.

All of which is respectfully submitted.

By order of the Board of Directors.

THOMAS A. SCOTT, President.

---

☞ Col. Thomas H. Carter has been elected by the Virginia Legislature Railroad Commissioner, under a law recently passed and approved by the Governor. This officer is elected for two years, is to receive a salary of $3,000 a year, and have a clerk to be paid $1,500. He and his clerk will ride free over the railroads, and the railroad companies will pay his salary and that of his clerk, together with all the expenses of the department, each company in proportion to its gross income. His duties are: to supervise charges on railroads, their condition, and the manner in which they are operated in reference to public comfort and security.

---

### Baltimore and Cumberland Valley Railroad.

Mr. J. M. Hood, president of the Western Maryland Railroad Company, was before the internal improvements committee of the Baltimore Board of Trade, on Saturday, in reference to the proposed railroad extension from Smithsburg, on the line of the Western Maryland, through Waynesboro', Franklin county, Pa., to Chambersburg, in the same county, a distance of 21 miles. This project has been on foot for some time, and the route has been surveyed and decided upon. Chambersburg, an important town on the Cumberland Valley railroad, will be 99 miles from Baltimore by the new road, and the trade from that section is expected to be an important item in the business of the Western Maryland railroad. The road can be built for $12,000 a mile, or a total of about $240,000. Mr. Hood, knowing the scrutiny which new railroad enterprises receive at this juncture, decided to lay the project before the business boards of Baltimore and give them the opportunity of passing upon its merits before asking support from capitalists. The matter will also be presented to the directors of the Corn and Flour Exchange. It is stated that one half of the required amount will be raised in the section the railroad will traverse, and the remainder secured in Baltimore. The work will be prosecuted with vigor.—*Balt. Sun, Apl.* 9.

---

### The Royal Land Company of Virginia.

NARROW GAUGE RAILROAD FROM FREDERICKSBURG TO ORANGE COURT HOUSE.

The Baltimore *Sun*, in noticing the formal opening on the 4th inst., of the narrow gauge railroad of "The Royal Land Co.," recently completed between Fredericksburg and Orange Court House, of which L. D. Karns is President and Joseph G. Beale General Manager, says:

It is the first narrow gauge railroad which has been built south of Pennsylvania, and some details concerning it are of particular interest in Maryland, where similar projects are entertained. First, it should be stated that the Royal Land Company is a stock concern composed largely if not wholly of Pennsylvania capitalists. They own 210,000 acres of coal fields in the corners of Rockingham and Augusta counties, in what is known as the Shenandoah mountains, on the eastern spurs of the Alleganies or Apalachian chain of mountains. They have also iron and other mineral lands of great prospective value. The great object and reliance, however, is the coal, which is anthracite. Their narrow gauge road is three feet, as against 4 feet 8½ inches of the standard gauge railroads of the country. The cost of construction two-fifths to three-fifths of standard gauge roads, which is a great item, and the cost of operations is relatively in proportion, which is a still greater item.

The road from Fredericksburg runs through Spottsylvania county and the famous Wilderness, in which so many thousands of lives were lost in the memorable struggles between the armies of Lee and Grant during the late war, and through the fertile red lands of Orange county, where hillsides and valleys are under more extensive cultivation now than for many years, as is noticeably the case in all parts of Virginia at this time. The line of the road is due west from Fredericksburg. So far about thirty-eight miles are in operation, completed. The rolling stock is built by the Jackson & Sharp Company, at Wilmington, comprising cars with double rows of seats, as in standard gauge coaches, and on the same models, only of much reduced size. The engines are also smaller, and of course of far less first cost.

In addition to the counties of Spottsylvania and Orange it is proposed to carry the road westward through Greene or Madison, Rockingham and Augusta, to the coal fields, and ultimately to West Virginia. Narrow gauge roads are particularly adapted to mountainous country, which is also an

element of their cheapness in construction. The maximum grades of the Royal Land Company's road, as run by the engineer, Col. Carter M. Braxton, are 90 feet east of Orange and 100 feet over the Blue Ridge, crossing Swift Run Gap 65 miles from Orange to Harrisonburg, and 20 miles thence to the coal fields. From Fredericksburg east it is proposed to extend the line to Mathias Point, on the Potomac river, 20 miles, for a deep water coal harbor.

In order to reach Wicomico river the three neck counties of Westmoreland, King George and Northumberland propose to subscribe the sum of $150,000 among them to be placed on deposit and paid down to the Land Company when the road reaches Wicomico river. When fully completed the line will have 120 miles of road from the coal fields to the Potomac. The right of way has been bought or easily acquired. The course is due east and west, and the line nearly straight. So far the company have issued no bonds and have paid cash for work done and none of the stock is on the market. For the future the fullest preparations have been made. The company say they intend to set an example to the new Virginia, and present one industry at least in the State unincumbered with debt.

### Pennsylvania Railroad.

The following are the dividends made by the Pennsylvania Railroad Company since 1856, and the price of the stock each January since 1850, as reported on the stock books of D. M. Robinson & Co., Philadelphia:

DIVIDENDS.

| | | | |
|---|---|---|---|
| May, 1856 | 4 per cent | Nov., 1856 | 4 per cent |
| May, 1857 | 4 " | Nov., 1857 | No divid'd |
| May, 1858 | 3 " | Nov., 1858 | 3 per cent |

☞ Nearly $15,000 of the $25,000 required to construct the Manchester, N. H., Street Railway has already been subscribed.

### Santa Cruz Railroad.

The report of this company for the year ending December 31, 1876, was filed in the office of the Secretary of State of California on the 31st of March. The amount of capital stock authorized is $1,000,000; amount actually paid in, $202 964 81. Expended for the purchase of lands, $26,605 71; for the construction of the road, $414,621 88; for buildings, $16,088 10; for engines, $23,595 01; for cars, $31,050 90. Amount of indebtedness, $180,488 81, as follows: First mortgage bonds, $125,000; interest thereon accrued, $6,700; floating debt, $48,783 31. Amount due the corporation, $15,215 85. Amount received from the transportation of passengers, $24,499 60; property, $12,699 77; mails, $500; express matter, $565 16; other sources, $669 99—total, $38,934 52. Amount of freight carried, 10,289 tons. Total current expenses, $22,812 06. No dividends have been paid. The company owns 2 engine houses, 1 shop, 3 engines, 3 passenger cars, 3 gondolas, 2 baggage and express cars, 23 freight cars, 4 hand cars and 4 push cars.

### California Railway Progress.

The party of gentlemen belonging to the San Francisco press, who went out to the "Front" recently, doubtless witnessed with surprise the rapid progress which has been made on the Colorado Desert by the Southern Pacific Railroad. It is now hardly six months since railway connection was finished between San Francisco and Los Angeles, and yet we are only distant a few weeks from the completion of this great work to Yuma. It has been a Herculean labor, and the energy and outlay which have driven the work forward perforce extort our admiration. It has been done without a dollar of subsidy, and we have already stated that the work will not stop at the Colorado river, but that 140 miles of railroad in Arizona will at once be put under contract. * * * * * Towards the end of April we shall be confronted with the startling fact that the Colorado Desert has been spanned, as its rival, the Mojave, was six months ago. The next great sensation will be, we suppose, the bridging of the Rio Grande by a railway whose terminus was supposed to be, until lately, Yuma, on the Rio Colorado. Verily this railway world moves. At least, the Pacific part of it does.—*Los Angeles Herald, March 27th.*

☞ A certificate of incorporation of the Delphos Southern Narrow Gauge Railroad Company was filed in the office of the Secretary of Ohio on the 6th of April. Capital stock, $500,000, in shares of $50 each. The road begins at Delphos, Ohio, and passes through the counties of Allen, Van Wert, Auglaize, Shelby, Miami and Montgomery to the city of Dayton, where it terminates. The incorporators are: J. W. Hunt, Joseph Boehmer, C. A. Evans, D. L. Williams and S. D. Chambers.

☞ At a meeting of the directors of the Waynesville, Port William and Jeffersonville Narrow-gauge Railroad, held in Washington, Fayette county, Ohio, on the 3d inst., it was resolved to let the contract for building the road on the 25th inst. Proposals for the work are advertised for, to be opened on the above day.

☞ The bonded debt of Jersey City, N. J., as reported by the Comptroller on the 1st of April, was as follows: General bonded debt, $3,926,950; assessment bonded debt, $6 060,500; water bonded debt, $4,750,000; total, $14,737,450. From this is to be deducted $770,000 of sinking fund bonds, leaving a balance of $13,967,450.

### Illinois Central Railroad.

The amount paid by the Illinois Central Railroad Company into the Illinois State Treasury in 1876 was $356,005 58, and since the passage of the act incorporating the company, in 1851, $6 - 976,607 48. The committee of foreign bondholders who have just been over the entire line in company with the officers of the company, express satisfaction with its condition, and confidence in its future. They are satisfied that the true reasons of the decline of the company's business were given in the annual report. On and after May 1st the office of Chief Engineer will be abolished, and the services of the Division Engineers will also be dispensed with. Their offices will be turned over to the Division Superintendents, who will be charged with the duties heretofore performed by the Division Engineers. The Road Supervisors will have to report to the Division Superintendents, and all requisitions for supplies will have to be made upon them.

☞ The Secretary of War, upon the recommendation of Col. W. P. Craighill, engineer in charge, has authorized the expenditure of $85,000, the unallotted balance of an appropriation of $270,000 made by Congress last year for the improvement of the Kanawha River. This, with the sums heretofore appropriated, will aggregate about $600,000, an amount sufficient to complete the docks and dams at Brownstown, Cabin Creek and Paint Creek.

☞ A company has been organized under the name of the Vineland Railroad Company, to operate the railroad from Vineland to Bay Side on the Delaware. The directors are: Jay Gould, President; Thomas Sheridan, John F. Bingham, of New York; William S. Sneden, William G. Miller, Edward P. Miller, John A. Hance, of New Jersey. It is the intention to put the road in working order as soon as possible, making a through connection from Baltimore to New York.

☞ The Milwaukee and Dubuque Railroad Company desire to contract for the completion and equipment of fifteen miles, now nearly graded, from Milwaukee. Ample security can be given for payment when the division is completed. For particulars address J. H. Stearns, Secretary and Chief Engineer, Milwaukee, Wisconsin.

☞ The Gulf, Colorado and Santa Fe Railroad company invite bids from contractors to extend the road two hundred miles, receiving in payment the bonds of the company, secured by a first lien on the entire road, property and franchise of the company. For further information address J. M. Brown, Chairman Executive Committee, Galveston, Texas.

☞ The earnings of the Central Pacific Railroad Company for the month of March, 1877, were $1,242,000, against $1,184,682 in March, 1876, and $1,136,268 in March, 1875. For the three months ending March 31, 1877, the earnings were $3,318,000, against $3,196,225 in 1876, and $3,006,360 in 1875.

☞ About six miles of the track of the Spartanburg and Ashville Railroad out of Spartanburg, S. C., has been laid, and the work is being pushed forward rapidly.

# American Railroad Journal.

**Saturday, April 14, 1877.**

### Financial and Commercial Affairs.

Increasing ease has been the main feature of the local market for Money, the offerings of which have been again very liberal, running much in excess of the urgent wants of borrowers, as well for speculative use, which have been on a moderate scale, as for commercial purposes, thus tending to depress rates. Call loans have been generally quoted at 2@4 per cent; with very choice to strictly prime mercantile credits rated at 3½@5 per cent per annum; on which basis the demand from responsible sources has been very readily met by lenders. The City banks, last week, reported a decrease in their legal tender reserve, as also in their deposits, with an increase in other averages. The loan and discount average was enlarged $868,100. The item of circulation $134,100. The deposits were reduced $1,492,500, and the legal tender reserve $2,098,800. The specie average was augmented to the extent of $1,817,100.

The City banks reported their average of gold last week at $21,507,900, as against $20,836,800 same date last year; and their greenback average at $42,257,200, as against $38,700,400 on April 9, 1876. Their deposits stood at $218,246,400, against $207,893,700 same time in 1876. The loan item was $260,196,800 against $261,786,200 a year ago.

The City bank net reserve of specie and legal tender notes now shows an excess over the legal requirement of reserve to liabilities of $9,208,500, as against $9,612,075 the preceding week, and $24,781,800 on January 27 (which latter was the highest aggregate reached this year.) The City

bank exchanges in currency reached $508,314,088, or a daily average of $83,885,681.

The aggregate of the outstanding U. S. currency of all denominations, April 1, was $386,568,464. The outstanding amount of legal tender notes is $362,656,204. The National bank circulation is now $318,238,963 of currency notes and $1,428,920 of national gold bank notes.

National Bank notes received at the Treasury Department last week for redemption were to the amount of $3,831,000.

The U. S. Sub-Treasury in this city closed the week with a currency balance of $40,637 379, against $42,667,181, the preceding week; and a coin board of $74,869,458 against $73,179,011 on the previous return. The Customs revenue of the port during the past week was $2,137,000.

The income of the Government from internal revenues last week was about 2½ millions, and since July 1, 1876, about 89 millions; and from Customs last week about 2¾ millions, and since July 1, 1876, about 101 millions.

On Wednesday of this week the cash balances of the Treasury Department at Washington were: of Currency $8,955,249; special deposit of legal tenders for the redemption of certificates of deposit, $36,700,000; Coin, $89,228,931, including of Coin certificates, $48,465,000.

Gold has been much stronger and more active, influenced largely by the warlike tenor of the reports and rumors from Europe. The speculative inquiry has been more confident. The export movement has been light, thus far. More call has been noted for Custom house purposes. The extremes of the price during the week have been 104⅞@105⅞, closing on Wednesday at 105⅞, as against 105 on Wednesday of the preceding week. The lowest point yet touched was 104¼, on Friday, March 2d. The specie outflow last week was only $93,000, (of which $45,000 in silver bars and $48,000 in Mexican dollars to London,) making the total exports of specie hence since January 1, $3,528,105 against $18,913 743, the same time in the preceding year. The imports of specie at this port last week were up to $446,798, (of which $314,050 in Gold Coin from Hamburgh, $97,000 in silver bars from Liverpool, and sundry small odd lots from other sources,) and since January 1st $5,842,887 as against $1,447,648 same time last year. The Customs demand for gold last week averaged $356,166 per day. Foreign Exchange has been more active, and quoted much stronger. Bankers' sixty day bills on London closed on Wednesday up to $4 86¼@$4 87; sight bills on London at $4 88¼@$4 89 to the £ sterling, showing an important advance for the week. The week's exports of Domestic Produce have been to the currency value of $5,995,142 against $4,523,402 same week last year. The week's imports of Dry Goods and general merchandise were to the specie value of $6,252,558 as against $7,369,522 the corresponding week of 1876.

The week's import entries of Foreign Merchandise at New York included $1,906,280 of Dry Goods and $4,346,278 of General Merchandise.

The exports of specie from San Francisco in March reached $4,377,639, as against $5,810,969 same month last year.

Government securities have been in more active and more general demand, almost wholly on investment account, with prices quoted higher throughout, influenced mainly by the firmer range of the Gold premium. At the close the market was quoted strong, leaving off on Wednesday as follows:

United States currency sixes, 123⅜@124; do. 6s, 1881, registered, 112½@112¾; do. coupon, 113⅜@118¾; do. 1865, registered, 106¾; do. coupon, 109; do. new, registered, 109¼@109⅜; do. coupon, 109¼@109⅜; do. 1867, registered, 112⅛@112⅜; do. coupon, 112⅛@112⅜; do. 1868, registered, 113¾@114; do. coupon, 113¾@114; do. ten-forties registered, 111⅛@111¾; do. coupon, 112⅛@112⅜; do. five-twenties, 1881, registered, 111½@111¾; do. coupon, 111½@111¾; do. 4½ per cents, 1891, registered, 107¼@107½.

The amount of U. S. bonds held by the Treasurer of the United States, as security for the National Bank circulation, is $340,481,600, and $18,823,000 as security for public deposits.

State and Railway bonds have been attracting more attention, and the more substantial loans have been quoted somewhat firmer. And in the line of Railway and Miscellaneous share property the week's business has been active, but at variable prices throughout, closing rather feverishly.

Wednesday's dealings at the Stock Exchange were unusually heavy, and the market, under the manipulations of operators for a decline, showed extreme depression and irregularity, the shares of the Chicago and Northwestern, Chicago, Rock Island and Pacific, and Delaware, Lackawanna and Western Railroad Companies, and the Delaware and Hudson Canal Company, having been the special objects of attack, and falling very materially in price, the business indicating a decidedly panicky temper.

An active movement has been noted in some branches of general business, the more important kinds of domestic produce having been more sought after partly on export account, and in the instances of Breadstuffs and Provisions quoted stronger. Cotton ruled lower, Petroleum and Naval Stores depressed.

Metals have been in moderate demand, with Eglinton Pig Iron quoted at $24 75@$25; Glengarnock $26; Coltness $26 50@$27; No. 1 American Pig at $19@$21; No. 2 do. at $18@$19; Forge $17 50@$18; American Rails at works $35 50@$38 50; Old Rails $18@$19. Wrought Scrap $26@$27. Of Steel Rails, on the basis of $50@$51 at the mills. Ingot Copper more sought after at 19¼@19⅜.

Hardware has been quite freely purchased and quoted firm. Boots and Shoes have been quite active, seasonable goods meeting with a ready sale at full rates. Dry Goods have been rather moderately sought after, and quoted depressed and unsettled in price.

Ocean freights have been moderately active but quoted weak as to rates, in nearly all instances. Liverpool steamer rates at the close for Grain 4d. per standard bushel. Provisions, 17s. 6d.@22s. 6d.; Tallow, 15s.@22s. 6d.; Oil Cake, 12s. 6d.@15s.; Leather, 25s. per ton; Cotton, ⅛d. per lb.; Apples, 8s. per bbl, Liverpool, by sail. Cotton, ⅛d.; Grain, nominal. Oil Cake, 10s. Measurement Goods at 12s. 6d. Grain rates on charter hence for Cork and orders 4s. 3d.@4s. 9d.; for the Continent, 4s. 9d.@5s. 3d.; and from Baltimore for Cork and orders, 4s. 9d.@5s. 3d. per quarter. Refined Petroleum hence for Cork and orders, 8s. 3d.@8s. 6d.; for the Continent, 2s. 9d. @8s. 10½d. per bbl. Provisions on through freight account, by rail and steam, from Chicago, for Liverpool, quoted at 42cts. per 100lb.

# FISK & HATCH,

## Bankers,

No. 5 Nassau St., New York.

U. S. Government Bonds bought and sold in amounts to suit investors: also, Gold, Silver and foreign coins: Deposits received in Currency or Gold, and interest allowed on Balances: Special attention paid to Investment Orders for Miscellaneous Stocks and Bonds.

**Redemption of Five-twenty Bonds.**

The Secretary of the Treasury on the 5th inst. issued the forty-fifth call for the redemption of five-twenty bonds of 1865—May and November. The call is for $10,000,000, of which $9,500,000 are coupons and $500 000 registered bonds. The principal and interest will be paid at the Treasury on and after the 5th day of July next, and interest will cease on that day. The following are descriptions of the bonds:

Coupon bonds—$500, No. 46,001 to No. 49,800, both inclusive; $1,000, No. 132,001 to No. 141,000, both inclusive.

Registered bonds—$5,000, No. 7,601 to No. 7,764, both inclusive.

☞ The Connecticut River Railroad has taken possession of the Vermont Valley Railroad running from Brattleboro to Bellows Falls, Vt., having leased it of the Valley Company upon its reversion by the decree of United States Court from the old lease to the Central Vermont. The engines and train men of the Connecticut River Company ran to Bellows Falls on the 6th inst.

☞ A charter has been procured for a narrow gauge railroad from Portsmouth through Ironton to Huntington.

**Dissolution of the Gold Exchange.**

The members of the Gold Exchange recently adopted resolutions providing for the early dissolution of that Exchange, and reorganization for business purposes in connection with the new department of the Stock Exchange for dealing in gold, Government bonds, exchange and miscellaneous securities. Under these resolutions the Gold Exchange will cease to exist at the close of April, when, under the lease recently secured by the Stock Board, the rooms occupied by the Gold Exchange will pass to the control of the Stock Exchange.

☞ The directors of the Maine Central R. R. Co., recently elected, are: Abner Coburn, Skowhegan; Darius Alden, Augusta; John B. Brown, Portland; Arthur Sewall, Bath; Noah Woods, Bangor; Samuel C. Lawrence, Boston; Wm. G. Davis, Portland; Alfred P. Rockwell, Boston; J. S. Ludlam, Lowell; George P. King, Boston; George E. B. Jackson, Portland. President, Abner Coburn; Clerk, J. H. Drummond.

☞ The Chillicothe Register says arrangements have been made with Phelps, King & Co., contractors on the Dayton and Southeastern railroad, to complete the road at the earliest possible moment, ready for rolling stock, from Washington C. H. to Chillicothe, the contractors to take their pay in bonds of the company.

☞ Mr. L. P. Farmer, Assistant General Passenger Agent of the Pennsylvania Railroad, has been promoted to General Passenger Agent, vice the late D. M. Boyd. Mr. Farmer has been Assistant to Mr. Boyd since 1872, and was formerly Assistant Passenger Agent on the Missouri Pacific.

☞ A recent decision of the United States Supreme Court invalidates $446,000 county and township bonds issued in 1869 by Kane, Kendall, La Salle and Marshall counties, Illinois, in favor of the Ottawa, Oswego and Fox River Valley Railroad.

☞ The officers of the Green Bay and Minnesota Railroad, elected on the 3d inst., are: President, H. Ketchum; Vice President and General Manager, D. M. Kelly; Treasurer, W. R. Hancock; Secretary, W. J. Abrams; Superintendent, S. B. Kenrick.

☞ The West Jersey Ferry Company has awarded to the Harlan & Hollingsworth Company, of Wilmington, Del., a contract for a new ferry boat to run between Philadelphia and Camden. She is to be 155 feet long. The work upon the vessel has been commenced.

☞ The Emperor of Russia has approved of the project of a railway from Orenburg to Central Asia. The length of the line is over 1,800 miles. This is five times the length of the railway between St. Petersburg and Moscow.

☞ The track of the Columbia (Pa.) and Port Deposit (Md.) Railroad has been completed. When the ballasting is finished the cars will commence running regularly between Columbia and Port Deposit.

☞ The shipments of Coal from Cumberland, Md., from January 1, to March 31, 1877, amounted to 154,443 tons 15 cwt.

☞ The Peoria and Rock Island Railroad was sold at auction at Chicago on the 4th inst. under a decree of foreclosure, and purchased by R. R. Cable of Rock Island, representing the first mortgage bondholders, for $550,000, of which $150,000 is to be paid to remove a special incumberance. The amount of the first mortgage bonds is $1,500,000. The second mortgage bonds (of which $1,000,000 were authorized, but only $200,000 issued,) and the stock, to the amount of $2,000,000, are wiped out by the sale. The purchasers will reorganize and operate the road.

### Currency Statement.

Statement of the Comptroller of the Currency, showing the issue and retirement of national bank notes and legal tender notes, under the acts of June 20, 1874, and January 14, 1875, to April 1, 1877:

| Greenbacks outstanding at date. .... | 362,656,204 |

JOHN J. KNOX, Comptroller of the Currency.

### The Congressional Appropriation to the Centennial Exhibition.

The following decision was rendered in the Supreme Court of the United States on the 9th inst.:

Eyster, Assistant Treasurer, &c., vs. The Centennial Board of Finance.—Appeal from the Circuit Court for the Eastern District of Pennsylvania.—The single question in this case was whether, in the distribution of the moneys remaining in the hands of the Board at the close of the affairs of the corporation, as provided for in the act of June, 1872, the appropriation of $1,500,000 made by Congress in February, 1876, must be paid into the Treasury before any divisions of assets is made among the stockholders in satisfaction and discharge of the capital stock.

The Court hold it to be apparent that the object of Congress, in all its legislation, with reference to the Centennial Exhibition, was to enable the people of the United States to commemorate the completion of the first century of their national existence by an exhibition in which the people of the whole country should participate, and which should have the sanction of the Government. The object, therefore, was national, but until the act of the appropriation it was expected that the entire expense should be borne by the people without assistance.

The previous acts only provided the necessary organizations under the auspices of the Government. The act of 1876 appropriated money to be paid back under certain circumstances, and the accepting of them only by the Board of Finance created a liability to repay it by the act of 1872. The assets of the corporation were to be divided among the stockholders only after the payment of all liabilities, and unless the contract entered into otherwise provides, it is clear the United States must be paid in full before the stockholders can claim distribution among themselves.

After a lengthy examination of the statute, the court came to the conclusion that if the net receipts be treated as the net profits of the Exhibition, there is no difficulty in the way of a construction in favor of the United States. The act of 1876 requires the payment of debts and then the reimbursement of the United States before distribution of profits to stockholders. Not a word is said about restoring capital. There was no intention in the act of 1876 to change the order of distribution as provided by that of 1872, except by giving a preference to other liabilities over that of the United States. The terms used are identical in meaning, and the statutes are relieved from all discrepancies without violence to the language of either. The decree of the Circuit Court is reversed, with directions to enter a decree directing payments of the $1,500,000 into the Treasury before any division of remaining assets among the stockholders. The Chief Justice delivered the opinion.

### The Coal Trade.

The total tonnage for the week ending on the 31st ult., as reported by the several carrying companies, amounted to 308,332 tons, against 348,730 tons in corresponding week last year, a decrease of 35,398 tons. The total amount of anthracite mined for the coal year is 3,952,428 tons against 2,786,017 for same period last year, an increase of 1,166,406 tons. The quantity of bituminous coal sent to market for the week was 57,284 tons, against 53,052 tons for corresponding week last year, an increase of 4,232 tons. The whole bituminous tonnage from the beginning of the coal year is 629,151 tons, against 663,756 tons in corresponding time last year, a decrease of 34,595 tons. The total tonnage of all kinds of coal for the week is 365,616 tons, against 396,782 to corresponding date last year, an increase of 31,166 tons, and the total tonnage for the coal year is 4,581,574 tons, against 3,449,773 tons, to same date last year, an increase of 1,131,801 tons The shipments of coal from Port Richmond are increasing. Vessels continue quite scarce at this port. The receipts at Perth Amboy for the week ending on the 31st ult. were 19,071 tons, the shipments 20,816 tons, leaving a stock on hand of 142,650 tons. —*Phila. Ledger, Apl.* 9.

☞ The Royal Land Company of Virginia, which has just completed a narrow gauge railroad from Fredericksburg to Orange C. H., Va., has accepted a proposition from parties representing the five Northern Neck counties of Virginia, to build and equip a narrow gauge railroad from Fredericksburg to Wicomico river, in the county of Northumberland. The counties agree to donate the rights of way, sixty feet wide, and both at Fredericksburg and Wicomico land for depot purposes, and upon the completion of the road and the running of the first through train, each county is to donate to the company $30,000 in cash. Work is to be begun upon the road as soon as the terms agreed upon have been formally ratified by both parties.

☞ At a special meeting of the stockholders of the American Steamship Co., held in Philadelphia on the 4th inst., the proposition of the Pennsylvania Railroad Co. to receive from the Steamship Co. 5,000 shares of its capital stock at the par value of $100 per share in lieu of its indebtedness of $500,000 to the Pennsylvania Railroad Co., was accepted, and a resolution adopted to increase the capital of the Steamship Co. to the extent of 5,100 shares.

## American Railroad Journal.

**New York, Saturday, April 21, 1877.**

### Atlanta and Charlotte Air Line Railway.

The entire railroad of the Atlanta and Richmond Air Line Railway Co., extending from the city of Atlanta, in the State of Georgia, two hundred and sixty-six miles, to the city of Charlotte, in the State of North Carolina, together with all other property of the company, was sold under foreclosure of mortgage on the 5th of December, 1876, and purchased for the first mortgage bondholders.

The purchasers have, under the laws of the several States—Georgia, South Carolina and North Carolina—formed themselves into three corporations, to be consolidated, and known hereafter as the "Atlanta and Charlotte Air Line Railway Company."

John H. Fisher, Esq., Receiver of the Atlanta and Richmond Air Line, was to have delivered possession to the officers of the new organization on the 16th of April, when they were to have entered at once upon the management of the new company.

The directors of the new organization, elected at a bondholders meeting, held in New York, February 27th, are: Eugene Kelly, Alex. P. Irvin, Abram S. Hewitt, William H. Fogg, Geo. Warren Smith, P. P. Dickinson, John H. Fisher, H. C. Hardy, B. R. McAlpine, and H. W. Sibley of New York, and Douglass H. Gordon and Skipwith Wilmer of Baltimore.

The directors organized, and elected H. W. Sibley President, and C. H. Pierce Secretary and Treasurer.

The principal and transfer office of the company has been established in the Coal and Iron Exchange, 17 Cortlandt St., New York.

Mr. G. J. Foreacre, late Manager of the Virginia Midland, has been appointed General Manager of the new company with office at Atlanta, Georgia.

### Scioto Valley Railroad.

This important Scioto Valley Railroad is of great interest to Richmond. Let our business men revert to their geography and see the route along this rich Scioto Valley—one of the richest in the world—and the valuable connections it will have with the great Railway system of Ohio running to the lake cities and the West. The Scioto Valley Railroad is a continuation of the road from Cleveland, Ohio. At Columbus it intersects ways to Chicago and the Mississippi Valley to the Northwest at all the controlling points. Now, it is about forty miles from Portsmouth to the present terminus of the Chesapeake and Ohio Railroad, and when that gap is bridged over, Richmond will have a new world open to her—a world of commerce especially adapted to her peculiar relations to trade and manufacturers. We impress it most earnestly upon our people that this Ohio system of roads, and especially this Scioto Valley Railroad, are of the deepest interest to them.—*Richmond Dispatch.*

### Columbus and Hocking Valley Railroad.

At a meeting of the stockholders of the Columbus and Hocking Valley Railroad Company, held in Columbus, Ohio, on the 10th inst., the following gentlemen were re-elected directors for the ensuing year: M. M. Greene, William G. Deshler, Henry C. Noble, B. S. Brown, P. W. Huntington, W. B. Brooks, Isaac Eberly, C. P. L. Butler, H. W. Jaeger, John L. Gill, Columbus, Ohio; John D. Martin, Lancaster; C. H. Rippey, Logan; S. W. Pickering, Athens. M. M. Green was re-elected President, and J. J. Janney Secretary and Treasurer.

The President made the following appointments, which were confirmed by the board: Orland Smith, General Superintendent; G. R. Carr, Superintendent; T. J. Janney, Auditor; W. A. Mills, General Freight and Ticket Agent.

The stockholders voted unanimously in favor of the ratification of the contract between this company and the Columbus and Toledo Railroad Company for terminal facilities in the city of Columbus.

### Pittsburg, New Castle and Lake Erie R. R.

A meeting of the purchasers of the property and franchises of the Pittsburg and Northwestern Railway Company was held in Pittsburg on the 10th inst. for the purpose of organizing under the name of the Pittsburgh, New Castle and Lake Erie Railroad Company, narrow gauge. The following officers and directors were elected: D. E. Culver, General J. S. Negley, A. Pearce, Wm. Martin, W. N. Riddle, G. M. Rusling and J. F. Mallory. The Board subsequently elected the following officers: D. E. Culver, President; General J. S. Negley, Vice President, W. N. Riddle, Treasurer, and Austin Pearce, Secretary. These officers are elected to serve until May 1, 1877, when it is designed to enlarge the directory and make some changes in the management.

### Illinois Central Railroad.

During the month of February, 805.06 acres of Land were sold for $6,149 30. The Cash collected on Land Contracts was $12,041 16. The Traffic on the Line in Illinois (707 miles) was $365,067 23 against $451,760 53 in February 1876.

During the month of March, 405.05 acres of Land were sold for $2,778 86. The cash collected on Land Contracts was $7,222 72. The Traffic on the line in Illinois (707 miles) was $373,034 56 against $417,081 20 in March 1876.

### Baltimore and Ohio Railroad.

The regular monthly meeting of the board of directors of the Baltimore and Ohio Railroad Company was held in Baltimore on the 11th inst. In addition to the general routine business the board unanimously ratified the compact in regard to freights recently made by the presidents of the

trunk lines. The usual semi-annual dividend of five per cent. on the stock of the Main Stem was declared, payable at the Merchants National Bank of Baltimore on the 15th of May. It was decided to pass the dividend on the Washington Branch road, the board by a resolution declaring that it was inexpedient to pay said dividend "in view of the continued claim of the State of Maryland for the tax of twenty per cent. on the gross receipts for passengers from 10th December, 1870, since which date the said tax has not been collected by the company."

### Illinois Central Railroad.

The receipts from operations of this road for the year ending December 31, 1876, were as follows:

| | | |
|---|---|---|
| From freight | | $3,190,447 67 |
| " passengers | | 1,164,186 38 |

| | | 1,050,550 04 |
| Net receipts from operation of road. | | $2,144,776 31 |

It will be seen that the gross earnings of the Illinois Central Railroad and of the leased lines, for the year 1876, were $7,040,969 10; the operation expenses, including taxes and rentals, $4,896,192 79—leaving the net earnings derived from traffic of the line, $2,144,776 31. The working expenses, including charter and other taxes and rental, were 69.05 per cent of the earnings; exclusive of rental and taxes, they were 54.23 per cent. The General Manager in his report says:

For a detailed statement of the working of the transportation and machinery departments, see the report of the General Superintendent on pages 8 and 9. It is therein shown, that in the rates obtained for the transportation of freight in 1876, as compared with the previous year, there has been a decrease of 0.14 of one cent per ton per mile. This, with the diminished tonnage, as compared with the preceding year and set forth in the tables, accounts for the decreased revenue.

I am again enabled to report, that, of the whole tonnage transported during the year, 87 per cent was local to your line, leaving but 13 per cent as through business; while the earnings show 89 per cent to have been derived from local, and 11 per cent from through traffic; thus demonstrating, that with fair average crops along the line of your road in Illinois and Iowa, this property has a source of profitable revenue.

During the year 1876 the competition by rail for the carrying of traffic from the West to the Atlantic seaboard resulted in the making of the lowest rates ever before reached; and it is now acknowledged, that they were, in most cases, below the actual cost to the carrier. This competitive strife existed between the great trunk lines and their East and West connections. Although low lake rates existed to Buffalo and other ports on Lake Erie, grain was transported by all-rail routes from the interior of Illinois and Iowa at less than cost.

From this fact and owing to the diminished crop of corn, in Illinois, tributary to your road and to the almost total failure of the wheat crop along the leased lines in Iowa, which was spread over two hundred miles, the volume of traffic offered for transportation, as compared with the year 1875, was largely curtailed.

It is true, that you cannot always reduce operating expenses in exact proportion to decrease of traffic and at the same time maintain permanent way, motive power, and rolling stock, up to a full standard of efficiency. With a small increase over the sum expended in 1876, for train service, fuel and station labor, we could have earned fully as much, or more revenue, than was earned in 1875, if the business had offered.

Our permanent way, motive power, rolling stock and terminal facilities are now, as they have been throughout the past year, capable of earning a larger revenue, than has ever been earned by this property. The policy of this management is to permit no portion of the permanent way, or plant, to deteriorate in value, but to keep them in such condition as to be ready to meet any reasonable volume of traffic which may be offered.

On page 10 will be found the report of the Chief Engineer, giving in detail the operations of the Department of Permanent Way and a statement of the expenditures for each year from 1867 to to 1876, inclusive. Your attention is invited to the details of this report, that you may be advised as to the material used and its cost. I am fully justified in saying, that this branch of the service is in better condition to day, than at any time in its past history.

In laying steel rails during the year 1876, we selected those portions of the line over which the largest tonnage has been usually carried, and where iron rails, from past experience, gave us the least wear.

It is now five years since steel rails were first laid on this road, and each year has demonstrated the advantages of steel over iron.

From data of the cost of maintenance of sixty nine miles of track from Kensington to Gilman laid with iron rails prior to 1872 and now laid with steel, it is a fact that it has cost $505 per mile per annum less to maintain the track laid with steel than when laid with iron, the basis of cost of material being upon the prices of 1876. The year 1877 will show equally as good results, with the track now laid with steel from Gilman to Champaign, from Du Quoin to Cairo, and from Dixon to Dunleith.

The tendency of rates for transportation service is downward; and to enable railroads to meet decreased rates, they must be put in condition to be operated at less expense than formerly. They must rely upon the volume of traffic, which they can secure at remunerative rates, to produce net results, rather than upon a limited traffic at high rates.

It is believed that steel rails, good ties, a well ballasted track and slow speed with heavy freight trains, are some of the necessities required to enable railroads to be economically operated.

It will be necessary to provide, in 1877, the quantity of rails required to maintain the annual wear and tear of that portion of the road in Illinois still laid with iron rails; and it is hoped, that nothing but steel will be used in the future. It will also be necessary to procure rails to replace those worn out on the leased lines in Iowa.

If some arrangement could be made with the owners of the Iowa lines, looking to a reduction of the heavier grades, to the ballasting of the track, to the use of steel instead of iron rails and to the substitution of more permanent bridge superstructures, it would not only enable them to compete more successfully with rival lines, but it would secure to them a larger rental from increased gross receipts, and particularly as the country, traversed by these lines, became more thickly settled and more generally cultivated.

The cheap material and light rails used in the construction of these roads are now inadequate to meet the increased tonnage. To maintain the property in a safe and efficient condition to accommodate the wants of the public, this company, as lessee, has been compelled, each year, to expend on it a sum largely in excess of the 65 per cent. retained for working expenses. It would have been impossible to have operated these lines, if they had been continued in the condition in which they were at the time they were leased. I would therefore recommend that negotiations be opened with the owners of the Dubuque and Sioux City Railroad and of the Iowa Falls and Sioux City Railroad, with a view to bring about such improvements, as may be mutually beneficial to them and to the lessee of these lines of railway.

During the year 1877 a considerable amount of piling must be put in along the lake shore, between Chicago and Hyde Park, to protect the road-bed.

Grading and rip-rapping will be necessary on some portions of the Cairo depot grounds.

New piers should be put under the Kankakee bridge.

Some parts of the roadway need widening.

About one and a half miles of sidings in Illinois would be desirable and a small quantity of bridging will need renewing.

If the revenues of the company will justify it, the new engine house at Weldon should be completed, and it is desirable that an engine house for ten or twelve locomotives should be erected at, or near, Fort Dodge.

The old passenger station in Chicago should have the tracks remodeled, so as to afford better facilities than we now have, for receiving and starting passenger trains.

No outlays of importance beyond those mentioned will be required during the year 1877 to maintain your Illinois property.

From the report of the Chief Engineer we learn that the total expenses for maintenance of way in 1876 were $1,086,205 24, against $992,431 89 in 1875—an increase of $93,773 85, of which $50,-

053 45 were expended for repairing damages caused by the violent rain storms in the months of July and September. The expenses for 1876 include 12,788.42 tons of steel rails and 5,004.20 tons of iron rails, a total of 17,787.62 tons; in 1875, the expenses included 6,550.09 tons of steel and 3,803.09 tons of iron rails, a total of 10,353.18 tons. At the end of the year, 352.30 miles of track were laid with steel. Between Cairo and Duquoin, 75.71 miles; between Champaign and Chicago, 144.75 miles; between Tonica and Dunleith, 108.62 miles; between Dubuque and Farley, 17.36 miles; making a total of 346.44 miles in main track, and in Chicago and Centralia yards, 5.86 miles. Upon the Iowa leased lines, 10,738 lineal feet of pile bridging have been rebuilt, in addition to 2,695 feet of temporary bridging put in after the destructive storms of July and September.

In the report of the General Superintendent the earnings of the road for the year 1876, (including $99,440 78 gross earnings of T., P. & W. R. R., and $385,311 86 net earnings over the C., B. & Q. R. R.) are stated at $7,090,689 49, against $7,841,781 78 for the year 1875—a decrease of $751,092 29. The operation expenses for the year 1876 were $3,845,642 75, against $3,989,447 05 for the year 1875—a decrease of $143,804 30. The length of road operated is 1,107.7 miles. There was an increase in the number of passengers carried of 167,247, with a decrease in the revenue therefrom of $43,781 07. The decrease in tonnage of freight transported was 116,797, with a decrease in revenue therefrom of $742,640 29. There was an increase in the number of passengers carried one mile of 409,526, and a decrease in the number of tons of freight carried one mile of 20,048,597. The average fare of each passenger in 1876 was 89.48 cents, against $1 01.21 in 1875. The revenue per ton per mile in 1876 was 1.79 cents, against 1.98 cents in 1875.

During the year 11 engines have been rebuilt, 16 received thorough repairs and 77 general repairs. Of the 11 which were rebuilt, 10 received entirely new boilers. 194 engines have full sets of steel tires. No steel tires have broken during the year. The company owns 186 engines, and uses 16 acquired by lease of the D. & S. C. R. R.

The company have also 78 first-class passenger cars, 8 smokers' cars, 2 officers', 1 pay, 51 baggage, mail and express, 18 sleeping, 8 old passenger cars, not numbered, 3,143 grain and fruit, 50 Blue Line, 852 stock, 1,411 flat and coal, 4 powder and 25 derrick, tool and tank cars, and large and small snow plows. 3,501 new wheels and 289 new axles have been used for repairs of cars. The cost of repairing passenger cars was 1.36 cents; sleeping cars, 2.04 cents; freight cars, 0 38 cents, per mile run.

The total number of passengers carried was 1,815,588. Number carried one mile, 51,288,031. Av. number of miles traveled by each passenger, 28.22. Av. fare of each passenger, 89.48 cents. Revenue received per mile of road, $1,466 80.

Tons of freight transported, 1,899,627; of which 1,656,774 were local, and 242,853 through. Tons carried one mile, 264,602,314. Tons carried one mile north, 143,583,655; do. south, 121,018,659. Tons of local freight carried one mile, 226,482,192; do. through do., 38,120,122. Av. distance each ton was carried, 139.29 miles. Revenue per ton per mile, 1.79 cents. Av. revenue per ton, $2 49.96. Revenue per mile of road, $4,286 68.

The number of miles run by engines with passenger trains, was 1,511,174; with freight trains, 2,731,826; with construction trains, 99,467; switching, 825,555—total, 5,168,022. Pounds of waste used, 47,525. Gallons of oil, 42,054. Cords of wood, 3,675. Tons of coal and coke, 141,082. Total cost for repairs, including fuel, wages of engineers and firemen, waste, tallow, oil, and cleaning engines, $973,247 15. Total cost per mile, 18.81 cents. Average miles to pint of oil, 15.36; do. to ton of coal, 36.63.

### General Balance Sheet.

### Union Pacific Railroad.

The earnings of the Union Pacific Railroad for the month of February, 1877, were $851,100 34, the expenses $328,970 87, and the net earnings $522,129 47; for the month of February, 1876, the earnings were $697,137 94, the expenses $348,868 02, and the net earnings $348,269 92—showing an increase in earnings of $153,962 40, a decrease in expenses of $19 897 15, and an increase in net earnings of $173,859 55.

For the two months ending February 28, 1877, the earnings were $1,666,454 43, the expenses $651,423 25, and the net earnings $1,015,031 18; for the two months ending February 28, 1876, the earnings were $1,862,124 65, the expenses $821,038 13, and the net earnings $541,086 52—showing an increase in earnings of $304,829 78, a decrease in expenses of $169,614 88, and an increase in net earnings of $473,944 66.

### Progress of the Southern Pacific Railroad.

San Diego, April 7th.—A Yuma special to the *Union* says: Mr. Harris, Superintendent of Construction of the Southern Pacific Railroad, arrived at the river with a party yesterday, and returned soon to the end of the track. The force will be divided, and graders placed on the same, three miles from the river, on Monday. The main party of graders are now twenty-two miles from the river—the track twenty-eight miles. This advance party will enable them to reach the river by the 20th. Colonel Barney sent Silver King ore, valued at $50,000, to the end of the track, which was unloaded there yesterday. The town is filling up rapidly. All available business locations are rented, and everything is booming.

☞ The project of building a narrow gauge railroad from West Waterville to Augusta, Me., is revived. The distance is nineteen miles, and it is estimated that the road can be built and equipped for $12,000 a mile. The scheme involves the change of gauge and extension of the Somerset Railroad, which is now in operation between North Anson and West Waterville, a distance of twenty-five miles, connecting at the latter place with the proposed Messalonskee Railroad.

☞ Work was commenced on the Manchester and Keene (N. H.) Railroad at Greenfield on the 16th inst.

### New York and New England Railroad.

FAVORABLE REPORT OF THE RAILROAD COMMISSIONERS.

The Board of Railroad Commissioners, who were instructed by an order of the Massachusetts Legislature to examine into the financial condition of the New York and New England Railroad Company, made their report to the House of Representatives on the 13th inst. From this we learn that the property and affairs of the Boston, Hartford and Erie Railroad Company were placed in the hands of trustees September 13, 1871, and on July 27, 1875, transferred to the present corporation. The company now controls and operates 139 miles of road. It also operates under a lease the Norwich and Worcester Railroad, 66 miles, and has a right to take, under the terms of the Berdell mortgage, the Hartford, Providence and Fishkill Railroad, 123 miles in length, and is the owner of a franchise and unfinished roadbed from Waterbury, Ct., to Hopewell Junction, N. Y., a distance of 65 miles, which would require about $1,600,000 to complete. A further investment of $3,655,000 would secure to the company a fairly equipped road of 327 miles of main track and branches, with 13 miles of double track, constituting a through line from Boston and Providence to a Western connection.

The corporation now owes a net debt of $1,011,201 48, after deducting cash and cash assets, of which $343,000 is funded in its seven per cent. mortgage bonds, being a part of a total issue of $10,000,000 authorized by law. (Acts 1873, chap. 289, sec. 4.) The balance of the above indebtedness, amounting to $668,201 48, is in the form of notes, etc., $513,500 of which have been overdue since September, 1876, and are still unpaid, being carried at seven per cent. interest by the present holders. In addition to the $343,000 mortgage bonds above referred to as outstanding, 156 other bonds of $1000 each, of the same description, though unissued, have been placed as collateral in the hands of certain holders of unsecured notes. The balance of these bonds, $9,501,000, are in the possession of the corporation. The $343,000 bonds which have been issued were sold by the corporation at a discount of $67,800 from their face value. The notes maturing September, 1876, originally amounted to $750,000, and were subscribed for and subsequently taken at their par value; except one amount of $200,000, which, the first subscriber being unable to take them, were sold at a discount of 15 per cent. With a view of aiding the enterprise, the State of Massachusetts took $250,000 of these notes, which are still unpaid, and the balance was taken by the directors, or by others through their influence.

This total net liability ($1,011,201 48) of the new corporation represents the amount which still remains unliquidated of an indebtedness, as appears by its books, of $1,568,056 incurred on account of expenses and disbursements of an unusual character, since the road went into the hands of receivers in August, 1870.

These items of unusual character include $564,364 70 for legal and other expenses incident to foreclosure and obtaining possession of the property, and $1,003,691 48 expended in completing the Willimantic extension and other permanent improvements.

The whole of this expenditure seems to have been legitimately made and its items properly charged. Of it the sum of $556,854 70 has been met out of the net earnings of the company, leaving outstanding a total net of $1,011,201 48, as reported.

Of the whole amount ($20,000,000) of Berdell bonds, $5,685,000 only have been converted into stock, of which the Commonwealth holds $3,600,000.

In addition to the undisputed gross liabilities incurred since August, 1870, amounting to $1,072,044, mortgage bonds of various prior issues, a portion of which, it is claimed, were illegally issued, are still outstanding to the amount, with accrued interest, of $740,422. They do not appear on the books of the present corporation, nor in the official returns published by this board, as they constitute a disputed liability, the extent of which, within the amount above named, remains to be determined.

The assets of the Hartford, Providence and Fishkill Railroad, the right to take which is now being decided by the Courts, are $5,463,015 78, and the liabilities $3,021,190 30.

Upon the books of the company the property stands at a nominal cost of $21,061,729 47, the Berdell bonds being entered at their par value. Under the appraisal made by the Commissioners, the total value of the company's present assets, exclusive of the unfinished road west of Waterbury and its contingent interest in the Hartford, Providence and Fishkill, is $5,632,459 68. For the purposes of this appraisal, it was necessary to set some arbitrary valuation upon the road owned and operated. This was fixed at $36,000 per mile, a sum much less than the actual cash cost. The value of a railroad, however, depends in a comparatively small degree on its cost compared with its earning capacity. In the case of an uncompleted road like the New York and New England, this is usually small and does not afford a fair test. Judged by it, however, the appraised value of this road, as now equipped and operated, would not probably exceed $11,000 per mile.

The total property and assets above liabilities, not treating the Berdell bonds or stock as a liability, is $7,526,188 89.

A thorough examination of the books and accounts of the company, tested by an appraisal of its property, and a careful inspection of its roadbed and equipment, seems to warrant the statement that since the road has been in the hands of the trustees it has earned in the neighborhood of $100,000 net per annum. This is exclusive of the annual rent ($70,000) paid for the use of terminal grounds in Boston. The Hartford, Providence and Fishkill road is unquestionably a valuable property, and worth far more to the New York and New England company than the amount necessary to secure possession of it. As to the value of the Waterbury extension, the Board express no judgment, having no peculiar means of forming one. The report adds:

"A thorough inspection of the road, made personally by the members of this Board, and under its direction, by Mr. John B. Winslow, formerly Superintendent of the Boston and Lowell road, an expert whose authority in such matters cannot be questioned, showed conclusively that it is well managed, that an excellent discipline prevails among its employes, and that its expenditures are judiciously and carefully made. The condition of the property has greatly improved in all respects within the last few years, except on a portion in Connecticut."

The Board question whether the attempt to secure through business by means of an all rail connection beyond New York, has as yet resulted in any profit. Nevertheless they are justified in making the experiment.

The books are kept in detail, and generally on the most approved plan. The Commissioners close by saying that they "have been most favorably impressed as respects the honesty and excellent intentions of the present New York and New England direction. That they have faith in their enterprise, and are honestly and strenuously exerting themselves to develop it in a business-like way, was apparent throughout the examination and equally impressed every person engaged in it."

---

### The United States Rolling Stock Co.

At the annual meeting of the stockholders of the United States Rolling Stock Company, held at the office of the Company, Nos. 74 and 76 Wall Street, New York, on the 5th of February, the following Report of the Trustees was accepted and approved:

OFFICE OF THE U. S. ROLLING STOCK CO.,
NEW YORK, December 31, 1876.

*To the Shareholders of the United States Rolling Stock Co.:*

In spite of continued depression in all Railroad and other business, the accounts for the year just closed show a further improvement, both on those of the previous year and on the estimates of the first half of 1876.

The gross rentals for the last half of 1876 show an increase over those of the first half, of $38,042 94. The increase for the whole year 1876 over the whole of 1875, is $81,046 70.

The increase has been due to a slight improvement in rates, to the more steady employment of the freight cars, and to the temporary leasing of a part of the Company's locomotives. A majority of the latter still remain unemployed. The locomotive equipment has proved in the main unprofitable.

No misfortune or serious loss of any kind has befallen the company during the year. The number of lessees steadily increases, and the magnitude of each separate lease, with its attendant risk of loss, steadily declines.

The lease to the Receiver of the Atlantic and Great Western Railroad has been renewed on satisfactory terms, giving us the option of gradually withdrawing the greater portion of the equipment, should we desire to place the same elsewhere for the purpose of still further distributing our risks. The payments by the Receiver have of late become more punctual, and our holding of his certificates has increased during the last six months by only $33,000. In other quarters there is still some delay in making collections, but no longer the same cause for anxiety that prevailed during the previous two years.

The litigation against the Atlantic and Great Western Railroad Company for the recognition of our large claims for rental accrued prior to the appointment of the Receiver still continues. Our appeal from the first decision of the jury has been also decided against us. But the second decision has not shaken our conviction of the inadequacy of the defence set up against our claim, nor our confidence in the ultimate result. The long delay in adjusting this claim, and the growing expense attending its prosecution in its various ramifications, is to be regretted. But it should be remembered that failure or success in no wise affects the current business of the company, or the integrity of its capital.

The yards at Urbana have throughout the year proved a growing source of profit by reason of increased efficiency and economy of repairs and storage. Without them the change gradually being operated in the nature of your business could not have been carried on. No railroad or other corporation in the country to-day possesses similar facilities. The great sheds now completed give nearly a mile and a quarter of sheltered and enclosed track, for work or storage in all weathers.

Previous reports have called the attention of the proprietary to the inevitable necessity of soon providing additional manufacturing and storing facilities further West. During the last summer an opportunity was offered to acquire at an extremely low rate one of the best and most complete car shops in the country, eligibly situated in the City of Chicago, where a large part of our business has for some time past been concentrating.

By prompt and decided action this company was enabled to purchase the entire freehold establishment, nearly fourteen acres of ground, with extensive water front, shops, buildings, and machinery, completely equipped and in working order, for $107,500, being greatly less than one-half its original cost, and also much less than the lowest estimate of present value, as given by disinterested experts. The property was purchased substantially by assuming the then existing liens upon it for the sum named. Of these $30,000 mature during the spring of 1877, and will be readily provided for out of our reserve; $17 500 mature in October, 1878. The balance of $60,000 consists of a long mortgage, which can, however, probably be paid off at any time to suit the convenience of the company. These items explain the corresponding items of "Liabilities" on the annexed Balance Sheet. The company has steadfastly adhered to its former policy of contracting no obligations, and has no other indebtedness save current balances for supplies, etc.

The expenditure for buildings and tracks at Urbana now somewhat exceeds $51,000. Some additional tracks, and the necessary office room, have also been provided at Chicago, the detailed accounts for which have not yet reached me. The total cost is, however, included in the item of $127,085 36, which represents the present cost of the Chicago Works, with all supplies on hand therein, as given in the Balance Sheet.

For the first time in the history of the company it is now in a position to properly transact its business. Already we have been enabled to do our work in changing 154 box cars, six baggage cars, and three passenger cars, from the six feet gauge to the standard (4 ft. 9 in.) gauge of the country. An unusually large proportion of our equipment has passed through our hands during the present year, owing to the numerous changes in lessees, and whatever has come into our yards and shops has been thoroughly refitted and rebuilt, and gone into service in a condition equal to new. A fair amount of entirely new work has also been undertaken, but none has as yet approached sufficiently near to completion to alter the figures of the existing Construction Account. The company only took possession of the Chicago shops Oct. 13.

In spite of increased activity and efficiency, and the recent enlargement of our business, the general expenses have been materially reduced.

The Income Account submitted herewith shows net earnings for the year of $430,251 39. Out of this sum a semi-annual dividend of eight shillings per share was paid in September, amounting to $109,860. Out of the remaining sum of $320,391 39 I have recommended that a further dividend of ten shillings per share be paid on the 1st of March next, making in all eighteen shillings, or 4½ per cent. divided during the year. There will then remain $188,751 47 to be carried to the Reserve.

Your American managers are in receipt of many evidences of the satisfactory working of the London Shareholders' Committee. Additional efforts will be made during the ensuing year to keep the London Secretary well informed of all of the company's affairs. Nearly the whole of the shares are now registered in the owners' names, and only an insignificant number of the old Bischoffsheim certificates remain outstanding.

I have again to express my thanks to your Trustees for their valued advice and support, and to all the officers of the company for their faithful devotion to duty. L. H. Meyer, Esq., one of the Trustees, whose term of office expires, declines a re-election on the ground of a possible conflict of duty, Mr. Meyer being also a trustee of one of the Atlantic and Great Western mortgages.

The prospects of your company for the ensuing year are good. The extreme fluctuations and severe depression suffered by all American railroad business during the past three years do not warrant the indulgence in any extreme views. But it is safe to assert that your company has emerged from the greatest of the difficulties that encompassed it, that its business rests upon a solid foundation, and that it is in a position to earn its fair share of whatever profits may be made by the railroad system of the country.

JAS. B. HODGSKIN, President.

New York, December 31, 1876.

INCOME ACCOUNT FOR THE YEAR 1876.

| | | |
|---|---|---|
| Income derived from— | | |

| | $6,951,236 27 |

* Exclusive of dividend, No. 6, already paid.

A. HEGEWISCH,
Treasurer and Secretary.

### The Postal Union.

Official notice is given by the Postoffice Department that the colonies of Spain and of the Netherlands are admitted into the General Postal Union from the first day of May, 1877, subject to the same extra rates of postage as are now charged to British India and the French colonies, except that correspondence for the Spanish colonies of Cuba and Port Rico, when forwarded by direct vessels, is subject to the regular postal union rates of postage as follows: For prepaid letters 5 cents per 15 grammes (half ounce); for unpaid letters received 10 cents per 15 grammes (half ounce;) for postal cards 2 cents each; for newspapers, if not over 4 ounces in weight, 2 cents each; for books, other printed matter, patterns of merchandise, &c., 2 cents for each weight of 2 ounces or fraction thereof; for the registration fee on all correspondence 10 cents.

### Southern Maryland Railroad.

Chief Engineer George W. Domer, has within the past few days been engaged on the line of the road near St. Mary's City in connection with active operations thereabouts. A gentleman in authority has also proceeded to Point Lookout to prepare for extensive improvements in that quarter. Resident Engineer Bruce and others of his corps passed through our town on Tuesday last en route for Brandywine, under orders to meet the chief engineer and others already there. They will proceed to regulate any defects in the grade from the junction with the Baltimore and Potomac road South, from which point the road will be put in running order as far down as Mechanicsville in the shortest possible time.—*St. Mary's Beacon.*

☞ About a mile of track of the Burlington and Lamoille Valley, Vt., Railroad, commencing at the lake, has already been laid, and the work is being pushed forward as rapidly as possible. It is probable that arrangements will be made shortly to put a second gang at track-laying in Essex. The grading, bridge and trestle-work of the whole road is completed and the ties distributed on the line. The ten miles of rails now on hand are iron, but the remaining twenty odd miles of rails will be steel. The company are having three engines built in Taucton, Mass., one of which is completed and will be put on the road in a day or two.

☞ The citizens of Charleston, Kanawha County, West Virginia, have in contemplation the construction of a narrow gauge railroad from that town through the counties of Kanawha, Clay, Braxton and Lewis, to the Northwestern Virginia railroad (Baltimore and Ohio really) at or near Clarkesburg, in Harrison county.

☞ Construction trains are now running over the Berkeley and Bantas branch of the Central Pacific Railroad as far as the town of San Pablo, and track-laying is progressing beyond that point. It is thought the road will be completed to Martinez in four or five months.

☞ The gross earnings of the Columbus and Hocking Valley Railroad for the year 1876 were $841,139 07, the expenses $454,304 83, and the net earnings $386,834 24. The operating expenses were 54 per cent of the gross earnings.

☞ A new narrow gauge railroad is proposed, running across Michigan from South Haven to Toledo, Ohio.

# American Railroad Journal.

**Saturday, April 21, 1877.**

### Financial and Commercial Affairs.

Notwithstanding the exciting reports and rumors of the week, relative to the political situation in Europe, and the marked irregularity and feverishness at the Stock and Gold Exchanges, here, especially in the Stock line, the course of Money has been generally favorable to responsible borrowers, who have experienced little difficulty in making prompt provision for their wants on the basis of the minimum rates. Call loans have been generally quoted at 2@5, with most of the important negotiations reported at 2½@3½ per cent; and very choice to strictly prime mercantile credits rated at 3½@5 per cent per annum. The supply has been liberal throughout. The City banks, last week, reported an increase in their legal tender reserve, as also in their deposits, with a decrease in most other averages, reversing the position as reported on the preceding weekly statement. The loan and discount average was reduced $957,100. The item of circulation was enlarged. The deposits were augmented $1,740,500, and the legal tender reserve $2,010,700. The specie average was diminished $1,789,300.

The City banks reported their average of gold last week at $19,768,600, as against $19,400,800 same date last year; and their greenback average at $44,267,900, as against $38,836,800 on April 16, 1876. Their deposits stood at $219,986 900, against $205,542,500 same time in 1876. The loan item was $259,239,700 against $258,297,900 a year ago.

The City bank net reserve of specie and legal tender notes now shows an excess over the legal requirement of reserve to liabilities of $9,089,775.

as against $9,203,500 the preceding week, and $24,781,800 on January 27 (which latter was the highest aggregate reached this year.) The City bank exchanges in currency reached $439,328,180, or a daily average of $73,221,363.

The aggregate of the outstanding U. S. currency of all denominations, April 1, was $386,568,464. The outstanding amount of legal tender notes is $362,656,204. The National bank circulation is now $318,321,458 of currency notes and $1,428,920 of national gold bank notes.

National Bank notes received at the Treasury Department last week for redemption were to the amount of $4,688,000.

The U. S. Sub-Treasury in this city closed the week ending on Wednesday with a currency balance of $41,766,747, against $40,637,879, the preceding week; and a coin board of $75,166,517 against $74,869,458 on the previous return. The Customs revenue of the port during the past week was $1,744,000.

The income of the Government from internal revenues last week was about two millions, and since July 1, 1876, about 91 millions; and from Customs last week about 2½ millions, and since July 1, 1876, about 103½ millions.

On Wednesday of this week the cash balances of the Treasury Department at Washington were: of Currency $8,828,992; special deposit of legal tenders for the redemption of certificates of deposit, $40,410,000; Coin, $89,333,904, including of Coin certificates, $49,340,100.

Gold was worked up materially in price, under the warlike reports and rumors from Europe, which served to quicken speculative dealings. The Customs call was moderate. The export drain was on a more liberal scale. Toward the close, the general movement was less confident, and on a lower basis, leaving off on Wednesday irregularly. The extremes of the price during the week have been 105⅞@107⅞, closing on Wednesday at 106⅝, as against 105⅞ on Wednesday of the preceding week. The lowest point yet touched was 104¼, on Friday, March 2d. The specie outflow last week was up to the aggregate of $807,954, (of which $498,672 in Spanish gold to Havana and $186,100 in various forms to Liverpool, and $30,000 in silver dollars to London,) making the total exports of specie hence since January 1, $4,337,059 against $14,767,063, the same time in the preceding year. The imports of specie at this port last week were $298,666, (of which $164,050 in Gold Coin from Havre, and $115,000 in various forms from Vera Cruz, and sundry small odd lots from other sources,) and since January 1st $6,141,553 as against $1,459,907 same time last year. The Customs demand for gold last week averaged $290,667 per day. Foreign Exchange has been active and higher, but closed tamer and weaker. Bankers' sixty day bills on London closed on Wednesday up to $4 86¾@$4 87⅛; sight bills on London at $4 88¼@$4 89½ to the £ sterling. The week's imports of Dry Goods and general merchandise were to the specie value of $6,821,338 as against $5,063,422 the corresponding week of 1876.

The week's import entries of Foreign Merchandise at New York included $1,466,659 of Dry Goods and $5,354,679 of General Merchandise.

Government securities have been quite freely dealt in but at variable prices, influenced mainly by the course of the Gold premium. At the close the market was quoted firm, leaving off on Wednesday as follows:

United States currency sixes, 124¼@124½; do. 6s, 1881, registered, 112¾@112⅞; do. coupon, 113⅜@113¾; do. 1865, registered, 106⅛; do. coupon, 109¾; do. new, registered, 109¾@110; do. coupon, 109¾@110; do. 1867, registered, 112⅝@112½; do. coupon, 112⅝@112½; do. 1868, registered, 114@114⅛; do. coupon, 114@114⅛; do. ten-forties registered, 111⅝@111⅞; do. coupon, 112@112¼; do. five-twenties, 1881, registered, 110⅜@110⅝; do. coupon, 111⅝@111⅞; do. 4½ per cents, 1891, registered, 108@108½; Central Pacific Gold Bonds, 107⅛@107⅜.

The amount of U. S. bonds held by the Treasurer of the United States, as security for the National Bank circulation, is $340,148,600, and $18,798,000 as security for public deposits.

State and Railway bonds have been in fair request, and the more substantial loans have been quoted generally somewhat stronger as to values. And in the line of Railway and Miscellaneous share property the week's business has been again quite active, but the fluctuations in prices have been frequent and wide, the market having been very unsettled by speculative manipulations, closing irregular.

General business was much brisker most of the week, especially in Breadstuffs and Provisions, which advanced sharply under the warlike tenor of the cable advices, but toward the close the dealings were on a reduced scale, and prices quoted weaker and irregular. Cotton and Petroleum much cheaper.

Metals have been less sought after, with Eglinton Pig Iron quoted at $24 75@$25; Glengarnock $26; Coltness $26 50@$27; No. 1 American Pig at $18 50@$20 50; No. 2 do. at $18@$19 50; Forge $18 50@$20 50; American Rails at works $36@$40; Old Rails $18@$19. Wrought Scrap $26. Of Steel Rails, on the basis of $49@$50 at the mills. Ingot Copper in fair request 19¼@19⅜.

Hardware has been less active but generally quoted firm. Boots and Shoes have been in good demand at unchanged rates. Dry Goods have been comparatively quiet, and quoted as further depressed in price.

Ocean freights have been decidedly stronger and more active but quoted at the close weak and generally dull. Liverpool steamer rates at the close for Grain 5d. per standard bushel as against 6@6½d. early in the week. Provisions, 20s.@27s. 6d.; Tallow, 20s.; Oil Cake, 17s. 6d.; Leather, 25s. per ton; Cotton, ½d. per lb.; Apples, 3s. per bbl, Liverpool, by sail. Cotton, ½d. Grain, nominal. Oil Cake. 12s. 6d. Measurement Goods at 12s. 6d.@15s. Grain rates on charter hence for Cork and orders left off at 5s. 3d.@5s. 6d.; for the Continent, nominal; and from Baltimore for Cork and orders, 5s. 9d. per quarter. Refined Petroleum hence for Cork and orders, 4s. 6d.; for the Continent, 3s. 9d.@4s. 3d. per bbl.

# FISK & HATCH,

## Bankers,

No. 5 Nassau St., New York.

U. S. Government Bonds bought and sold in amounts to suit investors: also, Gold, Silver and foreign coins: Deposits received in Currency or Gold, and interest allowed on Balances: Special attention paid to Investment Orders for Miscellaneous Stocks and Bonds.

☞ Ground was broken in Portsmouth, Ohio, on the 10th inst. for the Scioto Valley Railroad. Col. Kinney raised the first shovelful of earth, and speeches were made by Messrs. McFarland, Chapman, Hutchins and others. The latest information is that the necessary financial arrangements have been made, that the engineering corps is at work, and that the road will be completed by the 1st of October.

☞ The directors of the Nevada County Narrow Gauge Railroad Company, elected on the 4th inst., are: John C. Coleman, William Watt, Edward Coleman and J. M. Lakenan of Grass Valley; T. W. Sigourney, Niles Searls and Dr. R. M. Hunt of Nevada City.

☞ Grading on the first ten miles of the extension of the Omaha and Republican Valley Railroad has been let and commenced. The road has to be completed to David City, Butler county, Nebraska, July 1.

☞ J. B. Gregory, surveyor of Scioto county, Ohio, has been awarded the contract of grading all that part of the Scioto Valley railroad within Scioto county, and the work has been commenced.

☞ The name of the Cumberland and Piedmont Railroad has been changed to its former appellation—"Cumberland and Pennsylvania Railroad."

☞ Arrangements have been perfected between the Connecticut River Railroad Company and the Ashuelot Railroad Company, whereby the former will begin running the Ashuelot road as soon as the title can be perfected by the execution issued by the Courts against the Cheshire Railroad.

### Bullet-Proof Passenger Car.

There has just been completed at the car shops at York, Pa., the first bullet-proof car ever manufactured in the United States. The car is 31 feet long, 8 feet high, and furnished with all the latest improvements in ventilation, etc. The body below the windows is covered with ⅜ inch iron and the panels between the windows and the body above them are covered with 8-16 inch steel. The windows can be closed with steel slides, and when they are down the entire car is bullet proof. The interior is richly ornamented, and in appearance inside and out resembles a first class passenger coach. It weighs about 6,500 pounds, and was ordered by the Spanish government for use in Cuba.

☞ At a meeting of the stockholders of the Connecticut Western Railroad, held in Hartford on the 17th inst. it was voted unanimously to accept a scheme for issuing preferred stock for $3,000,000 of overdue bonds, giving common stock equity of redemption until the year 1900. Bondholders are accepting individually, and the road will reorganize under the new scheme when bondholders representing $1,000,000 of the bonds have accepted.

☞ A certificate of incorporation of the Cincinnati, Hillsboro and Jackson Railroad company has been filed in the office of the Secretary of State of Ohio. A part of the proposed line embraces a portion of the line of the Columbus, Mt. Sterling, Washington, Hillsboro and Maysville Railroad company. Upon this fractional line a part of the stock has been guaranteed, the rights of way obtained and a survey completed.

☞ Hugh Riddle has been elected President of the Chicago, Rock Island and Pacific Railroad Company, vice John F. Tracy resigned. David Dows, Chairman of the Executive Committee, has been promoted to the Vice Presidency, in the place of Hugh Riddle; and Frederick L. Ames elected a director, vice Oliver Ames deceased.

☞ The new steel rails just received by the Atlantic, Mississippi and Ohio road will be mostly laid between Petersburg and Nottoway Court House and Concord Station and Lynchburg. Some will be placed on the Norfolk division, between Petersburg and Disputanta.

☞ The stock dividend of the Pennsylvania Railroad Company declared in February, 1864, payable May 2, 1864, was thirty per cent, and not three per cent as printed in our last issue.

☞ The Government of the United States of Colombia has awarded to Pusey, Jones & Co., of Wilmington, a contract for the construction of two iron tug boats, each 75 feet long.

☞ One thousand tons of steel rails have been received at Norfolk from the Bethlehem (Pa.) iron works, for the use of the Atlantic, Mississippi and Ohio railroad.

☞ Work has been commenced on the Washington end of the Waynesburg and Washington Narrow Gauge Railway.

☞ Hon. James J. Belden has been elected President of the Syracuse and Chenango Railroad Company.

### Commerce of New York.

The foreign imports at New York for the month of March, 1877, are officially stated as follows:

| | 1876. | 1877. |
|---|---|---|
| Entered for consumpt'n. | $13,575,155 | $14,298,420 |
| Do. for warehousing | 10,340 471 | 8 685,293 |
| Free goods | 7,226,442 | 9,011,078 |
| Specie and bullion | 876,799 | 2,407,504 |
| Total entered at port | $32,018,867 | $34,402,295 |
| Withdrawn fr. wareh'use | 4,742,293 | 5,866,653 |

The foreign imports at New York for three months from January 1, were:

| | 1876. | 1877. |
|---|---|---|
| Entered for consumpt'n | $38,935,829 | $38,628,128 |
| Do. for warehousing | 24,576,791 | 19,361,169 |
| Free goods | 24,781,377 | 25,266,556 |
| Specie and bullion | 1,458,459 | 5,412,047 |
| Total entered at port | $89,752,456 | $88,667,900 |
| Withdrawn fr. wareh'se | 20,729,393 | 18,305,025 |

The foreign imports at New York for nine months of the fiscal year were:

| | 1876. | 1877. |
|---|---|---|
| Six months ending January 1 | $148,376,529 | $147,027,452 |
| January | 29,756,259 | 27,606,337 |
| February | 27,977,330 | 26,659,268 |
| March | 32,818,867 | 34,402,295 |
| Total nine months | $238,128,985 | $235,695,352 |
| Deduct specie | 7,356,039 | 29,378,650 |
| Total merchandise | $230,772,946 | $206,316,702 |

The duties received at New York for nine months ending with March, were:

| | 1875-'6. | 1876-'7. |
|---|---|---|
| July | 9,273,546 61 | 7,497,199 39 |
| August | 11 417,505 51 | 10,125,386 42 |
| September | 10,163,829 28 | 8,634,411 36 |
| October | 8,208,316 27 | 8,031,580 14 |
| November | 7 034,576 89 | 5,720,296 82 |
| December | 5,349 574 79 | 4,822,595 04 |
| January | 8,160,728 44 | 8 058,938 72 |
| February | 9,473,003 56 | 8,224,434 61 |
| March | 10,237,275 86 | 8,695,637 63 |
| Total | $79,318,356 21 | $69,810,480 13 |

The exports from New York to foreign ports in the month of March, were:

| | 1876. | 1877. |
|---|---|---|
| Domestic produce | $19,981,600 | $19,299,772 |
| Foreign free goods | 333,757 | 235,752 |
| Do. dutiable | 629,419 | 286,588 |
| Specie and bullion | 5,363,527 | 1,251,312 |
| Total exports | $26 308,303 | $21,073,424 |
| Do. exclusive of specie | 20,914,776 | 19,822,112 |

The exports from New York to foreign ports for three months from January 1, were:

| | 1876. | 1877. |
|---|---|---|
| Domestic produce | $58,641,257 | $63,010,764 |
| Foreign free goods | 1,120,823 | 818,957 |
| Do. dutiable | 1,288,409 | 1,058,278 |
| Specie and bullion | 11,347,945 | 3,490,061 |
| Total exports | $72,397,934 | $68,378,060 |
| Do. exclusive of specie | 61,049,989 | 64,887,999 |

Exports (exclusive of specie) from New York to foreign ports for nine months ending with March, were:

| | 1876. | 1877. |
|---|---|---|
| Six months ending January | $134,944,600 | $151,493,635 |
| January | 21,800,226 | 25,403,169 |
| February | 18,304,987 | 19,662,718 |
| March | 20,944,776 | 19,822,112 |
| Total produce | $195,994,589 | $216,381,634 |
| Add specie | 28,549,257 | 17,960,830 |
| Total exports | $224,543,846 | $234,342,464 |

### Columbus and Toledo Railroad.

At the annual meeting of the stockholders of the Columbus and Toledo Railroad Company, held at Columbus, Ohio, on the 11th inst., the following gentlemen were elected directors for the ensuing year: M. M. Greene, President; William G. Deshler, D. S. Gray, Isaac Eiberly, P. W. Huntington, E. L. Hinman, John Greenleaf, J. D. Van Deman, A. H. Kling, McD. M. Carey, Samuel M. Young, Abner L. Backus and H. S. Walbridge.

The following appointments were made by the President, and approved by the board of directors: Orland Smith, General Superintendent; M. T. Seymour, Train Master; T. J. Janney, Auditor: W. A. Mills, General Freight and Ticket Agent, and D. H. Gaid, Superintendent of Telegraph.

The contracts with the Pennsylvania Company and the Columbus and Hocking Valley Railroad Company, for terminal facilities in Columbus, were ratified by the stockholders.

The report of the President, which was laid before the meeting, is as follows:

OFFICE COLUMBUS AND TOLEDO R. R. Co.,
COLUMBUS, April, 1877.

To the Board of Directors:

As provided in the by-laws, I submit the annual report of the company for the year ending March 17, 1877.

As stated in my last report, the construction of the road was commenced August, 1875. January 10, 1877, the road being sufficiently near completion to commence business, regular trains to Toledo were put on under an agreement with the contractors allowing the company to use the road before a formal legal acceptance thereof, the contractors continuing the work necessary to fully complete it.

A committee of six, consisting of the President, Messrs. Van Deman, Backus, Gray, Kling and Deshler, has been appointed to examine the road and report to the Board before the road is accepted by the Directors. That duty has not yet been performed, owing to the unfavorable weather, but will be in a short time

The original determination to construct a first class road has been adhered to. The track from Columbus to Upper Sandusky, 64 miles, is laid with steel rail (60 pounds to the yard), the remainder of the line with iron of the best quality. The depots, water stations, fencing and telegraph line are completed in a substantial manner. The following equipment has been purchased and paid for: Six locomotives, eight passenger cars, four baggage cars, one hundred box, one hundred flat, fifty stock, sixty one coal and six caboose cars, besides two hundred and twenty six additional coal cars, bought conditionally, November 9 last. A contract (herewith submitted) was concluded with the Pennsylvania company for the joint use of five miles of the Toledo and Woodville railroad from Walbridge (including the bridge over the Maumee river) into the city of Toledo, together with terminal accommodations there; other facilities for business and connections with other roads. This company under the contract has an undivided interest in the property, thus saving an expenditure of money which otherwise would be required to secure the necessary terminal facilities at Toledo. Additional dock room being indispensable to the business of coal, iron ore, lumber, grain, etc., shipped by the lakes to and from Toledo, about 1000 feet more of river front has been purchased by the company, which it is intended shall be ready for business during the coming summer.

On February 22 last, a contract (herewith submitted) was concluded with the Columbus and Hocking Valley Railroad company for the joint use of its terminal property in the city of Columbus, and also for the joint management of the roads of both companies. In accordance with this contract, General Orland Smith, late of Cincinnati, has been appointed General Superintendent of both companies, and is in charge of the operating department. An agreement has been made with the American Express company for its business upon the line. The road is thus far completed, equipped and ready for business, with suitable accommodations at both termini at a cost of less than $80,000 per mile; with no debt except $40,000, principally for real estate in Toledo, and $74,000, the retained per cent. of the contractors.

Considering the continued depressed condition of business during the past year, it is a matter of congratulation that the work has steadily progressed to completion.

Bonds to provide money as needed have been sold without intervention of agencies at the price fixed by the company. The bonds have been sought by parties desiring investments and largely taken in the cities of Columbus and Toledo. Stock subscriptions to the amount of over $800,000 have been promptly paid.

The business of the road to this time has been satisfactory, considering the lateness of the season when it began, the newness of the enterprise, and the condition of the road and the country.

It cannot but be evident to all that the development of the business must necessarily be gradual, depending as it does upon the improvement in the general business of the country, the proper arrangements and connections with other roads, the increasing publicity of the advantages of the line, and the construction of the necessary coal yards, lumber yards, elevators, and other facilities, by individual enterprises at proper points. This growth, while somewhat slow, is sure, healthful and reliable, and there seems to be no reason why it will not in a reasonable time render the property remunerative to its owners.

M. M. GREENE, President.

### The Coal Trade.

The total tonnage for the week ending on the 7th inst., as reported by the several carrying companies, amounted to 376,348 tons, against 392,662 tons in corresponding week last year, a decrease of 16,314 tons. The total amount of anthracite mined for the coal year is 4 329,899 tons against 3,183,096 for same period last year, an increase of 1,146,803 tons. The quantity of bituminous coal sent to market for the week was 69,021 tons, against 76,676 tons for corresponding week last year, an increase of 7,655 tons. The whole bituminous tonnage from the beginning of the coal year is 698,174 tons, against 731,171 tons in corresponding time last year, a decrease of 32,847 tons. The total tonnage of all kinds of coal for the week is 445,369 tons, against 469,338 to corresponding date last year, a decrease of 28,969 tons, and the total tonnage for the coal year is 5,028,073 tons, against 3,914,267 tons, to same date last year, an increase of 1,113,806 tons. The receipts at Perth Amboy for the week ending on the 7th inst. were 24,387 tons, the shipments 25,671 tons, leaving a stock on hand of 141,706 tons. The quantity of coal and coke carried over the Pennsylvania Railroad for the last three days of March was 47,946 tons, of which 37,357 tons were coal, and 10,589 tons coke. The total carried for the year is 1 202,660 tons, of which 988,824 tons were coal and 289,554 tons coke. These figures embrace all the coal carried over the road, east and west.—*Phila. Ledger, Apl.* 16.

☞ The iron on the Ohio Central Railroad (formerly the Atlantic and Lake Erie) is laid northward as far as the Pan-Handle road, three miles west of Newark, at which point a Y is already put down. The Southern terminus is Moxahala. It is doubtful whether the road will be continued beyond its present northern terminus, as the Pan Handle has no interest in that direction.

☞ Charles Holman has been appointed Superintendent of the Miami Valley Narrow Gauge Railway.

### Columbus and Gallipolis Railway.

Columbus, territorially at the center of the State of Ohio, aspires to be also the great railroad center of that State, as Indianapolis is of Indiana. Already railroad lines radiate from it in all directions, the Columbus and Toledo being the last spoke completed from this "hub." The Scioto Valley, extending from the capital southward to Portsmouth on the Ohio river, is half completed and it is said will be completed this summer. The Hocking Valley connecting Columbus with the coal fields lying southeast has long been a profitable road. Its success, together with the agricultural attractions, has sufficed to start another corporation, the Columbus and Gallipolis, to build a line dividing the angle between the Portsmouth road and the Hocking Valley, and striking the coal fields at their southern edge near Jackson's. The length of the line will be about 125 miles, and it is claimed it can be cheaply built.

As a local road it will probably pay in due time; but being of the standard gauge it is proposed also by its projectors to make it part of a through line to the seaboard. The Columbus *State Journal* of recent date says:

No aid from this city or county has yet been asked, but when the company is ready to go to work on the division between this and Carns' Grove, additional facts and convincing figures of the entire practicability and merits of the road will be submitted, and we know that the men of cash of Columbus will not be slow to guarantee the completion of this end of the line. It may be stated that the route from here to Carns' Grove has not altogether been determined upon, and its definite location will depend somewhat upon the liberality of citizens who will be most benefited. Fifty miles of the road is already graded and a number of miles of track also laid, and grading and bridging is being vigorously pushed upon another division, and it is expected to have the road ready for operation at no distant day.

At Gallipolis, the terminus on the Ohio, a town of 2,500 inhabitants situated opposite the mouth of the Great Kanawha tributary, the new line is within forty miles of the Chesapeake and Ohio road, which is already in operation from a point lower down the Ohio to tide water on the James River, by the easiest grades found south of the Albany line. Considerable corn, tobacco, cotton and meats find their way eastward by this line through the Virginias to market, down from the banks of the Mississippi and Ohio.

It is the object of the Columbus and Gallipolis to effect a junction with the Chesapeake and Ohio at the mouth of the Kanawha, the latter company having the necessary charter and perfected surveys whenever it chooses to build the 40 mile spur. The Scioto Valley is also looking to the same outlet to the Atlantic, by a line from Portsmouth of 40 miles, and the Louisville lines are looking to a connection, via Lexington, of 86 miles to the Big Sandy terminus of the Chesapeake and Ohio. The claim of the Gallipolis line to furnish the shortest route between Toledo, Columbus and Washington or the ports on the lower Chesapeake is correct, (550 miles from Columbus to tide water port,) though it would seem as if there were enough competing lines eastward from those points at present. The only advantage to accrue to the new line, would be in case of combination among the four trunk lines, when the new low grade route, having cheap fuel, would be able to cut in, and in this way be recognized as a fifth trunk line.

### Chimbote (Peru) Railway.

Major Alfred F. Sears, who has been in the service of Peru as a member of the Corps of National Engineers for the past four years, has been appointed, by permission of the Government, the Resident Chief Engineer and Superintendent of the Chimbote Railway. Major Sears has been well known in the United States as an advocate of the narrow gauge railways under certain circumstances, and his appointment to this position is considered one of the best that has been made for a long time. Besides the high professional qualifications that have established for him a reputation as an Engineer that commands respect, his general educational acquirements and high social qualities secure for him esteem.

The Chimbote Railway will perhaps be the most important narrow gauge line in the world. With a gauge of three feet and a length of 160 English miles it is to be built at a cost of $24,000,000, through one of the richest mineral regions in Peru. There will be twenty seven tunnels on the line and fifty iron bridges, and we believe the estimated cost of the grand work is considered very low. We doubt not it will be pushed to a speedy conclusion under the able and energetic direction of Major Sears.—*South Pacific (Callao) Times.*

### Railroad, Mining and Manufacturing Co.

A certificate of incorporation has been filed in the office of the Secretary of State of Ohio of the Buckingham Company, Columbus, capital stock $100,000, in shares of $100 each, by Samuel C. Thomas, W. A. Harrison, E. B. Andrews, William Jamison, and H. R. Smith. The design of the organization is the mining and sale of coal, iron ore, fire clay and other minerals, boring for saltwater, and the manufacture, transportation and sale of coke, pig iron, iron rails, and other bar iron, castings, etc., in the townships of Salt Lick and Monroe, Perry county.

In order to facilitate the transportation of the products of said company's mines and factories to market, it is the intention of the company to construct a railroad, commencing at a point on the line of the Newark, Somerset and Straitsville, railroad, near the village of Shawnee, and terminating at a point on the line of the Ohio Central railway, near the village of Ferrara, in said county of Perry, together with such branches and extensions in said county as may be found necessary.

### Cincinnati Southern Railroad.

On Friday, the 20th inst., a delegation of Cincinnatians, representing largely the wealth and business interests of that city, made a tour of inspection of the Cincinnati Southern Railroad to the Kentucky river. The road was found to be in excellent condition. The track is heavily ballasted with broken stone to the depth of fifteen inches, the ties are laid close, and the splendid steel rails, of which the whole line is to be laid, are well put down. At Lexington, Ky., a number of prominent Kentuckians were taken aboard, including Gov. McCreary. Arriving at the Kentucky river it was found that the people of the surrounding country had heard of the coming of the excursionists, and more than a thousand of them had assembled at the bridge.

The bridge was subjected to the severest tests possible, which it stood admirably, the deflections of the spans, with a weight upon them of 1,082,000 pounds, ranging from three inches down to three-quarters of an inch. This bridge is believed to be the highest railroad bridge in the world, standing as it does 215 feet above the river. Its trestles, 87 feet high, rest upon iron piers 175 feet in height, which in turn stand upon huge stone abutments 66 feet high and 130 by 47 feet. The three spans are 375 feet each in length, though the middle section really reaches past the pier a considerable distance on each side, receiving the other sections in telescopic form. The cost is $404,000; the builders, the Baltimore Bridge Company. The work was begun October 16 and ended February 20. The bridge is what is known as the Whipple truss double intersection girder, or continuous cantilmears. The whole structure is of wrought iron.

Amongst the features of the occasion was a speech from Gov. McCreary, of Kentucky, who expressed the opinion that the opening of this road would prove as a bond of union between the sections, bringing as it would the people into a cordial and intimate friendship.

### Northern Central Railway.

We gave in our issue of April 14th, the Report of the President of the Northern Central Railway Company for the year ending December 31, 1876, showing the receipts from operations of the road to have been $4,369,925 50, the operating expenses $3,036,485 81, and the net earnings $1,333,439 69. The Income Account of the Company for the year is as follows:

RECEIPTS.

| | | |
|---|---|---|
| Balance, Profit and Loss Account, December 31, 1875 | | $368,217 61 |
| Gross earnings of— | | |
| Main Line | $2,772,954 53 | |
| Shamokin Division | 280,885 16 | |

| Rents, interest on mortgages and ground rents | 36,716 17 | |
| Rental Shamokin Valley and Pottsville Railroad | 52,167 00 | |
| Interest on equipment Shamokin Valley and Pottsville Railroad | 10,426 21 | |
| Rental Elmira and Williamsport Railroad | 165,000 00 | |
| Interest on equipment Elmira and Williamsport Railroad | 33,977 26 | |
| Dividend Chemung Railroad | 1,659 00 | |
| Interest on equipment Chemung Railroad | 12,118 28 | |
| Rental Elmira, Jefferson and Canandaigua Railroad | 25,000 00 | |
| Interest on equipment Elmira Jefferson and Canandaigua Railroad | 25,239 33 | |
| | $4,502,459 16 | |
| Dividend of 3 per cent on Capital stock | 175,257 00 | |
| | $4,677,716 16 | |
| Balance, Profit and Loss Account, December 31, 1876 | 176,546 77 | |
| | $4,854,262 93 | |

The company own 152 locomotives, of which 61 are on the Baltimore Division, 38 on the Susquehanna and Shamokin Divisions, and 53 on the Elmira and Canandaigua Divisions; 118 in service in good working order, 9 in shop under general repairs, 9 in shop under slight repairs, and 16 in shop for renewal.

The above statement shows 14 per cent more locomotives in good working order January 1st, 1877, than at the same period in 1876. Of the sixteen locomotives in shop for renewal, eleven are condemned as unfit for service, and five represent that number destroyed with a view to filling their places with new locomotives. These sixteen locomotives, however, were not withdrawn from the service during 1876, but were out of service some years previous. It was found necessary during the year to condemn ten additional locomotives, the places of which were filled with new locomotives, constructed from the most improved patterns, and the cost charged to operating expenses. The equipment, therefore, so far as regards the number of locomotives out of service, remains the same as it was January 1st, 1876, but the effectiveness of the power was greatly increased. The new locomotives referred to were distributed as follows: two on the Elmira Division, two on the Susquehanna Division, and six on the Baltimore Division.

The company have also 69 passenger, 22 baggage, 16 express, 4 postal, 1012 box, 527 gondola, 51 stock, 101 box and stock, 38 stone, 2454 eight-wheel and 1698 four-wheel coal, 185 lime, 12 tool, 75 freight caboose, and 12 maintenance of way cars. During the year 4 passenger, 1 baggage and 2 express cars were rebuilt; and 254 freight cars built to fill the place of that number worn out and destroyed.

The mileage of locomotives during the year was as follow:

| | Passenger. | Distributing. | Freight. | Total. |
|---|---|---|---|---|
| Baltimore div. | 857,228 | 26,931 | 948,293 | 1,832,452 |
| Susq. div. | 163,466 | 19,888 | 339 891 | 523,245 |
| Shamokin div. | 37,285 | 3,890 | 81,233 | 122,408 |
| Gr. Spring Br. | 13,535 | 248 | 6,771 | 20,554 |
| Elmira div. | 185,816 | .... | 436,937 | 622,253 |
| Chemung div. | 64,567 | .... | 143,922 | 208,499 |
| Canand. div. | 129,133 | .... | 287,858 | 416,991 |
| Total | 950,530 | 50,957 | 2,244,915 | 3,246,402 |

The following material was used in the track during the year: 7,551 tons steel rails, 1,568 tons iron rails, 38,148 pairs splices, 295,595 lbs. spike, 252,405 cross-ties. The total length of single track, including sidings, is 509.41 miles; length of private sidings, 11.38 miles—total, 520.79 miles. Total additional length of track, 3,351 feet. The General Manager, in his report, says:

The new and commodious grain elevator constructed at Baltimore, was put in operation Nov. 1, and from that date to the close of the year, 499,706 bushels of grain were unloaded.

The new coal-pier at Canton was finished, ready for business, April 1, and 25,084 tons of bituminous coal were shipped over it up to Dec. 31, 1876.

In accordance with the contract entered into between the Tioga and Elmira State Line Railroad Company and your company, a third rail for broad gauge was laid in main track from the junction of Elmira State Line Railroad, two miles south of Elmira, to the southern end of the Elmira shop yard, and from thence to the junction of the Erie Railway, additional right of way, 40 feet wide, was secured, and a three railed track for broad and standard gauge was laid, in order to complete the connection of Tioga and Elmira Railroad with the Erie Railway.

As an illustration of the advantages derived from the use of the superior class of locomotives gradually being placed in service on your line, it may be stated that on the Susquehanna Division the average tons of paying freight moved per each engine, mile run, was, in 1874, 208.33 tons, 1875, 230.23 tons, and in 1876, 234.66 tons, being an increase in 1876 of 2 per cent over 1875, and 15.4 per cent over 1874.

On the 16th of April, the freight and passenger trains of the Lehigh Valley Railroad commenced running through to Shamokin, under a satisfactory arrangement made with this company.

On that portion of the line south of Harrisburg the effect of the centennial travel was scarcely perceptible, but on your lines north of that point the passenger business was very heavy. On one day eleven through passenger trains, with 2,750 passengers, left Elmira for Philadelphia and the South.

It gives me great pleasure to call your attention to the most gratifying result of the year's operations, viz: The transportation of 1,903,645 passengers, and 3,579 024 tons of freight, with no serious injury to passengers or damage to freight on account of accident to trains. There were only three passengers injured during the year, and two of those cases occurred through the carelessness of the passengers themselves. The business of the year largely increased the duties and responsibilities of the Superintendents in direct charge of the operations of the respective divisions, and the satisfactory results attained, both as regards the economy in operating the line and the safety with which the traffic was moved, was mainly due to the hearty co-operation of those officers and their subordinates,

## Financial Statement, December 31, 1876.

ASSETS.

| | | |
|---|---|---|
| Railway and appurtenances | | $12,183,157 18 |

### Debt of Memphis, Tenn.

Messrs. Wilson, Colston & Co., bankers, of this city, have furnished us with a copy of the Act of the Legislature of Tennessee, under which the city of Memphis proposes to settle its indebtedness. The act is general in its character, though it was passed with special reference to the debt of Memphis, and is in furtherance of a plan agreed upon by mayor Plippin and the city's creditors during the past summer. The city proposes to settle all its present indebtedness at the rate of 55 cents on the dollar for all past due sums, and at 50 cents on the dollar for such as are not matured. (The printed copy of the act received reads so as to authorize the settlement of debts not yet due at any rate less than 50 cents, but as the proposition put forward by the mayor is in the terms above mentioned, the word not is probably omitted through a typographical error.) The new bonds are for thirty years, and to bear 6 per cent interest. The coupons are to be received for taxes or other debts due the city, and no other bonds or scrip shall be issued until these bonds shall have been paid. The act further provides for the levying of tax to pay the interest and to create a sinking fund for the redemption of the bonds at maturity. The city is prohibited from levying taxes for general purposes at a higher rate than 1 per cent for the first five years after the proposed settlement, nor higher than 1¼ per cent at any time thereafter while these bonds are outstanding.—*Balt. Sun.*

### Progress of the Southern Pacific Railroad.

Los Angeles, April 14th.—Construction material is now being dispatched to the Southern Pacific Railroad front at the rate of fifty cars a day. This supply is considered sufficient for the construction of two and a half miles of track per day, and the force of laborers on the ground is strong enough to exceed this distance, even with increased supplies. The end of the track to-day is seventeen miles this side of the Colorado river, and it is expected that the distance intervening will be overcome by the latter part of next week. After crossing the Colorado the road will be extended some seven miles up the left bank of the river to Yuma.

### Lehigh Coal and Navigation Co.

The Board of Managers respectfully submit their report for the year 1876, as follows, viz:

| | | |
|---|---|---|
| Revenue from railroads | | $923,275 82 |
| Revenue from Nesquehoning tunnel tolls | | 29,238 40 |
| Revenue from canal | | 200,000 00 |
| Revenue from coal lands | | 500,000 00 |
| Net profit on real estate sold | | 18,164 00 |
| Miscellaneous receipts | | 66,327 02 |
| Total | | $1,732,004 74 |
| Disbursements: | | |
| General expenses | $56,734 74 | |
| Rent and taxes, Nesquehoning Valley R. R. | 143,208 10 | |
| Interest account | 819,789 77 | |
| Taxes chargeable to landed property and improvements | 10,498 16 | |
| Taxes due State on dividends | 69,811 91 | |
| Sinking fund of 10 cents per ton on 606,773 tons coal | 60,677 30 | |
| Three dividends paid in 1876 | 563,670 25 | |
| | | 1,724,390 28 |
| Surplus credited to dividend fund | | $7,614 51 |
| Balance to credit of dividend fund, December 31, 1875 | | 650,073 83 |
| Balance to credit of dividend fund, December 31, 1876 | | $657,688 34 |

The coal tonnage on the Lehigh and Susquehanna Railroad and Lehigh Canal, compared with that of 1875, was as follows, viz:

| | 1875. Tons. | 1876. Tons. |
|---|---|---|
| From the Wyoming region | 1,551,644 | 1,422,486 |
| From the Upper Lehigh region | 138,102 | 260,577 |
| From the Hazleton region, via Lehigh Valley R. R. | 169,464 | 187,149 |
| From the Hazleton region, via Sandy Run branch | .... | 74,632 |
| From the Beaver Meadow region, via Nesq. V. R. R. | 835,270 | 478,281 |
| From the Beaver Meadow region, via Lehigh Val. R. R. | 21,057 | 19,420 |
| From the Mahanoy region, via Lehigh Valley R. R. | 33,867 | 17,264 |
| From the Lehigh region (L. C. & N. Co.'s lands) | 398,042 | 605,660 |
| From Hazardville | 60,984 | 29,888 |
| From sundry shippers | 22,389 | ..... |
| Total | 2,725,819 | 3,095,227 |

| Distributed as follows: | 1875. Tons. | 1876. Tons. |
|---|---|---|
| Delivered east of Mauch Chunk by railroad | 1,895,860 | 2,092,185 |
| Delivered east of Mauch Chunk by canal | 640,821 | 685,195 |
| Consumed along the line above Mauch Chunk | 81,405 | 71,309 |
| Delivered to connecting lines above Mauch Chunk | 72,601 | 119,852 |
| Delivered to Lehigh Valley R. R. at Packerton | 35,132 | 32,457 |
| Increased stock at Hazardville | .... | 84,229 |
| Total | 2,725,819 | 3,095,227 |
| Increase | | 369,408 |

Of the foregoing tonnage there was shipped by the Lehigh and Wilkes-Barre Coal Company 2,257,289 tons.

The total production of that company was:

| | 1875. Tons. | 1876. Tons. |
|---|---|---|
| Of their mines in Wyoming region | 1,350,927 | 1,284,119 |
| Of their mines in Beaver Meadow region | 336,773 | 409,663 |
| Of their mines in Lehigh region (L. C. & N. Co.) | 397,338 | 606,773 |
| Total | 2,085,038 | 2,300,555 |

RAILROAD.

The gross receipts of the company's railroads during 1876, as compared with 1875, were as follows:

| | 1875. | 1876. |
|---|---|---|
| Passengers | $168,078 01 | $159,202 01 |
| Freight and express | 329,918 05 | 293,977 75 |
| Coal | 2,685,649 95 | 2,316,646 18 |
| Total | $3,178,646 00 | $2,769,825 94 |
| L. C. & N. Co.'s proportion | $1,056,548 67 | $923,275 82 |

The revenue for the year was $117,080 79 less than in 1875.

The railroads yielded $136,272 35 less, and the other sources of revenue $19,192 56 more than during the previous year.

There were three dividends paid, two of 2 per cent in March and June, and one of 1½ per cent in September, amounting in the aggregate, including the tax, to $614,400 57. The December dividend could not be paid without encroaching on the dividend fund, and it was deemed wise to pass it. A small surplus for the year of $7,614 51 has been credited to the dividend fund, increasing it to $657,688 34. This result, after the payment of 5½ per cent in dividends, is very gratifying, as the year just closed has been a disastrous one to coal mining and coal transporting companies. The combination which sustained the price of coal for four years was unwilling to reduce prices when nearly every other commodity was steadily declining in value. Excessive prices, depression in iron, and a general prostration of business inter-

ests, caused a light demand for coal in the first half of the year, and the cost of production was increased by the irregularities in working the mines, rendered necessary by the attempt to restrict shipments to the limited demands of the market. Thus, while the high prices were oppressive to consumers, the producers did not derive any material advantage from them, and there was a continued want of harmony, which resulted in an open rupture in August. The resulting decline in prices was aggravated by the sale at auction in New York, of 500,000 tons on the 29th of August. Prices were low and unremunerative during the remainder of the year, but the demand was active at the decline and business more regular, and conducted, both in the mining and transporting departments, at lower cost. Our revenue being fixed on the canals and coal lands, we were not directly interested in the fluctuations in the price of coal, excepting as to the earnings of our railroads. Our lessees, however, suffered severely, both from the irregularities and small amount of business early in the year, and the low prices after August. They were heavily in debt and engaged in an effort to sell bonds when the break in the coal combination compelled them to abandon that attempt to fund floating indebtedness.

The contracts existing between this company and the Central Railroad Co. of New Jersey, and the Lehigh and Wilkes-Barre Coal Co., while not involving us in any responsibility for their debts, make it to the interest of each company to sustain its associates as far as possible within the limits of safety to itself. As long as there seemed any reasonable grounds for expecting a successful result to their several plans for relief from embarrassment, your managers deemed it wise to extend aid to both companies by the postponement of the payment of rents, and by temporary loans to the coal company, which last have all been repaid. Previous, however, to the break in the coal combination, when it seemed probable that a sale of bonds of the coal company would be effected, we agreed to purchase one million of the bonds if other purchasers could be found for four millions additional, and we made a cash advance of about $200,000 in anticipation of the consummation of this scheme, which was ready for presentation to the stockholders of the railroad company about the time of the rupture of the alliance between the coal companies. That plan was then abandoned, as have been all other later efforts to obtain relief, and both companies have recently passed into the hands of receivers. It would have been better for them and for this company if they had yielded to the urgent advice of this company, and had abandoned the contest in December instead of waiting until February.

On the 31st of December our account against the railroad company was as follows:

| | |
|---|---|
| Railroad rent (part of May and September) extended | $200,000 00 |
| Canal income due July 1st extended | 50,000 00 |
| | $250,000 00 |

for which we hold a note of the Central Railroad Co. of N. J., due March 7th, secured by the pledge of $400,000 new ten-year, generally called "Blanket Mortgage" bonds of that company.

There is also due from the railroad company:

| | |
|---|---|
| Rent for October, November and December | $266,996 99 |
| Unpaid income from canal | 62,751 89 |
| Sundry rents | 431 88 |
| | $330,179 76 |
| Less credit— | |
| Six months' interest on construction loan account | 82,898 42 |
| | $297,281 34 |

The balance of the construction loan account was $974,425 20 at the close of the year. We have the right to repay these advances at any time, but the lessees cannot claim repayment while they retain possession of our roads.

The account against the coal company is as follows:

| | |
|---|---|
| L. & W.-B. Coal Co.'s rent of Lehigh mines for July | $41,666 67 |
| L. & W.-B. Coal Co.'s interest, Sept. 1, conv. gold bonds | 25,713 84 |
| Drafts in favor of Central Railroad Co., of New Jersey | 90,334 00 |
| Sundry rents due by coal company | 13,099 87 |
| Cash advances | 229,185 62 |
| | $400,000 00 |

For this amount we hold notes of the coal company, payable on demand, and secured by

| | |
|---|---|
| Mortgages on real estate believed to be good, amounting to | $200,000 00 |
| Consolidated mortgage bonds of the coal company | 333,000 00 |

There is also due by the coal company:

| | |
|---|---|
| Rent of mines for October, November and December | $125,000 00 |
| Other rents, etc | 49,168 70 |
| | $174,168 70 |

Should it ever become necessary to re-enter upon the leased lands and to cancel the lease, it is believed that in such a contingency our security is ample for the recovery of all the overdue and extended rents.

The item, $88,202 17, stated in the balance sheet as due by the coal company, was a temporary loan since paid.

The amounts due by the two companies, aggregate as follows:

| | |
|---|---|
| Note of the railroad company, due March 4, 1877 | $250,000 00 |
| Book account against railroad company | 297,281 34 |
| Notes of the coal company | 400,000 00 |
| Book account against coal company | 174,168 70 |
| | $1,121,450 04 |

This company needed all of its revenues to meet its payments of dividends and of interest on its debt, and failing to receive rents from its lessees, it became necessary, from time to time, to borrow money, and the loans thus made amounted on 31st December to $1,008,173 83. We had under control $1,496,000 of the consolidated mortgage bonds of the company, and the right to issue $594,500 additional for bonds of earlier issues, cancelled by the operations of the sinking funds. We had also $986,970 82 of the convertible debentures due in 1882, part of which has been converted into stock and used as collateral in that form. No difficulty has been experienced in obtaining loans, and none is anticipated. It is believed that no necessity will arise for an increase of this debt, but that it will be gradually reduced through the payment by the Receivers of the two companies of overdue rents.

Current interest charges will be met by current revenue, which the receivers must pay if they wish to retain possession of our property.

The reports presented to the stockholders in 1875 and 1876, gave detailed information about our contracts with the Central Railroad Co. of New Jersey, and the Lehigh and Wilkesbarre Coal Co., but it will not be considered inappropriate if we again refer particularly to our relations to the two companies. There is

First. The lease of March 31st, 1871, of the Lehigh and Susquehanna Railroad, and branches to the Central Railroad Co. of New Jersey, under which they agreed to pay us one-third of the gross receipts of the road, and to assume the principal and interest of $2,310,000, of our five million gold bonds, which mature in 1897.

Second. The contract of December 31st, 1873, under which the same Co. operates our canals, and assumed the obligations under our contract with the Delaware Division Canal Co. The income guaranteed to us from this source is $200,000 a year.

Third. We sold our Wyoming lands to the Lehigh and Wilkes Barre Coal Co., and as part of the purchase money they gave to the trustees of our five million gold loan, a first mortgage for $500,000, on eight hundred acres of coal land, and they also assumed the outstanding bonds issued under our convertible gold loan due in 1897, then amounting to $856,000, now reduced by the action of the sinking fund to $771,000.

Fourth. We leased our Lehigh coal property on December 31st, 1873, to the Lehigh and Wilkes Barre Coal Co., at a minimum rental of $500,000 a year.

The leased railroads connect the leased and other mines of the Lehigh and Wilkes Barre Coal Co., with the Central Railroad Co.'s main line at Phillipsburg. The Coal Co.'s mines produce an abundant supply of first class coal of the different varieties of anthracite, and this product forms the largest and most profitable source of revenue of the Central Railroad Co.

The alliance is a very natural one, and the earning capacity of the joint properties is, in prosperous times, very large.

In the present condition of the coal trade, and the fact that both of the companies to which we leased our property are in the hands of receivers, raises the question whether our lessees can carry out their agreements, and if not what will be the result to this company, if the properties revert to us? The properties ought to be held together and operated under one control, and we do not propose to take any active steps towards severing the alliance, unless compelled to do so by the action of our lessees, or the receivers managing for them.

While the claims of bondholders and other creditors were constantly maturing and had to be met, we could not collect our rents, but these creditors are now deferred and we ought to be paid regularly.

In regard to the first of the leases named we desire to call attention to the fact that the annual reports made to the Auditor General of Pennsylvania, of the operation of our railroad, by the Central Railroad Co. of New Jersey, give in detail the receipts and the cost of maintenance and operation. These reports show that the lessees have, during every year since it obtained possession of the roads, made a profit in operating them over and above the one-third of gross receipts paid to this company, and over and above the interest on the $2,310,000 bonds assumed.

The recent large decline in the price of the bonds of the five million gold loan indicates a want of knowledge of the fact that the equipment which was sold to the Central Railroad Co. for $2,310,000, payable in bonds secured by that mortgage, remains under the control of the Trustee of the mortgage. It is all marked "L. C. and Nav. Co.," has been subject to frequent inspections by our agent, is known to be in good condition, and all locomotives and cars abandoned or destroyed have been replaced. If that company fails to pay the interest on the bonds it is a violation of the contract which entitles this company to repossess itself of its whole property, railroads as well as equipments; and the equipment has an earning power in excess of the amount of annual interest on the $2,310,000 bonds.

Second. The canals yielded us an average annual income of $140,000 over and above the rent of the Delaware Division Canal for the six years, from 1868 to 1873 inclusive. Since 1873 they have been operated by the Central Railroad Co. of New Jersey, under the agreement to pay us $200,000 a year, and to assume the Delaware Division Canal charges. A small profit over the amount paid to us was realized in 1874, but there was a considerable loss to them in 1875, and a larger loss in 1876, which losses were partly due to a diversion of canal tonnage to the railroads.

The canals are in fine condition, and are capable of earning, under judicious management, the amount contracted to be paid to us. There is some collateral advantage to the railroad company in the control of this as a parallel line of transportation. The canals cannot be returned to us without thereby giving us the option of cancelling

the lease of our coal lands to the Lehigh and Wilkes Barre Coal Co.

Third. If the coal company fails to pay the interest on the $500,000 mortgage it will be foreclosed by our Trustee. The $771,000 convertible gold bonds are secured by a first mortgage of property worth, at a low valuation, at least two millions of dollars.

In explanation of the "Fourth" item, namely, the lease of the coal lands, we will state that when we made the lease the mines had a productive capacity of about 500,000 tons per annum. To reduce the cost of mining it was necessary to increase the product, and this involved a large expenditure of money. As we could not at that time command the necessary means, we were willing to lease to a party who would make the improvements and pay us a minimum annual rental of $500,000 while the improvements were in progress, as well as afterwards. It was supposed when the lease was made that losses would be sustained by the lessees during the first two years, but that in the third year there would be a profit. The anticipated result of the operation of the mines for the year 1876 was not realized. They have expended a million of dollars in improvements, the mines can now produce a million of tons of coal a year, but the prices realized from sales are unremunerative.

The minimum rent is $500,000 a year, but there is a memorandum account kept of royalty on the coal actually mined and sent to market, at 21 per cent. of the selling price at Mauch Chunk. We have heretofore reported annually to the stockholders the condition of this memorandum account, and have explained that the lessees have the right to take, hereafter, from the lands, enough coal at the current rate of royalty at the time to recover this excess without interest. They have no further claim and must first mine and pay for a minimum quantity of coal, which, after this year is fixed at a million of tons per annum. This may increase the rent, which is never to be less than $500,000 a year.

In the present condition of the coal trade it is impossible to make any reliable estimate of revenue for this year. The mines tributary to our roads are capable of delivering to the railroads and canals a much larger amount of coal than they have at any time heretofore transported. The Sandy Run branch was completed in June last, and delivered to the main line after that date 74,632 tons of coal. It will be a valuable feeder, giving us a large increase of tonnage. The roads and equipment, the canals and mines are all in good condition, and we need only an increase of demand and of price of coal to yield large returns to all parties interested.

There can be no reasonable doubt that, according to the terms of the several leases, we might now exercise the options therein reserved to us, and terminate the leases themselves. Both the railroad and coal companies having failed to comply with the terms of their contracts our right to re-enter upon the respective properties cannot be questioned, in which case they would revert to us in excellent condition, and in the case of the coal company, without cost to us for the improvements made; but we have hesitated to enforce a measure involving so serious a loss to the lessees, which an early change in the coal trade would save to them. Our efforts have been exerted to preserve the alliance between the companies until brighter times, in the belief that the best interests of all would be promoted by the preservation of the leases in their integrity, and it was in pursuance of this object that we have allowed the lessees to become so largely indebted to this company.

We desire to express to the stockholders our belief that the company has abundant security for the amounts due, and that the liberality of our course was fully justified by the circumstances at the time, and that no other course would have entitled us to your confidence.

By order of the board of managers of the Lehigh Coal and Navigation Company.

E. W. CLARK, President.

### BALANCE SHEET, January 1, 1877.

| | | |
|---|---|---|
| Lehigh and Susquehanna Railroad construction and branches | | $13,718,106 26 |
| Lehigh Navigation and shipping improvements | | 3,099,056 71 |
| Coal lands and improvements—Lehigh region | | 7,788,627 86 |

| Dividend fund | | 657,688 34 |
| | | $31,242,639 69 |

*President.*—E. W. CLARK.

*Managers.*—Francis R. Cope, Francis C. Yarnall, Fisher Hazard, Charles Parrish, Charles Wheeler, George Whitney, Alexander Biddle, John Leisenring, James M. Wilcox, Edward Lewis, T. Charlton Henry.

*Secretary and Treasurer.*—SOLOMON SHEPHERD.

☞ The gross earnings of the Philadelphia and Erie Railroad in March, 1877, were $221,788 91, the expenses $159,611 74, and the net earnings $62,177 17; net earnings in March, 1876, $37,572 27—increase, $24,604 90.

☞ The town of Lawrence, Michigan, has voted $20,000 in aid of the Toledo and South Haven Narrow Gauge Railway. Surveys are in progress between Lawton and Lawrence.

### Railways in Canada.

The total mileage of railways owned or controlled in Canada is 5,407 miles, from which is to be deducted 115 miles of the European and North American, and 228 of the Grand Trunk, or 343 in all, which run through United States territory, leaving 5,064 miles actually on Canadian soil. There was, on the 31st of December last, one mile of railway for every 870 persons in the Dominion. The total capital invested in these railways amounts to $307,501,854, composed as follows:

| | |
|---|---|
| Ordinary share capital paid up | $109,052,917 |
| Preference capital paid up | 68,412,179 |
| Bonded debt paid up | 72,075,391 |
| Paid subsidies and loans by Dominion government | 45,332,815 |
| Paid subsidies and loans by Ontario government | 2,780,904 |
| Paid subsidies and loans by Quebec government | 728,526 |
| Paid subsidies and loans by New Brunswick government | 822,500 |
| Paid subsidies and loans by municipalities | 8,316,622 |
| Total | $307,501,854 |

There are 1,924 locomotives on Dominion railways; 1,387 passenger and baggage cars; 20,315 box, cattle, and platform cars, and 1,271 cars for the carriage of coal and iron, or a total of 23,997 vehicles of all kinds. There are 187 level crossings guarded by watchmen, and 4,655 unguarded. The sharpest curve is on the Prince Edward Island Railway, being 400 feet radius. The total number of train miles in 1876 was 19,735,286; the total number of passengers carried, 6,327,854, and the total number of tons of freight handled was 6,827,508. The total earnings of the different railways last year was $20,021,637, and the operating expenses $17,217,354. Thus the profits were $2,804,283, which would not go a great way in paying interest on the total invested capital of $307,500,000. Last year, 113 persons were killed on the Dominion roads, and 324 injured.

In addition to the above, there are now in course of construction throughout the country a total mileage of 2,201, of which 75 are narrow gauge; and besides this the Dominion government is now proceeding, very slowly it is true, with the construction of the Canadian Pacific Railway, 2,700 miles long, between the mouth of French River, on the Georgian Bay, and the Pacific province of British Columbia. The cost of this undertaking will probably reach $100,000,000, involving an addition to the national debt ($150,000,000) of $25 per head of the population; or, to put it in another way, the outlay of $100,000,000 by the four million of people in the Dominion is, in proportion to population, equal to an outlay by the United States of $1,000,000,000.—*Cor. Chicago Times.*

☞ Pursuant to an order of the United States Circuit Court of the States of Illinois and Indiana, duly entered, directing the delivery to the purchasers, under the late foreclosure sale, the railroad and property appurtenant thereto, of the late Chicago, Danville and Vincennes Railroad Company, Mr. F. D. Huidekoper, as general manager for the purchasers, announces that he has entered into the possession, control and management of all said property. Until further notice the road will be operated by him for the purchasers. The road is to be reorganized as soon as possible as the "Chicago and Nashville Railroad."

☞ The directors of the Detroit, Monroe and Toledo Railroad Company, elected on the 24th inst., are: Augustus Schell, E. D. Worcester, W. L. Scott, Amasa Stone, Jr., Henry B. Paine, Charles Paine, George B. Ely, C. P. Leland, Albert Keep, Philo Morhous, and John Newell.

### Financial and Commercial Affairs.

War reports and rumors from Europe have served to stimulate business in produce and merchandise, notably in the instances of breadstuffs and provisions, which advanced sharply on excited markets, leaving off buoyantly under more or less of speculative manipulation. The influence of the foreign advices has also been felt at the Gold Exchange where speculative dealings have been more extensive. These circumstances have made little impression on the Money market which has been very liberally supplied at generally unchanged rates. The demand for accommodation has not been remarkably urgent, even on speculative account. Call loans have been generally quoted at 2@4, with most of the important negotiations reported at 2½@3 per cent; and very choice to strictly prime mercantile credits rated at 3½@5 per cent per annum. The City banks, last week, reported a further increase in their legal tender and specie reserves, as also in their deposits, with a decrease in the loan and discount item, and a slight addition to the circulation. The loan and discount average was reduced $1,630,000. The item of circulation was enlarged $19,600. The deposits were augmented $344,500, and the legal tender reserve $1,628,300; and the specie average $485,700.

The City banks reported their average of gold last week at $20,254,800, as against $18,077,800 same date last year; and their greenback average at $45,896,200, as against $41,396,800 on April 23, 1876. Their deposits stood at $220,381,450, against $208,262,400 same time in 1876. The

loan item was $257,609,700 against $258,752,400 a year ago.

The City bank net reserve of specie and legal tender notes now shows an excess over the legal requirement of reserve to liabilities of $11,067,650, as against $9,039,775 the preceding week (the lowest footing of this item thus far in the current year,) and $24,781,800 on January 27 (which latter was the highest aggregate reached this year.) The City bank exchanges in currency reached $412,451,080, or a daily average of $68,741,847.

The aggregate of the outstanding U. S. currency of all denominations, April 1, was $386,568,464. The outstanding amount of legal tender notes is $362,656,204. The National bank circulation is now $318,092,408 of currency notes and $1,428,920 of national gold bank notes.

National Bank notes received at the Treasury Department last week for redemption were to the amount of $5,333,000.

The U. S. Sub-Treasury in this city closed the week ending on Wednesday with a currency balance of $41,835,123, against $41,766,747 the preceding week; and a coin board of $76,827,467, against $75,166,517 on the previous return. The Customs revenue of the port during the past week was $1,593,000.

The income of the Government from internal revenues last week was about 2½ millions, and since July 1, 1876, about 93⅛ millions; and from Customs last week about two millions, and since July 1, 1876, about 105½ millions.

On Tuesday of this week the cash balances of the Treasury Department at Washington were: of Currency, $8,933,000; special deposit of lega tenders for the redemption of certificates of deposit, $41,980,000; Coin, $91,693,169, including of Coin certificates, $48,546,700.

Gold has been more freely dealt in on speculative account, the price fluctuating frequently and in instances quite sharply, during the week. The exciting news from Europe, as to the political and military situation there, has been most influential in shaping the course of the movement. The Customs call has been light, and the export drain unimportant. The extremes of the price during the week have been 106⅜@107⅞, closing on Wednesday at 107, as against 106⅝ on Wednesday of the preceding week. The lowest point yet touched was 104¼, on Friday, March 2d. The specie outflow last week was confined to $258,835, (of which $129,180 in Spanish gold to Havana and $112,555 in various forms to Liverpool and London,) making the total exports of specie hence since January 1, $4,595,894, against $15,529,852 the same time in the preceding year. The imports of specie at this port last week were $6,375, (of which $3,670 from Port au Prince, and $2,705 from Truxillo,) and since January 1st $6,147,928 as against $1,483,936 same time last year. The Customs demand for gold last week averaged $265,500 per day. Foreign Exchange has been fairly active and quoted generally firmer. Bankers' sixty day bills on London closed on Wednesday at $4 87@$4 87½; sight bills on London at $4 89@$4 89½ to the £ sterling. The week's imports of Dry Goods and general merchandise were to the specie value of $5,442,170 as against $6,954,749 the corresponding week of 1876. The week's import entries of Foreign Merchandise at New York included $1,887,175 of Dry Goods and $4,054,995 of General Merchandise. The week's exports of Domestic Produce and Miscellaneous Goods from this port were $5,626,808, against $4,852,548 same week in 1876.

Government securities have been more active and generally stronger as to price, though variable, as influenced by the fluctuations in the Gold premium. At the close the market was quoted quite firm, leaving off on Wednesday as follows:

United States currency sixes, 124½@125; do. 6s, 1881, registered, 112⅞@113; do. coupon, 113⅞@114⅛; do. 1865, registered, 107; do. coupon, 111; do. new, registered, 110@110¼; do. coupon, 110@110¼; do. 1867, registered, 112⅝@112⅞; do. coupon, 112⅝@112⅞; do 1868, registered, 114¼@115; do. coupon, 114¼@115; do. ten-forties registered, 112@112¼; do. coupon, 112¾@113; do. five-twenties, 1881, registered, 110⅝@110⅞; do. coupon, 111⅝@111⅞; do. 4½ per cents, 1891, registered, 108⅛@108⅜; Central Pacific Gold Bonds, 107½@107¾.

The amount of U. S. bonds held by the Treasurer of the United States, as security for the National Bank circulation, is $340,485,100, and $18,898,000 as security for public deposits.

State and Railway bonds have been more sought after on investment account, the more substantial loans showing at the close generally more firmness as to values. And in the line of Railway and Miscellaneous share property the week's business has been extensive, but prices have been much depressed and very irregular, partly due to speculative manipulations, closing with more firmness.

Much more animation has been apparent in general business, the demand for supplies having been decidedly brisker most of the week, especially in the Breadstuffs and Provision lines, and prices advanced sharply in these instances under the very stimulating tenor of the cable advices. Cotton and Petroleum attracted less attention and left off heavily.

A fair movement has been reported in Metals, prices of which have been quoted generally about steady, with Eglinton Pig Iron quoted at $24 75@$25; Glengarnock $26; Coltness $26 50@$27; No. 1 American Pig at $18 50@$20 50; No. 2 do. at $18@$19 50; Forge $18 50@$20 50; American Rails at works $36@$40; Old Rails $18@$20. Wrought Scrap $24@$26. Of Steel Rails, 6,000 tons have been sold, part reported on the basis of $49@$50 at the mills. Ingot Copper in more request and quoted 19¼@19⅝.

Hardware has attracted less attention at about former quotations. Boots and Shoes have been fairly active at unchanged figures. Dry Goods have been pressed for sale in most instances, and quoted weaker in price on a moderate demand.

Ocean freights have been more active, and for Grain accommodation decidedly stronger, closing firmly. Liverpool steamer rates at the close for Grain 6@6½d. per standard bushel, as against 5d. at the close of the preceding week. Provisions, 25s.@30s.; Tallow, 20s.@22s. 6d.; Oil Cake, 17s. 6d.@20s.; Leather, 30s. per ton; Cotton, ½d. per lb.; Apples, 8s. per bbl, Liverpool, by sail. Cotton, ½d. Grain, nominal. Oil Cake, 15s. Measurement Goods at 15s.@17s. 6d. Grain rates on charter hence for Cork and orders left off at 5s. 9d.; for the Continent, nominal; and from Baltimore for Cork and orders, 5s. 9d.@6s. per quarter. Refined Petroleum hence for Cork and orders, 4s. 3d.@4s. 6d.; for the Continent, 3s. 9d.@4s. 3d. per bbl.

The following quotations of sales of Railway and other securities are in addition to those given elsewhere in our columns:—

# FISK & HATCH,

## Bankers,

No. 5 Nassau St., New York.

U. S. Government Bonds bought and sold in amounts to suit investors: also, Gold, Silver and foreign coins: Deposits received in Currency or Gold, and interest allowed on Balances: Special attention paid to Investment Orders for Miscellaneous Stocks and Bonds.

### Boston, Winthrop and Point Shirley R. R.

Until recently it was the intention of the Boston, Winthrop and Point Shirley Railroad Company to use forty pound per yard T rails in the construction of the road, but after a full investigation, and by the indorsement and advice of the best railroad engineers, it was decided to use twenty pound per yard angle rails, bolted to substantial wooden stringers, which are placed on ordinary ties, and by which dangers proceeding from broken rails are avoided, and a large saving made in cost of construction. The contract for the rails and completion of the road has been signed by Albert L. Rice, Esq., president of the Angle-Iron Railway Construction Company of Boston. The rails will arrive this week, and tracklaying will be begun immediately.

It is believed that the construction of this road will make a new era in the history of railroads, and that a complete revolution in construction will take place, as the angle rail is adapted to standard as well as narrow gauge roads.—*Boston Daily Adv., Apl.* 24.

### Northern Pacific Railroad.

During the month of March, 1877, the Northern Pacific Railroad Company sold 34,133.12 acres of land. The first sale made was on the 1st of June, 1872. The total sales to 31st March amounted to 887,134.79 acres, for which the company have realized $4,163,787 64. The tide of travel to the Black Hills gold fields, heretofore almost exclusively monopolized by the southern routes, is now turning toward what is known as the Custer route; that is, by the way of the Northern Pacific Railroad from St. Paul to Bismarck. By the connections now made by this route there is a continuous run from Chicago or St. Paul to Bismarck—at that point connecting with the Northwestern Stage and Express Company's line to Deadwood. The trip is made from Chicago to Deadwood in 84 hours. The route offers great attractions in way of low rates, quick time and first class accommodations, and bids fair to be a formidable and lively competitor of the older lines for the Black Hills business.

☞ The certificate of incorporation of the People's Line of passenger railway in Baltimore has been filed at the executive chamber.

### Colorado Central Railroad.

The Denver *Democrat* is authorized to state that all law suits between the Union Pacific and Colorado Central have been settled by a mutual understanding satisfactory to all concerned. It is expected that no annual meeting of the Colorado Central will be held this year, but that everything will go on as at present under the management of President Loveland. No changes are anticipated among the officers of the road, as the different counties could hardly ask for a better representation than they have at present, while the outside stockholders are content to trust the care of their interests with the general manager. The first active work of the season will be towards the west, and, for the purpose of starting this, President Loveland went to Idaho Springs this morning, to secure the right of way for an extension to that town of the Floyd Hill branch, in case the right of way is not found to be reserved in the Idaho charter. Should there be no difficulty under this head, the road will be finished to Idaho Springs by the first of June, in time to accommodate the summer travel. From Idaho the road will be pushed to Georgetown early in the fall, if the right of way and depot grounds can be secured in time to arrange for the work.

☞ The report of the Receiver of the Erie Railway Co., filed in the County Clerk's office on the 24th inst., shows the balance on hand on the 1st of February to have been $299,745 70; receipts during the month, $2,250,616 17—total, $2,550,361 87. The expenditures during the same time were $2,066,913 70—leaving the balance on hand February 28, 1877, $483,448 17. The aggregate of the Receiver's certificates which have been issued amounts amounts to $6,487,948 14, and the aggregate of such paid and canceled amounts to $4,412,832 84, leaving outstanding February 28, 1877, $2,075,115 80. The increase in Receiver's certificates during the month of February was $441,436 10.

☞ John W. Johnson, of Baltimore, has been elected President of the James River and Kanawha Canal Company and the Buchanan and Clifton Forge Railroad Company. A resolution was adopted by the stockholders of the canal company looking to a vigorous prosecution of the work of completing the railroad.

☞ The officers of the Boston, Winthrop and Point Shirley Railroad Company, recently elected, are: President, Samuel G. Irwin, Winthrop; Vice President, Albert L. Rice, Boston; Treasurer, Frank H. Hills, Boston; Superintendent and Chief Engineer, James W. Teague, East Boston; Clerk, E. G. Allen, East Boston.

☞ Articles of consolidation have been adopted by the stockholders of the Kansas and Nebraska and St. Joseph and Western Railroads (successors of the St. Joseph and Denver City Railroad) whereby the whole road will in future be operated under one management.

☞ It is reported that between $30,000 and $40,000 have been subscribed to the Adelphi branch of the Scioto Valley Railroad.

☞ Ties and material have been delivered and the work commenced on building a railroad from Paulding to Cecil, Ohio.

### The Coal Trade.

The total tonnage for the week ending on the 14th inst., as reported by the several carrying companies, amounted to 429,923 tons, against 403,328 tons in corresponding week last year, an increase of 26,600 tons. The total amount of anthracite mined for the coal year is 4 759,823 tons against 3,587,193 for same period last year, an increase of 1,172,630 tons. The quantity of bituminous coal sent to market for the week was 76,913 tons, against 75,036 tons for corresponding week last year, an increase of 1877 tons. The whole bituminous tonnage from the beginning of the coal year is 775,087 tons, against 827,867 tons in corresponding time last year, a decrease of 52,780 tons. The total tonnage of all kinds of coal for the week is 506,836 tons, against 478,359 to corresponding date last year, an increase of 28,477 tons, and the total tonnage for the coal year is 5,534,910 tons, against 4,415,060 tons, to same date last year, an increase of 1,119,850 tons. The receipts at Perth Amboy for the week ending on the 14th inst. were 16,509 tons, the shipments 13,320 tons leaving a stock on hand of 144,895 tons. The quantity of coal and coke carried over the Pennsylvania Railroad for the first week in April was 90,060 tons, of which 76,077 tons were coal, and 13,988 tons coke. The total carried for the year is 1,292,720 tons, of which 1,039,401 tons were coal and 253,537 tons coke. These figures embrace all the coal carried over the road, east and west.—*Phila. Ledger, Apl.* 23.

### Ohio Narrow Gauge Railroads.

The following list of Narrow Gauge Railroads constructed and projected in Ohio is from the Cincinnati Commercial:

The Miami Valley Railroad, to leave Cincinnati by way of Deer Creek, passes through Norwood, Montgomery and Lebanon, to Waynesville, and thence by way of the projected Port Williams and Jeffersonville and Jeffersonville and Mount Sterling lines to Columbus, though not the longest, is perhaps the most important of the narrow gauge railroads centering at Cincinnati. Columbus is reached by a route ten miles shorter than that followed by any of the existing lines. The building of the road is under contract from Cincinnati to Waynesville, a distance of forty-one miles, and the work of grading is already well along. Mr. J. B. Benedict, the contractor, proposes to begin tracklaying in a short time, expecting to have trains running from Waynesville to the tunnel between Cincinnati and Norwood by the first of July, and to the depot ground, at the corner of Court and Broadway, some time in August. This line traverses as rich and thickly peopled a district as the State contains, passing through a wide belt heretofore unprovided with a convenient road to Cincinnati. No less than four branch lines of greater or less length have been projected with a prospect that they will all be built. One of these, passing south of Dayton, is to terminate near the Indiana line. The others lead respectively to Jamestown, Washington Court House, and the coal fields to the north and east.

The Cincinnati and Portsmouth Railroad, to connect these two cities by a route one hundred miles in length, is well under way. The grading is already done through Mount Washington and Mount Carmel to Bethel, a distance of twenty eight miles, and will be ready for trains in June. Georgetown, twelve miles beyond Bethel, it is thought will be reached by the 1st of September. A branch line to Aberdeen, opposite Maysville, is projected.

A second line from Cincinnati to Portsmouth, the Cincinnati and Eastern Narrow Gauge Railway, takes a more northerly route, leaving the city by way of the Miami Valley line, passing through East Walnut Hills, Red Bank, Newtown, Batavia, Williamsburg and Winchester to eastern terminus.

The Cincinnati, Ohio River and Virginia Railroad is the longest of the narrow gauge lines yet projected. Its proposed route is along the Ohio river from Cincinnati to Huntington, where it is intended a connection will be made with the Chesapeake and Ohio Railroad. The initiatory steps toward the building of this line were taken last summer. Progress, however, has been seriously impeded by the diversion of local subscriptions along the line to the New Richmond branch of the Cincinnati and Eastern railroad.

Excepting the Mount Lookout dummy railroad, the College Hill was the first narrow gauge railroad built about Cincinnati.

The Cincinnati and Westwood narrow gauge railroad, running from Brighton Station, up winding valleys, to Westwood, now some time in operation, was built with exceptional care.

The projected Cincinnati, Avondale, Glendale and Hamilton railroad is to leave the Miami Valley line at a point near Spring street, pass near the Avondale Town Hall, thence west to a point near the Zoological Garden, and on to St. Bernard, Chester Driving Park, and the numerous towns further up the valley.

### Sending Steamers Across the Continent by Rail.

The transporting of large steamers across the continent has been successfully carried out within a few weeks. In October, 1876, George H. Bradbury, President of the Occidental and Oriental Steamship Company, made a contract with Fletcher, Harrison & Co., of New York, for the construction of two side-wheel steamboats, each of the following dimensions: keel, 110 feet; beam, 32 feet; depth of hold, 10½ feet. Each was to have two boilers, one vertical beam condensing engine, with a cylinder 50 inches in diameter and 11 feet length of stroke. The contract provided that the hulls, machinery, and joiner work should be built and fitted together in New York, and that when completed the boats should be taken to pieces and shipped by rail to San Francisco, and there put together again. In accordance with their agreement, Fletcher, Harrison & Co., early in March, forwarded the hull and machinery of the first vessel, and they have since dispatched the hull and machinery of the second, with the joiner work for both. The boilers for the second boat are now on the way to San Francisco. The entire weight of the vessels and machinery as shipped was about 800 tons. The four boilers were completed before shipment, and taken on locomotive trucks to Buffalo, whence they were transported without change to their destination. Each shipment has been delivered about twenty days after it left New York.

### Philadelphia and Trenton Railroad.

At the annual meeting of the Philadelphia and Trenton Railroad Company, held in Philadelphia on the 17th inst, the report of the president, Strickland Kneass, Esq., for the year 1876, was presented and adopted, from which the following extract is made, showing the operations of the road for that period. The receipts were:

| | |
|---|---|
| From passengers | $2,262,611 31 |
| From freight | 688,042 50 |
| From mail and express | 128,300 16 |
| From miscellaneous | 2,389 84 |
| Total | $3,076,343 81 |
| The expenses for operating, maintaining the road, &c., were | $1,049,664 64 |

The whole number of passengers carried during the year was 4,231,969; amount of freight transported (in tons of 2,000 pounds), 2,001,825. The President in his report further says:

During the past year this company, as lessee of the Connecting Railroad, have, at the request of the Pennsylvania Railroad Company, their lessee, given their consent to the sale of certain property owned by the said Connecting Railroad Company, and located west of the Junction Railroad and east of Belmont avenue, in the Twenty-fourth ward, which property was not required by the lessee for railroad purposes as such lessee. This sale was made to the Pennsylvania Railroad Company for the sum of $150,000, which was appropriated for the uses as provided in the fourth article of the mortgage given by the Connecting Railroad Company. At the close of last year's accounts our lessee held the sum of $49,528 02 to be appropriated for betterments upon our line, to which has been added the further sum of $5,000, as instalment upon sale of property. And during the same time there has been expended upon betterments, as per account rendered, the sum of $38,096 86, thus leaving a cash balance in the hands of lessee amounting to $16,426 16.

We take pleasure in reporting that the quarterly rental has been regularly paid, and that your road and appurtenances are in excellent condition, no expense being withheld by your lessee in sustaining the character of your line as a first class railroad, and such as is demanded by an important link in the line of travel between the north and south.

### Cotton Movement.

NEW ORLEANS, April 19.—Statement of the National Cotton Exchange of America: Net receipts at United States ports from September 1 to March 31, 3,757,791 bales; stock at United States ports March 31, 724,018 bales; total overland direct from producers to March 31, 505,847 bales; shipments direct to mills to March 31, 246,295 bales; in transit to delivery ports March 31, 15,506 bales; foreign exports and Canada to March 31, 2,416,920 bales; in transit between delivery ports March 31, 8,924 bales; taken by Northern spinners from ports March 31, 722,600 bales.

☞ Articles of incorporation of the Racoon Valley Railway Company, with a capital stock of $10,000, have been filed in the office of the Secretary of State of Indiana. The proposed line begins at Montezuma, extending through the counties of Park, Vigo and Clay, to Brazil. The length of the road is twenty-five miles. The directors are: P. M. Kent, Henry Crawford, George F. Bidwell, Samuel McConnell and George M. Rogers.

# ENVELOPES.

The subscribers beg leave to inform Railroad Companies, Manufacturers, Banks, Bankers, Insurance Companies, and all others who use Envelopes that they are largely in the Envelope Manufacturing business, having Machinery for producing 1,000,000 Envelopes per day. Their Folding Machines are the best in use, gumming the seal flap and folding the Envelope at the same time, giving a fine even gumming. Their assortment embraces every style, from the cheapest to the best, including Manilla Envelopes for Railroads—at very low prices. The small Envelopes for City Railroads—printed with different denominations—such as 10, 25, 50 and 100 cents—supplied by the large quantity very cheap. Samples sent when requested.

### Canadian Pacific Railway.

The Report of Mr. Sanford Fleming, Chief Engineer, of the survey and preliminary operations on the Canadian Pacific Railway, states that the surveys, commenced in 1871, have extended over a period of six years, and now stretch from the valley of the Ottawa, west of the capital, to that portion of the Pacific coast lying between Alaska on the north and the Straits of San Juan de Fuca on the south. Consequently they embrace a field of inquiry extending over 54 degrees of longitude, limited by 10 degrees of latitude. The three regions into which Nature has divided the territory to be traversed by the railway may be designated as the woodland, the prairie and the mountain regions, and their specific characteristics are strongly marked. Most of the central or prairie region has been repeatedly traversed by scientific explorers and its characteristics well understood; but much of the mountain and woodland regions have been until recently unvisited and unknown. To a great extent both were held to be rugged and impenetrable. The expenditure for these surveys up to December, 1876, during the six years, has been $3,136,165.

The report states that the examinations have not all been of the same character, being dictated according to circumstances and varied as expediency suggested. They may be classified thus:—1. Explorations; 2 Exploratory surveys; 3. Revised surveys; 4. Trial locations; 5. Location surveys; and 6. Revised locations.

At the commencement of the survey all the sources of information open to inquiry with regard to the passes through the Rocky Mountains were consulted, and after careful examination it appeared that the two passes known as the Howse and the Yellow Head possessed advantages which, taken in conjunction with the approaches to them best warranted further examination. It was moreover evident that the obstacles which intervened between the passes and the coast of British Columbia were of a very serious character, and that the selection of the pass through the main Rocky Mountain range depended on the discovery of a practicable line across the whole mountain region. After various examinations the Yellow Head Pass was for the time selected. It was further found that it was possible to reach the coast by the course and outlet of the rivers Thompson and Frazer, the line terminating at an excellent harbor on Burrard Inlet. It was discovered that portions of the route through the Rocky Mountain region would be expensive, yet that the engineering features which govern the cost of operating a railway and transporting goods gave promise of being much more favorable on the Canadian than on the American route. The United States Pacific Railway attains an altitude above the sea at four different points, fully double the height of the great continental summit on the Canadian line, and for 1,300 consecutive miles there is no altitude so low on the railway between San Francisco and New York as the highest summit of the line through the Yellow Head Pass. With respect to distance it was estimated that from Burrard Inlet to Montreal will be 633 miles less than from San Francisco to New York.

It was at the same time estimated that the Canadian route would bring New York, Boston and Portland from 300 to 500 miles nearer the Pacific coast at Burrard Inlet than these cities now are, with San Francisco as the terminal point of the Union Pacific. The distance from England to China would be more than 1,000 miles less by the Canadian than by the American line.

Ten routes have been opened for consideration, all of which terminate on the coast of the mainland at seven distinct harbors, and they all converge to Yellow Head Pass. The line is located with sufficient accuracy to admit of the construction of the overland telegraph. In this way of survey upward of one thousand men were employed, and the routes explored amount in the aggregate close on to 46,000 miles, of which 11,500 have been laboriously measured, yard by yard, through mountain, priarie and forest, with spirit level, chain and transit. In conclusion, Mr. Fleming says that although several routes from the mountains to the coast are available it cannot be claimed that any line has been found upon which, in some parts of its course, no serious difficulties are met.

The inferences to be drawn appear to point conclusively to a choice of two distinct courses—the selection of one of the two routes which first reach the Pacific waters at Burrard Inlet and at Bute Inlet, or the postponement of a decision respecting the terminus until a further examination is made on land and water to determine a more eligible route.

### Peterboro' and Hillsboro' Railroad.

Negotiations which have been in progress for some time to obtain $50,000 for immediate use in the construction of the Peterboro' and Hillsboro' Railroad were satisfactorily completed on the 22d ult., and active operations were commenced on the following day. In noticing this fact, a correspondent of the Boston Journal, writing from Concord, N. H., under date April 23d, says:

There was much congratulation among citizens this morning over the announcement that financial arrangements had been completed that would insure the immediate building of the Peterboro' and Hillsboro' Railroad. This important project for giving the southwestern portion of the State a direct and easy communication with Concord has long engaged the attention of sagacious men, but it was not until a few months ago that the way began to clear up for a speedy realization of the scheme. To-morrow morning Hon. A. M. Shaw of Lebanon, the contractor, in the presence of Hon. Jonas Livingston of Peterboro', President of the road, and others, will break ground at Hillsboro' and Deering, and immediately afterward large gangs of men will commence the work. By the conditions of the charter $50,000 must be expended by the first day of May, and if the grading up to that time does not amount to that sum, then the balance can easily be expended in the purchase of iron and materials.

The enterprise will be rapidly pushed forward and the fact that Mr. Shaw is the contractor will be all the guaranty the public will want, that the scheme will not be permitted to lag in any particular. The corporation will be supplied with funds as fast as they are needed. The road will be about eighteen miles in length, connecting at Hillsboro' with what was formerly known as the

Contoocook Valley, but now consolidated with the Concord and Claremont and at Peterboro' with the Monadnock line, thus securing a grand through route via the Hoosac Tunnel to the West. It will also make connection with the Manchester and Keene road now building. The finances of the corporation are in a perfectly reliable condition. Concord gives a gratuity of $25,000, Peterboro' $22,000 and Hillsboro' $10,000. Then $100,000 has been arranged for through a first mortgage, while the Northern Railroad will promptly furnish the balance required and take a second mortgage. It is now a very favorable time for building the road on account of the cheapness of labor and materials, and it is understood that the road will be constructed for about $230,000. The road will probably be completed by December next. It will be run in connection with the Concord and Claremont line, which will make Concord the head quarters of the new route, thus augmenting the importance of this city as a railroad terminus and also tending largely to increase the business and make more perfect the centrality of the capital of the State. Many men have aided in securing public influence and means for the enterprise, but among them may very justly be mentioned President Livingston, Hon. Josiah Minot, Hon. Onslow Stearns, Hon. Nathaniel White, Col. E. C. Bailey, John E. Lyon, James R. Hill, Joseph B. Walker, Hon. Moses Humphery, Hon. L. D. Stevens, Asa McFarland, Gust Walker and George E. Jenks. It is a noticeable fact that Concord's three wealthiest men, Messrs. White, Walker and Hill, representing a couple of millions, are among the most diligent workers in the enterprise.

### Philadelphia, Wilmington and Baltimore Railroad.

The earnings of the Philadelphia, Wilmington and Baltimore Railroad for the years ending October 31, 1875 and 1876, were as follows:

| | 1875. | 1876. |
|---|---|---|
| From passengers | $1,690,722 15 | $2,294,622 22 |
| " freight and express | 1,051,692 69 | 915,498 82 |
| " rents | 9,801 80 | 9,256 60 |

| | | 923,960 00 |
| Leaving a surplus of | | $256,774 27 |
| From which surplus has been placed to renewal fund | | 250,000 00 |
| And placed to credit of revenue account | | $6,774 27 |
| Amount to credit of revenue account, October 31, 1875, was | | 538,608 23 |
| Amount to credit of revenue account, October 31, 1876, was | | $545,382 50 |

The gross receipts from traffic, including those of the New Castle and Wilmington Railroad and New Castle and Frenchtown Railroad, as compared with those of 1875, show an increase of $409,965 11, or about 13⅛ per cent. The operating expenses, taxes included, of the three roads, show an increase, as compared with 1875, of $29,-014 73, or about 1.6 per cent. The President in his report says:

The passenger receipts of the Philadelphia, Wilmington and Baltimore Railroad alone, were in excess of those of 1875 by $603,900 07, or about 35.7 per cent, while the passenger receipts of the New Castle and Wilmington and the New Castle and Frenchtown Railroads exceeded those of 1875 by only $4,364 96, or about 7¼ per cent. The receipts from freight traffic, as compared with those of 1875, in both cases including the receipts from same traffic upon the New Castle and Wilmington and New Castle and Frenchtown Railroads, show a decrease of $186,261 77, or about 15¾ per cent; and those of the Philadelphia, Wilmington and Baltimore Railroad alone show a decrease of $136,194 47, or about 13 per cent.

The increase in passenger receipts is attributable to the Centennial Exhibition, without which there would probably have been a decrease in passenger traffic as compared with 1875. For the half year ending 30th April, the passenger receipts of 1876 were less than those of 1875 by $58,721 75, or about 6¼ per cent.

The decrease in freight receipts was due, partly to a reduction of rates, and partly to a large diminution of the freight traffic of the Peninsula, as compared with that of 1875. Table "E" shows the variations of each year since 1866, in respect to the number of car loads moved, of peaches and of berries. It will be perceived that the great encouragement given by this company to the fruit-growers, has resulted in building up a large fruit trade, which we hope and believe is to be much increased with the growth of the Peninsula, which this company promotes by low rates of transportation for produce, and nominal rates for lime and manures.

The operating expenses of the Philadelphia, Wilmington and Baltimore Railroad, given in detail in Table "A," include a charge of $34,274 50 for new locomotives to make good any depreciation in this class of equipment; and also the cost of renewing in steel all worn out iron rails, to the extent of 785 tons, or 8½ miles single track. There was also charged to expenses for repairs of stations, more, by over 30 per cent, than was charged to that account on an average of five years past, and in this way the value of the station buildings has been fully maintained. It will be seen that the operating expenses, exclusive of taxes, amounted, on the Philadelphia, Wilmington and Baltimore Railroad, to a fraction less than 50 per cent of the gross receipts from traffic of the year; and exclusive of taxes, amounted to about 52 per cent of those gross receipts.

The amount paid for interest, ground rents, etc, in excess of interest, dividends, etc., received, was this year $15,234 against $141,490 37 in 1875. This reduction was caused by an increase in revenue, derived mostly from the company's investments in securities of other railroad companies which have been held for many years without cash profit. Henceforth there is reason to expect from such sources an annual income which will materially aid in paying the interest upon the bonded debt of this company, although probably not to the same extent as during the past year. In this connection it may be noted that this company had no floating debt at the close of the fiscal year.

It will be seen by table "B" that certain expenditures, other than those for operating expenses, taxes, and interest, were made during the year, to the extent of $365,836 13, in respect to which the following explanation is made:

1. In anticipation of an increase of passenger traffic, due to the Centennial, the passenger car and locomotive equipment was added to, to the extent of $206 843 39. This was exclusive of cars and engines built to keep the equipment fully up to its usual condition, the cost of which was charged to operating expenses.

2. A portion of the road hitherto unfenced, was fenced at a cost of $11,566 35.

3. A coal shed, with facilities for coaling our locomotives, was erected at Gray's Ferry, at a cost of $8,033 98.

4. There were introduced Rousseau's Block Signals, at a cost of $9,909 61.

5. A new station house was built at Principio and charged to repairs of stations; but before it was occupied, it was burned. The second one, built to replace the first, cost $3,897 97.

6. A break on the Delaware Railroad, caused by breakage of a reservoir, was repaired, and a portion of the cost, to the extent of $155, is charged herein.

7. The freight business of the company has for many years, been transacted in the passenger station in Philadelphia, much to the inconvenience of passengers and of the company. This year a substantial freight house, 440 feet by 100 feet, was constructed in brick and stone, with slate roof. It has a "head house," which affords office for the freight department and for officers of the Philadelphia and Baltimore Central Railroad Company. Large and well-contructed additions were made to the passenger station, including a second story to the "head house," which now affords accommodations for the engineering department, fire safes, ticket offices, and other

rooms, the want of which has been much felt from year to year, as our business became larger and more complicated. New and commodious waiting and refreshment rooms for passengers take the place of the platforms formerly used for freight, and fair provision for the comfort of passengers has now been made. In making these improvements, together with introducing steam heating apparatus, laying new tracks, and covering vacant areas with stone pavements, there was expended the sum of $208,695 23, of which is charged to expenditures, as per Table "B," the sum of $78,695 23.

8. Additional right of way was obtained upon that portion of the road called the Darby Improvement, and tracks and station houses were added, at an outlay of $41,675 30.

9. New side tracks were added to the second track, costing $5,559 30.

The amount necessary to meet the shrinkage in market value of material on hand, or $15,756 48, was charged to the expenditure of the year. Also the difference between the amount subscribed for Centennial stock and the proceeds from sale thereof.

The Delaware Railroad lease, recently renewed for twenty-one years, provides that this company shall work that road while paying rent therefor; which rent is fixed at 6 per cent. of the stock and debt of the Delaware Railroad Company. If the earnings from traffic on the Delaware Railroad, after deducting operating expenses, prove insufficient to meet the rent, the deficiency is a charge upon the future earnings of the Delaware Railroad, whenever these prove more than sufficient to pay the rent. It was found impracticable to keep such an account of operating expenses, as would satisfy the lessor, and some years since it was agreed to commute this cost at 70 per cent. of the gross receipts, which is a fair allowance on an average. For some years the actual cost has been slightly less than 70 per cent. of the receipts; but during the fiscal year now reported, when the gross receipts of the Delaware Railroad were less than those of the previous year by the sum of $118,015 25, or over 23 per cent., it was found impracticable to reduce the expenses to 70 per cent. of the receipts, and the difference, or $25,693 09, has been charged as part of the annual expenditure of the Philadelphia, Wilmington and Baltimore Railroad Company.

The number of our locomotives is now seventy eight, including a few nearly worn out, while in 1864 we had but forty-nine. The engine houses of the company were insufficient to contain our present stock, and one new engine house has been built at Wilmington and one at Gray's Ferry. The entire cost of these to date, together with a portion of the cost of new freight house in Philadelphia, and of the additions to the passenger station in Philadelphia, have been added to the cost of "Road" to the extent of $265,081 08, as per Table "D," to which reference is made.

Your directors have habitually caused to be charged to expenditures, rather than to "Road" (or construction account), the entire cost of new and additional buildings and equipments, as well as the cost of replacing iron rails by steel rails, wooden bridges by iron bridges, and similar additions to the property. They have done this under the belief that a truly conservative policy forbids additions to the "Road" (or construction account). This year, however, having charged to operating expenses an amount amply sufficient to offset depreciation, and having, from the net earnings of the year, paid for additional equipments, etc., as per Table "B," the sum of $368,336 13, they deem it but right to charge to "Road" the four items set forth in Table "D," amounting to $265,081 08.

Reports of former years have informed the stockholders that, since the year 1871, a portion of the net earnings of each year has been placed to the credit of a renewal fund, to meet such expenditures of ensuing years as are not properly chargeable to the operating expenses of any one year. An instance of such outlay is found in the cost of replacing wooden bridges by iron bridges, as at the Susquehanna, the Christiana, and elsewhere.

| | | |
|---|---|---|
| By reference to Table "C," it will be seen that on 1st November, 1875, there stood to the credit of this account | | $177,716 22 |
| And that we expended during the year | | 131,259 66 |
| Leaving unexpended October 31, 1876 | | 46,556 56 |
| For the purpose of completing the changes at the Susquehanna Bridge, and meeting the cost of other work of a like nature, there has been taken from the net earnings of the year ending October 31, 1876, to the credit of this fund | | 250,000 00 |
| Leaving the balance to Renewal Fund. | | $296,456 56 |

During the year three spans of the Susquehanna Bridge, and also the bridge over the Big Elk, were rebuilt in iron. There remain but three spans and the draw of the Susquehanna Bridge to be rebuilt, a part, or the whole of which, will be completed during the ensuing year.

This company, as usual, has made all renewals of rails in steel. There were laid on the main stem in the past year 785 tons, or 8¼ miles single track, of steel rails. The length of single track remaining in iron is about 13 miles. Contracts for steel rails for 1877, have been made for most of this mileage, at a price 37½ per cent. under the price of iron rails in 1868. The economy of using steel instead of iron for rails upon your road, is well illustrated by the fact, that notwithstanding the heavy traffic of the year past, it has not required the use of a single ton of new rails to keep good the whole of the track so far as it is laid in steel. This fact is the more noticeable as this company commenced to lay steel rails in 1864, and for many years has laid no other in the main tracks.

Your directors think that the year past, has, on the whole, been a successful one. In consequence of the assiduous labors and skillful management of Superintendent Kenney and his subordinates, the unusually large business thrown upon the road, as a consequence of the Centennial Exhibition, was safely and successfully handled. The company is left at the close of the year with its property generally in good condition, with an equipment considerably in excess of its probable wants for a year or more to come, with but a small portion of the road still laid with iron rails, and the large expenditure necessary for the completion of the Susquehanna Bridge, and similar work, provided for in advance.

CONDENSED BALANCE SHEET, Oct. 31, 1876.

*Secretary and Treasurer.*—ALFRED HORNER.

*Assistant Treasurer.*—ROBERT CRAVEN.

### Southern Pacific Railroad.

SAN FRANCISCO, April 30.—On the arrival of the through train from San Francisco and East at Los Angeles last evening the first new schedule of trains was made upon the Southern Pacific Railroad for Fort Yuma, 250 miles distant. The crossing of the Colorado river is to be made at the present terminus, seven miles above Yuma, by means of barges, until the bridge structure is completed, for which timbers are going forward. The road will continue down the left bank to the mouth of Gila river, and follow the course of that stream across Arizona 150 miles. The steamships between Mexican ports on the Gulf of California and San Francisco will hereafter ply between the same ports and the railroad to Arizona City, which is near the Mexican boundary. The boats on the Colorado will do the same.

☞ The connecting link on the Portland and Ogdensburg Railroad between Cambridge and Burlington will surely be open by the 20th of June.

☞ The Peterboro' and Hillsboro' Railroad Company have voted to issue $100,000 first mortgage bonds and $75,000 second mortgage bonds.

### Vermont Central and Vermont and Canada Railroads.

Messrs. J. Gregory Smith, Joseph Clark, W. C. Smith, Benj. P. Cheney and Lawrence Barnes, as Receivers and Managers of the Vermont Central and Vermont and Canada Railroads, appointed by the Court of Chancery of Franklin county, Vt., having filed their accounts, as ordered by the Court, and objections to the same being made by various parties, Honorables Paul Dillingham, Dudly C. Denison and John L. Edwards were appointed special masters to hear objections and audit accounts. The hearing commenced at St. Albans, Vt., July 21, 1875, and was concluded October 29, sessions being held from time to time to suit the convenience of the parties.

The masters have just completed and filed their report, which is very elaborate and voluminous. It completely vindicates the managers and receivers from the various charges of fraud brought against them, and recites the history of the receivers' care of the property, and finds the accounts correct, with the exception of two or three items, testified about by the receivers, and shown to be technical or clerical errors or omissions. These the masters report on in accordance with the receivers' testimony, and find that the secret service fund, so called, was kept as a portion of trust funds, and was not used for improper purposes. The dealings of the receivers with the St. Albans Foundry Company are found without fraud, and the accounts are allowed. The masters find that the several parties in interest assumed to control the management and development of the property as they thought best, thus making the court nominally the guardian of the property, while in fact the parties in interest were its real guardians. They find that the books and business have always been open for the inspection of the parties in interest, and say that every facility for investigation was afforded them by the managers. In closing the report says:

We find the business of the trust, in many respects necessarily complicated and requiring great minutiæ, to have been done under a complete system and with great accuracy, and although some errors have occurred in some of the details, they are very slight compared with the great amount of business transacted.

The accounts are settled with trifling changes, in accordance with the settlement by the Advisory Committee, of the first and second mortgage bondholders from time to time as accounts accrued.

---

### Atchison, Topeka and Santa Fe Railroad.

The Directors herewith present their annual report of the company's affairs, accompanied by the reports of the Treasurer, the Superintendent and the Land Commissioner, for the year 1876:

| | |
|---|---|
| The gross earnings for the year, including those of leased lines, were | $2,486,582 66 |
| The operating expenses for the year | 1,175,489 01 |
| Net earnings | $1,311,093 65 |

Operating expenses, 47.27 per cent. of gross earnings.

| | |
|---|---|
| The estimated earnings for 1876 were | $2,182,160 00 |
| The estimated operating expenses were | 1,046,926 80 |
| Estimated net earnings | $1,135,233 20 |
| Net gain over estimate | 175,860 45 |

The comparative earnings and expenses of 1875 with those of 1876 are as follows:

| | | |
|---|---|---|
| Earnings for 1876 | $2,486,582 66 | |
| Earnings for 1875 | 1,520,358 31 | |
| | | $966,224 35 |
| Operating expenses for 1876 | $1,298,338 87 | |
| Operating expenses for 1875 | 776,430 98 | |
| | | 521,907 89 |
| Net gain for 1876 | | $444,316 46 |

These figures include expenses for taxes and increase of mileage for 1876.

It is evident from the above summaries, that the year has been a prosperous one in the history of the road. The large increase in the receipts over those of 1875 may be accounted for in part by the growth of business in Kansas, but it is mainly due to the benefit resulting from the two leases which your board made last year. One of these leased roads, the Pueblo and Arkansas Valley, gives us a large share of the through business of Colorado and New Mexico; and the other, the Kansas City, Topeka and Western, affords us the connecting link between our own road and the numerous lines running eastward from the Missouri river.

The expectations entertained by your Board in reference to these extensions have been realized.

The gain of net earnings—$175,860 45—over the estimate for the year is satisfactory.

The ratio of operating expenses to earnings has, however, been increased by extraordinary outlays on the Kansas City extension.

The Topeka Equipment Company, organized in accordance with the Company's circular of Jan. 29, 1876, to supply the large amount of additional rolling stock required to meet the increased business of the road, has been of great value to us during the year. The road has now ample facilities for transportation of every kind. The addition to our equipment during the year consists of 21 engines, 9 passenger, 8 baggage, and 337 freight and coal cars. The Pullman Palace Car Company has placed five of its new and best coaches upon our road.

The suit of the company against the United States for compensation for transportation has been decided by the Supreme Court in favor of the company. The amount due from the Government, Dec. 31, 1876, was $202,873 42. The detention of this money is a great hardship, but we hope eventually to recover it.

As the road, from its location, must continue to do a large amount of business for the Government, this decision of the Court is of great value to our corporation.

Considering the depressed condition of business throughout the country, the showing of the Land Department is gratifying. The sales of the year amount to 122,201.17 acres, aggregating, at the average price, $5 44½ per acre, $665,455 17.

In 1875 only 75,415.33 acres were sold, aggregating, at the average price, $5 59 per acre, $416,409 85.

The increase on acre sales in 1876 is 62 per cent.

The number of sales in 1874 was 656, in 1876 it was 893.

The average number of acres of each sale in 1875 was 114.97, in 1876 it was 136.82.

| | |
|---|---|
| The total business of the department in 1875 was | $598,219 51 |
| The total business of the department in 1876 was | 920,580 05 |

An increase of 60 per cent.

| | |
|---|---|
| The cash receipts in 1875 were | $217,710 41 |
| The cash receipts in 1876 were | 340,311 97 |

An increase of nearly 60 per cent.

One remarkable feature of this year's business has been the large cash payments on sales. The amount of cash on sales in 1875 was $69,525 99, while in 1876 it was $168,751 62, an increase of 142 per cent.

The cash received on deferred payments in 1875 was $148,184 42, and in 1876 it was $171,560 35, an increase of 15⅙ per cent.

Another noteworthy fact is that fully sixty per cent. of these sales of the year have been made, as the Commissioner states, "in the extreme western counties of our land grant now in the market where, four years ago, there were no settlements."

During the past year public attention to an extraordinary extent has been called to the section of the country which the road traverses by exhibit of Kansas products made at the Centennial Exhibition. That display excited the admiration and wonder of all visitors; and it cannot fail to produce valuable results to the company in directing seekers of Western homes to our lands.

It will be observed that the passenger traffic of the year has been much larger than that of 1875.

| | |
|---|---|
| Our passenger trains earned in 1876 | $715,699 93 |
| While they earned in 1875 only | 337,263 18 |
| Showing an increase of | $378,436 75 |

Or more than 112 per cent.

This great increase is attributable in a large degree to the extensive advertising which our attractive display at the Exhibition, together with that of Colorado, gave the road.

The number of passengers carried in 1876 was more than twice that of the previous year.

The earnings of the freight department verify the prediction in our last report that "the wheat crop will be fully one-third greater than in 1875."

| | |
|---|---|
| This year from freight we received | $1,688,107 33 |
| Last year | 1,116,749 44 |
| Showing an increase for 1876 of | $571,357 89 |

Or an increase of more than 51 per cent.

These figures indicate that the business of the road must continue to increase.

The local trade must necessarily grow as the lands become settled. The 122,000 acres sold during the past year become at once, like the half million acres previously sold, contributors to our treasury. The new State of Colorado is rapidly increasing in population, by the attractions of its climate, its mines, and its grazing lands, and the through business of the road must keep pace with this growth. The outlook is encouraging.

The Board have, after a careful investigation, adopted a pattern of steel rails, which they consider suited to the business of the road. They have already purchased 1000 tons of these rails, which are now being laid over those parts of the road where the tonnage is heavy; and they intend to substitute steel rails for iron as fast as possible, charging to new construction only the difference in price between steel and iron rails, and to operating account the balance of the expense.

In the statements of the Superintendent and of the Land Commissioner, every one interested in the property of the corporation will find satisfactory reasons for confidence in the present and prospective value of his investment.

By order of the Board,

THOMAS NICKERSON, President.

BALANCE SHEET, December 31, 1876.

| | | |

### Texas Railroads.

The following is an extract from the circular of Messrs. Forster, Ludlow & Co., Bankers, 7 Wall St., N. Y., for the month of May:

In Railroad mortgages the Texas Central 1st 7 per cent. gold bonds have again declined, under the receipt of a dispatch from Houston that Charles Morgan is not likely to assume the floating debt of the road, which, on investigation, turns out to be larger than at first supposed. Should no agreement take place, we cannot see what will hinder the road to go into the hands of a receiver, so much desired by the International Railroad people—in which case the bondholders will see lively times for their property. While we think the stock of the Central Railroad to be entirely worthless, and the second mortgage bonds not a great deal better, we are convinced that the first mortgage bonds are good, and that the road and its franchises are worth their face value. Should the road go into the hands of a receiver, the small bondholders will have to watch that no funding of coupons and payment of receiver's certificates take place; otherwise they will be sold out or swallowed up—a thing desired in certain quarters. Bonds advanced to 87½ to 88 under a brisk demand, but are now but 75-76 and likely to go lower; the 2d mortgage bonds sold at action at 52-52½.

The circular of the International and Great Northern Railroad Company, to which we referred last month, is now before us, from which it is very clear that the company is not in a prosperous condition.

Total 1st Mortgage bonds issued, including $960,000 said to be unsold, $8,308,000, upon which the interest is 7 per cent.—$581,560. The net earnings reported in 1876, $619,000, would seem to be sufficient to pay first charges. But if this is so, why was the interest due 1st April not paid, and why is it proposed to exchange coupons falling due July, October and January next into the 1st mortgage bonds of the company at par, when the bonds are worth but 65 cts.? Either the roads did earn the above-named sum net, and then the interest can be paid, or the amount was not earned, and then the coupons cannot be paid. The price of the International bonds has fluctuated between 65-70 cts.

The 1st Mortgage bonds of the Galveston, Houston and Henderson Road are not in better demand; 76-77 cts. is bid for them, and 79 to 80 asked.

Texas Western Narrow Gauge 7s are unsalable at 65 cts.; 50 is bid for the bond.

Very little was done in the 1st Mortgage 6s of the Harrisburg and San Antonio Railroad. The bonds are held firmly at 80 bid, 85 asked.

### Vermont and Canada Railroad.

At a meeting of the stockholders of the Vermont and Canada Railroad Company, held at Bellows Falls, Vt., on the 25th ult., the following resolutions were adopted by a vote of 11,727 to 3,208:

Voted, That the President of the Vermont and Canada Railroad Company, for the time being, be and is hereby authorized, with the approval of the directors and for such consideration as is hereinafter set forth, to make a conveyance of the said railroad and all the property, real and personal, and all claims and causes of action of said Vermont and Canada Railroad Company, and to affix the seal of the company thereto and acknowledge and deliver the same in the name and on behalf of the said Vermont and Canada Railroad Company; also to make any arrangement or contract with said Central Vermont Railroad Company that may, in the judgment of said directors, be necessary.

Voted, That the Directors are hereby authorized in their discretion, to receipt for the Vermont and Canada Railroad and other property, such consideration not being less than one and one-half millions of dollars in bonds of the Central Vermont Railroad Company, being part of seven millions of said bonds, secured by first mortgage on the Vermont Central and Vermont and Canada Railroad and their equipment; and also one-half million dollars in preferred stock, being part of two and one-half millions of such preferred stock, which preferred stock may be subordinate to one million guaranteed six per cent. stock, as in their judgment it may be for our interest to receive.

Voted, That until such conveyance, if any, shall be made, and such consideration received, the directors are authorized and requested to take such action as they may deem best to protect the rights of this company, and to interpose such defences to the petition of the Central Vermont Company and others now pending in the Court of Chancery in and for the county of Franklin, State of Vermont, for the sale of the Vermont Central and Vermont and Canada Railroads and property connected therewith, both in said Court of Chancery, and in the Supreme Court of the State Vermont, as they may deem to be for the best interests of this Company.

### Consolidation of the Southwark Railroad with the Philadelphia, Wilmington and Baltimore Railroad.

At a meeting of the stockholders of the Southwark Railroad Company held in Phildelphia on the 24th ult. for the purpose of taking into consideration the consolidation and merging of the Southwark Railroad Company into the Philadelphia, Wilmington and Baltimore Railroad Company, a vote for the adoption or rejection of the proposed consolidation resulted in 3955 votes being cast in favor of merging, and 22 against it.

President Hinckley moved that the Secretary of the Company certify the result of the vote and file the certificate thereof, together with a copy of the agreement, in the office of the Secretary of the Commonwealth of Pennsylvania, according to law.

The resolution was adopted, and the meeting adjourned.

The route of the Southwark Railroad is along Washington avenue, from Broad street to the Delaware river.

### Columbus and Maysville Railroad.

A certificate of incorporation has been filed with the Secretary of State of Ohio of the Columbus and Maysville Railway company, Southern Division, capital stock $350,000, in shares of $50 each. The incorporators are W. H. Wadsworth and others of Maysville, Kentucky; Chanbery Baird and Andrew King, Ripley, Ohio; D. W. C. Louden, Georgetown; S. P. Yeoman, Washington, and James Russell and five others, of Hillsboro. The point of the termini of said road will be Washington, Fayette county, Ohio, and the Ohio river at Ripley, in Brown county. The road will pass through the counties of Fayette and Highland, via the town of Hillsboro. The certificate also confers authority to construct a branch line from some point on its main line at or near Hillsboro, in Highland county, to the Springfield, Jackson and Pomeroy railway at or near Bainbridge, Ross county.

☞ Surveyors are engaged in laying out the route of the new "Philadelphia and Cape May Short line Railroad." From Camden it will run in a straight line to the West Jersey Road, at a point between north Vineland and Newfield. It will then follow the line of the West Jersey Road to Millville; thence via Port Elizabeth, Dorchester, and Mauricetown, to Goshen, and then by the Bay Shore to Cape May. The length of the road will be 72 miles, and will cost about $700,000.

☞ The Harlan & Hollingsworth Company of Wilmington, Del., have received the contract for another large steamer. It is to be built for Chas. Morgan, of New York, for whom the company have already built twenty-eight ships. It is to be a passenger and freight steamer, and is to ply between New Orleans and other ports.

☞ Messrs. MILLER & SMITH have removed from 43 Exchange Place to 62 and 64 Cedar Street, (between Nassau and William Streets), N. Y., where they solicit a continuance of patronage in all business relating to Railways.

# American Railroad Journal.

**Saturday, May 5, 1877.**

### Financial and Commercial Affairs.

Throughout the market the report is of an extremely liberal offering of Money to responsible borrowers, tending to the further depression of rates, in the absence of anything like an urgent inquiry for accommodation, whether for speculative or commercial purposes. Business at the Stock Exchange is fairly active but, as to values, unsettled and feverish. In mercantile lines the current movements are comparatively moderate, outside of the specialties of domestic produce, which are more directly influenced by the advices from Europe. Call loans are yet generally quoted at 2@4, with most of the important negotiations reported at 2@3 per cent; and very choice to strictly prime mercantile credits rated at 3½@5 per cent per annum. The City banks, last week, reported a further increase in their legal tender and specie reserves, as also in their deposits and circulation, with a decrease in the loan and discount item. The loan and discount average was reduced $1,875,900. The item of circulation was enlarged $12,100. The deposits were augmented $2,569,800; the legal tender reserve $2,968,800; and the specie average $280,200.

The City banks reported their average of gold last week at $20,584,500, as against $17,076,600 same date last year; and their greenback average at $48,865,000, as against $43,089,300 on April 30, 1876. Their deposits stood at $222,901,200, against $202,529,100 same time in 1876. The loan item was $255,733,800 against $252,117,200 a year ago.

The City bank net reserve of specie and legal

tender notes now shows an excess over the legal requirement of reserve to liabilities of $13,674,200, as against $11,067,650 the preceding week, $9,039,775 the week ending 14th April (the lowest footing of this item thus far in the current year,) and $24,781,800 on January 27 (which latter was the highest aggregate reached this year.) The City bank exchanges in currency reached $416,609,643, or a daily average of $69,434,940.

The U. S. Sub-Treasury in this city closed the week ending on Wednesday with a currency balance of $41,757,828, against $41,335,123 the preceding week; and a coin board of $81,717,190, against $76,827,467 on the previous return. The Customs revenue of the port during the past week was $1,953,000.

The U. S. Sub-Treasury receipts in April were $56,678,467 (of which $7,807,466 from custom); payments, $50,267,581, (of which $93,334 of coin interest.)

The aggregate of the outstanding U. S. currency of all denominations, May 1st, was $384,149,992. The outstanding amount of legal tender notes is $361,494,404. The National bank circulation is now $316,286,413 of currency notes and $1,428,920 of national gold bank notes.

National Bank notes received at the Treasury Department last week for redemption were to the amount of $5,890,000.

The income of the Government from internal revenues last week was about three millions, and since July 1, 1876, about 96⅛ millions; and from Customs last week about 2½ millions, and since July 1, 1876, about 108 millions.

On Wednesday of this week the cash balances of the Treasury Department at Washington were: of Currency, $8,395,145; special deposit of legal tenders for the redemption of certificates of deposit, $40,465,000; Coin, $103,439,740, including of Coin certificates, $49,712,700.

The total disbursements of the National Treasury in April (other than on account of the interest or principal of the public debt) were $9,760,775, including on account of civil and miscellaneous, $5,498,083; war, $3,447,882; navy, $451,884; interior (Indians and pensions), $367,927.

Gold has been less active, and ruling weaker as to price, the speculative interest deriving less advantage from the tenor of the foreign news. The Customs inquiry has been moderate, and the export drain unimportant. The extremes of the price during the week have been 106⅝@107⅛, closing on Wednesday at 107, as against 107 on Wednesday of the preceding week. The lowest point yet touched was 104¼, on Friday, March 2d. The specie outflow last week was confined to $257,737, (of which $153,800 in various forms to Liverpool and $102,937 to London,) making the total exports of specie hence since January 1, $4,853,631, against $16,053 347 the same time in the preceding year. The imports of specie at this port last week were $118,195, (of which $106,823 from Port au Prince,) and since January 1st $6,266,123 as against $1,546,529 same time last year. The Customs demand for gold last week averaged $317,262 per day. Foreign Exchange has been moderately dealt in, during the week, at variable prices, leaving off on Wednesday quoted generally firm. Bankers' sixty day bills on London closed on Wednesday at $4 87½@$4 88; sight bills on London at $4 89½@$4 90 to the £ sterling. The week's imports of Dry Goods and general merchandise were to the specie value of $7,244,064 as against $5,092,609 the corresponding week of 1876. The week's import entries of Foreign Merchandise at New York included $1,111,845 of Dry Goods and $6,132,219 of General Merchandise. The week's exports of Domestic Produce and Miscellaneous Goods from this port were $4,591,867, against $3,598,380 same week in 1876.

Government securities have been in comparatively good demand, on investment account, and generally quoted firmer as to price, though fluctuating slightly with the Gold premium. At the close the market was quoted quite strong, leaving off on Wednesday as follows:

United States currency sixes, 124½@125; do. 6s, 1881, registered, 113⅜@113½; do. coupon, 114⅜@114⅝; do. 1865, registered, 108; do. coupon, 108; do. new, registered, 110½@110⅝; do. coupon, 110½@110⅜; do. 1867, registered, 113⅛@113¼; do. coupon, 113⅛@113¼; do 1868, registered, 115@115½; do. coupon, 115@115½; do. ten-forties registered, 112¼@112½; do. coupon, 113@113¼; do. five-twenties, 1881, registered, 111⅛@111¼; do. coupon, 111@111¼; do. 4½ per cents, 1891, registered, 108⅜@108⅝; Central Pacific Gold Bonds, 108½.

The amount of U. S. bonds held by the Treasurer of the United States, as security for the National Bank circulation, is $340,363,600, and $18,998,000 as security for public deposits.

The liquidation of the national indebtedness in April was $4,315,509, making the total reduction since June 30, 1876, $29,080,528.

On Monday, at 3 o'clock, p. m., the Gold Exchange as a separate institution, ceased to exist. The room formerly used by the Gold Board, adjoining the Stock Exchange, has been leased by the latter, and will be devoted to Stock Exchange dealings in Gold and Government Securities, under the direction of the Stock Exchange.

State and Railway bonds have been attracting more attention from investment buyers and the more substantial loans have generally shown more firmness. And in the line of Railway and Miscellaneous share property the week's business has been on a more liberal scale, mainly on local speculative account, and prices have been quoted stronger, but quite variable, partly due to speculative manipulations.

Under the foreign news, the dealings in domestic produce have been much more liberal in amount, especially in the Breadstuffs and Provision lines, prices advancing sharply in these instances early in the week, but toward the close reacting, and on Tuesday falling off materially, on a pressure to realize. Cotton and Petroleum have been moderately sought after and quoted heavy and irregular.

The movement in Metals has been on a restricted scale with prices quoted generally barely steady, with Eglinton Pig Iron quoted at $24 75@$25; Glengarnock $26; Coltness $26 50@$27; No. 1 American Pig at $18 50@$20 50; No. 2 do. at $18@$19 50; Forge $18 50@$20 50; American Rails at works $36@$40; Old Rails $18@$20. Wrought Scrap $24@$26. Steel Rails, on the basis of $49@$50 at the mills. Ingot Copper in more request and quoted 19¼.

Hardware has been in less demand, but quoted steady. Boots and Shoes have been quite active and generally strong as to price. Dry Goods have been moderately sought after in most instances, with Domestic Cottons, and imported fabrics again quoted weaker in price.

Ocean freights have been quite brisk, and for Grain and Provision accommodation decidedly higher, closing however, weaker and unsettled. Liverpool steamer rates at the close for Grain 7@7½d. per standard bushel, as against 8½@9d. on Saturday April 28th. Provisions, 40s.; Tallow, 40s.; Oil Cake, 32s. 6d.@35s.; Leather, 60s. per ton; Cotton, $\frac{9}{32}$d. per lb., Liverpool, by sail. Cotton, $\frac{9}{32}$d. Grain, nominal. Oil Cake. 22s. 6d. Measurement Goods at 25s.@30s. Grain rates on charter hence for Cork and orders left off at 6s. 6d.; for the Continent, nominal; and from Baltimore for Cork and orders, 6s. 6d.@6s. 9d. per quarter. Refined Petroleum hence for Cork and orders, 4s. 6d.@4s. 9d.; for the Continent, 4s.@4s. 6d. per bbl.

**Bankers,**

No. 5 Nassau St., New York.

U. S. Government Bonds bought and sold in amounts to suit investors: also, Gold, Silver and foreign coins: Deposits received in Currency or Gold, and interest allowed on Balances: Special attention paid to Investment Orders for Miscellaneous Stocks and Bonds.

### Lake Shore and Michigan Southern Railway.

At the annual meeting of the stockholders of the Lake Shore and Michigan Southern Railway Company, held in Cleveland on the 2d inst., the following gentlemen were elected directors: William H. Vanderbilt, Augustus Schell, Samuel F. Barger, Cornelius Vanderbilt, William K. Vanderbilt, John E. Burrill, and Francis P. Freemen, of New York; Henry B. Payne and Amasa Stone, of Cleveland; Albert Keep, of Chicago; William L. Scott and Charles M. Reed, of Erie, Penn., and Rasselas Brown, of Warren, Penn. The officers are: William H. Vanderbilt, President; Augustus Schell, Vice President; E. D. Worcester, Secretary and Treasurer; C. P. Leland, Auditor; John Newell, General Manager; Charles Paine, General Superintendent; L. H. Clark, Chief Engineer; Addison Hills, General Freight Agent; J. W. Cary, General Ticket Agent, and A. C. Armstrong, Purchasing Agent.

The earnings of the road for the year ending December 31, 1876, were $13,949,176 62, against $14,434,198 76 for the previous year; the expenses and taxes $9,574,835 52, against $10,531,500 88; and the net earnings $4,374 341 10, against $3,902,697 88—showing a decrease in gross earnings of $485,022 14, a decrease in expenses of $956,665 36, and an increase in net earnings of $471,643 22. The total income (including $212,215 88 interest and dividends on assets,) was $14,161,392 50; and the total expenditures (including $2,646,180 interest on funded debt, $272,675 24 rental of leased roads, $53,350 dividends on guaranteed stock, and $1,607,661 25 dividends on ordinary stock,) were $11,154,702 01—leaving a balance of $6,690 49; which added to amount to credit of income January 1, 1876, makes total amount to credit of income December 31, 1876, $2,288,767 73. The capital stock amounts to $50,000,000; and the bonded debt to $36,000,000, a decrease during the year of $250,000.

☞ The Paducah and Memphis Railroad, extending from Paducah, Ky., to Memphis, Tenn., 168 miles in length, and having a capital of $2,927,150, and a bonded debt of $1,541,000, was sold by auction on the 30th ult., together with all the rolling stock, real estate and other property of the company in the interest of the first mortgage bondholders. But one bid of $105,000 was made, and it was knocked down to Henry W. Smithers, John T. Edmunds and Charles J. Canda, trustees of and under a certain agreement, made the 17th day of January, A. D. 1876, by and between certain creditors of the company. The object of the sale was to reorganize the company.

☞ Work has again been commenced on the Montreal, Portland and Boston Railroad, and it is said will be completed by the 1st of June from Montreal to Farnham, at which point it will connect with the Southeastern and Passumpsic Railroads. It is also proposed to continue the line from Farnham south to connect with the Portland and Ogdensburg at Sheldon. People along the line are very enthusiastic, and promise large amounts of municipal and private aid. The road will be an important one. It runs through a very rich agricultural country which alone will give it an immense amount of local traffic.

☞ A meeting of the stockholders of the Washington City and St. Louis Narrow Gauge Railroad Company was held at Harrisonburg, Va., on the 25th ult. The president's report states that $157,000 has been paid up and expended in the construction of the road. P. B. Borst was re-elected president, and P. B. Borst, A. Broadus, B. F. Grayson, Lucius Stephinson, Samuel Shacklett, Jos. S. Loose, J. L. Sibert, directors.

☞ The Wilmington and Western Railroad, running from Wilmington, Del., to Landenburg, Pa., 19.92 miles, was sold at public sale to the first mortgage bondholders on the 25th ult. for $5,000. The stock in the road amounts to about $250,000, and there is $90,000 of floating indebtedness.

☞ The sale of the New York and Oswego Midland Railroad, which was to have taken place on the 27th of April has been postponed to the 29th of June.
